B1 MASTERY — Cl 35/44 — GRAMMAR — HOJA DE RUTA

Sesion 35/44 · 110 min · 8:00-10:00 AM · Bloques: B1 20' + B2 40' + B3 35' + B4 15' = 110 · 100% ingles

Modulo: B1 Book **M3 "Deduction"** (Guia 1 p.23 — COMPRIMIDO, ver nota interna) + B1 Book **M4 "The Third Conditional — What Would You Have Done?" COMPLETO**: Guia 1 Straight (p.29-31) + **Guia 2 Mixed (p.33-35)** + **Guia 3 The Conditionals Compared (p.37-39)**

Focus (1 line): Close M4 whole — straight (the result died in the past), mixed (the result is missing today), and the full 0/1/2/3 ladder in one table.

Virtud: JUSTICIA v2 — dia 5 de 5 (CIERRA el bloque Cl 31-35)

Frase del Dia: *"Justice closes by measuring the past honestly: if we had asked, we would have known then — and if we had listened, we would know today."*

> ***DE PIE: Bloques 1-3 completos (~95 de 110 min ≈ 86%; piso 70%). Solo Bloque 4 sentado.*** *Movimiento con contenido siempre.*

> ***TRAE HOY:*** *reloj, 2-3 marcadores, tu cuaderno (errores literales mas nombres, columna "llegada tarde"), el PASE que te dejo el docente de Conversacion al cierre de la Cl 34 y tu libro B1 y celular para la foto de inicio. NADA impreso: todo va al tablero o al papel del propio estudiante.*

HOY SOLO: M3 deducción comprimida (el bloque oral completo es de Conv, hoy a las 10:00) + M4 COMPLETO — recto (G1 p.29), mixto (G2 p.33) y la tabla comparada 0/1/2/3 (G3 p.37). NO TOCAR AÚN: could have / should have y los conectores de causa y contraste — eso es de Cl 36.

BLOQUE 1 — APERTURA (20') — DE PIE

Objective: re-fire two-option decisions + tags, then aim the whole third conditional.

8:00 EN PUNTO: foto del tablero con la Frase del Día ya escrita, al grupo de docentes. Esa foto es tu hora de inicio.

1. **Recuperacion (10', oral, DE PIE, cadena, sin cuaderno).** Disparadores; errores anonimos al board; 1 min re-produccion:

- "either/neither/both — one true work decision each." (Cl 34 — two options)
- "Add the tag: 'We can start, ___?'" (Cl 34 — tags)
- "Superlative + honest degree: 'the most reliable / not very fast.'" (Cl 32)
- "Fix it: 'the most best'." (Cl 32)

2. **Recordatorio del video, UNA frase (30 seg) — NO es chequeo nombre por nombre.** El video diario lo asigna y lo revisa Conversacion a las 10:00, con su lista y UNA mejora por video. Tu solo dices: *"Yesterday's video was due before seven p.m. Conversation checks it at ten o'clock."* Y sigues; los minutos que libera pasan a la recuperacion.

3. **Frase del Dia (4').** Board antes; 2 lecturas + coro + 1 solo; 3+ inserciones. Señala: *"Two halves. 'We would have known THEN' — the result died in the past. 'We would know TODAY' — the result is missing right now. Same 'if', two different worlds. That is today."*

4. **Revision tarea (3'):** 6 frases tags + either/neither/both (Cl 34) sobre la mesa; recoge. **PASE de Conv (Cl 34, dejado al cierre de la clase anterior)** leido: los gaps son tus blancos. Di: *"Paper first today: the deduction in one table, then the whole third conditional — including the two guides nobody has seen yet. At ten o'clock you speak it."*

*> [VIRTUD] Board: "JUSTICE — DAY 5, CLOSING". *"A fair judgment names the real consequence: what we lost then, and what we are still missing now. Justice closes today."*

BLOQUE 2 — DEDUCTION (COMPRIMIDO) + STRAIGHT vs MIXED (40') — DE PIE ~90%

Objective: lock M3 fast, then split the third conditional into its two consequences.

2A — M3 DEDUCTION — LOCK, NO RE-TEACH (12')

1. Board — cita del libro (M3, Guia 1 p.23), corto:

```
DEDUCTION (B1 Book M3, p.23)
very certain MUST "He must be sick."
partial MIGHT / MAY / COULD "He might be sick."
certain opposite CAN'T / MUST NOT "He can't be sick."
+ be -ing: "He must be playing soccer."
+ have + participle: "He must have arrived already."
```

2. **Sin extenderte:** la tabla del libro y a producir — a las 10:00 Conv lo trabaja oral un bloque completo (40 min). Meta: **8 deducciones al board en 6 min**, escritas por parejas de pie; el grupo verifica UNA cosa: ¿el modal es proporcional a la evidencia?

3. **Errores tipicos (board, coro 2x):** "He must to be sick" -> "He must be sick" · "He can't have saw" -> "He can't have seen" · "must" con evidencia debil -> "might / could".

2B — THE TWO THIRD CONDITIONALS (28')

1. Board — cita del libro (M4 Guia 1 p.29 + Guia 2 p.33), **los dos moldes juntos**:

```
3rd CONDITIONAL — STRAIGHT (B1 Book M4, Guia 1, p.29)
IF + HAD + participle , WOULD HAVE + participle
"If I had studied... I would have passed the exam."

3rd CONDITIONAL — MIXED (B1 Book M4, Guia 2, p.33)
IF + HAD + participle , WOULD + BASE VERB
"If I had studied... I would work in Rome today."

EL LIBRO LO DICE ASI (p.33):
"In the 3rd conditional (straight), I did not study in the past and
consequently did not live in Rome in the PAST.
In the 3rd conditional (mixed), I did not study in the past and
consequently did not live in Rome in the PRESENT."
Ambos: la probabilidad es 0% — el pasado no se cambia.
```

2. Señala en 30 seg: *"The 'if' half NEVER changes — HAD + participle, always. Only the second half moves. Dead result, stuck in the past: WOULD HAVE + participle. Missing result, still hurting today: WOULD + base verb. Choose by asking one question: when does the consequence live?"*

3. **ZONE WALK — PAST RESULT vs TODAY (12', DE PIE).** Tablero en dos zonas: `RESULT DIED THEN (straight) | RESULT MISSING NOW (mixed)`. Tu cantas un hecho pasado + una consecuencia ("I didn't learn to program -> I don't work at a tech company today"); las parejas **CAMINAN** a la zona correcta **Y producen la frase completa** ("If I had learned to program, I would work at a tech company today"). El que llega justifica en 1 linea: *"the consequence lives today."* Velocidad creciente; ultimas 4 rondas solo con hechos reales de SU carrera.

4. **Errores tipicos (board, coro 2x):**

- "if I would have known" -> "if I HAD known" (nunca 'would' tras 'if')
- "if I had knew" -> "if I had KNOWN" (participio)
- "If I had studied, I would have work in Rome today" -> mezcla los dos moldes: **o** "would have worked" (entonces) **o** "would work today"
- "If I had studied, I will be an engineer" -> "I WOULD be an engineer"

5. **Produccion libre (6'):** cada uno toma **un solo hecho real de su pasado** y lo dice **en los dos moldes**: *"If I had taken that job, I would have earned more that year — and I would be a manager today."* Ronda completa, de pie.

BLOQUE 3 — THE CONDITIONALS COMPARED + THE EXIT INTERVIEW (35') — DE PIE 100%

Objective: build the full 0/1/2/3 table on the board, run real situations up all five rungs, then hold an HR exit interview in both third conditionals.

1. **CONSTRUIR LA TABLA (12', parejas al board).** Dibuja la columna izquierda VACIA (0 / 1st / 2nd / 3rd straight / 3rd mixed). Cada pareja sube y llena **una fila**: probabilidad + tiempos + un ejemplo propio. El grupo verifica contra el libro. Resultado — **el tablero central del dia** (foto obligatoria):

```
THE CONDITIONALS COMPARED (B1 Book M4, Guia 3, p.37)
COND | PROBABILITY | TENSES
0 | always true | if + present , present
1st | probable/certain | if + present , future
2nd | improbable/imposs | if + past simple , conditional
3rd straight| always impossible | if + past perfect , WOULD HAVE + part.
3rd mixed | always impossible | if + past perfect , WOULD + base

EL LIBRO (p.37): "The 0, 1st, and 2nd conditionals are used for
current or future situations. The 3rd conditionals are used for
past situations." · "The correct conditional depends on the
level of probability in the mind of the person talking."
```

2. **THE LADDER (8', circulo, DE PIE).** Un estudiante da **una situacion real de su trabajo**; el grupo la sube por los cinco escalones en orden, **una persona por escalon**, exactamente como el libro en p.38:

```
0: If Mark arrives on time, I am amazed.
1st: If Mark arrives on time, I will be amazed.
2nd: If Mark arrived on time, I would be amazed.
3rd straight: If Mark had arrived on time, I would have been amazed.
3rd mixed: If Mark had arrived on time, I would be amazed.
```

3 escaleras minimo. Si un escalon se rompe, la escalera vuelve a empezar desde ese escalon — sin regaño, solo se repite.

3. **THE EXIT INTERVIEW (12', 2 rotaciones de ~6').** Board: `HR EXIT INTERVIEW — "WHAT WOULD HAVE KEPT YOU?"`. Escenario profesional realista (RRHH, solo tablero y sala): una persona deja la empresa y RRHH le hace la entrevista de salida para entender que fallo. **1 guest = el empleado que se va**; otro estudiante rota como **entrevistador de RRHH**, que **debe preguntar en los dos niveles**: *"If we had offered you training last year, would you have stayed?"* (recto) y *"If you had been promoted in March, would you be leaving today?"* (mixto). El guest responde en el molde que corresponde y nombra el escalon: *"If my manager had listened, I would have stayed — that's third straight."* El resto = **OBSERVERS ACTIVOS** con conteo en el aire: dedos a la izquierda = recto, a la derecha = mixto; cada uno anota 1 molde mezclado, 1 acierto, 1 pregunta. Tu = COACH afuera, nunca guest ni entrevistador.

4. **Cierre JUSTICIA (3'):** *"Justice day five — one true line: 'If I had ___, I would be ___ today.' Name what is missing now, without blaming anyone."* — 2 respuestas maximo. *"Justice closes. Next class: Fortitude, day one."*

BLOQUE 4 — CIERRE (15') — SENTADOS

1. **Ticket de salida (5'):** 4-6 frases sobre SU trabajo: 1 deduccion (must o can't) + 2 tercer condicional **recto** + 2 tercer condicional **mixto** + 1 linea que diga **que numero de condicional** es una de ellas. Nombre en el papel. Se recogen TODOS; sin evaluar; viajan con el error paper.

2. **Tarea (board):**

```
HOMEWORK CL 35 GRAMMAR — DUE Cl 36, BEFORE 7:00 PM
TIME: 15-20 min (B1) — the written task only. The video is Conversation's.
NOT fragmented.
(1) WRITE about real past work decisions:
1 deduction (must, might/could or can't)
2 third conditional STRAIGHT (result died in the past)
2 third conditional MIXED (result missing today)
+ 1 FULL LADDER: one situation written on all five rungs
(0 / 1st / 2nd / 3rd straight / 3rd mixed).
Underline "would have" in the straight ones and "would" in
the mixed ones.
(2) DAILY PORTFOLIO VIDEO — ONE video a day, NOT two: today's is the
one CONVERSATION assigns today at 10:00. Send it TODAY to the
cohort WhatsApp group. Audio only by exception (max 2 a week).
(3) Bring the paper and YOUR B1 book to Grammar Cl 36.
```

> ***Tarea escrita de 15-20 minutos (regla desde Cl 3): con el video diario de Conversación el total del día no pasa de una hora. Si alguien dice que no tiene tiempo: una sola frase,*** **"Twenty minutes on paper, three minutes on video. That is the whole day."** ***El video es DIARIO y es UNO solo: hoy es el que asigna Conversacion a las 10:00 — aqui no se pide un segundo video.*** *Si alguien pide fragmentar o dice que no le dio tiempo, respondes una sola frase y sigues: *"This is what your level requires. We don't lower the bar — we raise your stamina."* Ese video abre con las 3 frases del LISTEN FIRST (2 minutos de otro acento) que asigna Conversacion; tu no pides nada aparte.*

3. **Error paper** anonimo cerrado; nombres/citas al reporte.

4. **Anuncio de cierre:** *"At ten o'clock you have CONVERSATION with the other teacher: today's rules, out loud, in a real work situation. Your video is assigned there."*

5. **PASE al docente de CONVERSACION (Conv Cl 35, HOY a las 10:00) — se lo entregas EN PAPEL en el cambio de bloque**, antes de que arranque Conversacion. No se pasa de palabra: el bloque siguiente lo dicta otra persona. Llenalo mientras el grupo escribe el ticket:

```
PASE Grammar -> Conv — Cl 35 (HOY, a las 10:00)
3 gaps escritos de hoy (literal, sin nombre aqui):
1. _____ 2. _____ 3. _____
Patrones bajo presion en papel: (a) "if I would have known" (would
tras if); (b) "if I had knew" (participio); (c) moldes mezclados
("would have work today"); (d) mixto no elegido cuando la
consecuencia es de HOY.
SELLADO HOY EN PAPEL: M3 Deduction (tabla, comprimida: el bloque
oral completo es TUYO) + M4 COMPLETO (recto p.29 + mixto p.33 +
tabla comparada p.37). Tu bloque USA oral la deduccion y el RECTO:
no vuelvas a explicar la regla. Gaps (a)-(b) = tus blancos orales.
TAREA QUE DEJE: 5 frases + 1 escalera, due Cl 36 antes de las 7:00 PM.
El video del dia lo asignas TU (abre con LISTEN FIRST).
Virtud: JUSTICIA v2 dia 5 — CERRADA en mi pista; cierrala igual.
```

Checklist salida: ■ Reporte firmado ■ Error paper recogido ■ Tickets recogidos (TODOS) ■ Foto de la TABLA COMPARADA del board ■ Fotos/videos (exit interview) ■ PASE entregado ■ ~86% DE PIE confirmado ■ Recordatorio del video dicho (el chequeo es de Conversacion) ■ Foto de inicio enviada a las 8:00

ANEXO — VERBATIM DEL LIBRO + PLAN B + NOTA INTERNA

M3 — Deduction (Guia 1 p.23; Ejemplos p.24)

Regla verbatim p.23: *"The verb depends on the certainty the speaker feels: Very certain -> Must ('He must be sick'); Partially certain -> Might / May / Could; Very certain of the opposite -> Can't / Must not." + "'He must be playing soccer.' / 'He must have arrived already.'"*

Ejemplos p.24: *"Sam must have arrived last night. His car is here." · "The boys can't be playing soccer. I have their ball."*

M4 Guia 1 — Third Conditional STRAIGHT (p.29; Ejemplos p.30; Ejercicios p.31)

Verbatim p.29: *"The 3rd conditional (straight) refers to something that did (or did not) happen in the past, and therefore, a certain condition did (or did not) exist in the past. Clause with 'if': HAD + PARTICIPLE / Conditional clause: WOULD HAVE + PARTICIPLE. 'If I had studied… I would have passed the exam.' ... The probability of studying is now 0%, because past events cannot be changed."*

Ejemplos p.30: *"If you had woken up on time, we wouldn't have been late." · "If the pilots had gone to the airport, they would have arrived on time." · "If we had asked the teacher, would he have told us the answer?"*

M4 Guia 2 — Third Conditional MIXED (p.33; Ejemplos p.34; Ejercicios p.35)

Verbatim p.33: *"The 3rd conditional (mixed) is very similar to the 3rd conditional (straight). But, it refers to something that did (or did not) happen in the past, and therefore, a certain condition does (or does not) exist in the present/future." — "If I had studied… I would work in Rome today." — "Therefore, I did not study (in the past), and consequently, I do not live in Rome today."*

Contraste verbatim (recuadro p.33): *"In the 3rd conditional (straight), I did not study in the past and consequently did not live in Rome in the PAST. In the 3rd conditional (mixed), I did not study in the past and consequently did not live in Rome in the PRESENT."*

Ejemplos p.34: *"If you had been on time, I would be amazed." · "If we hadn't met, my life would be very sad." · "If you had lived in Colombia, you would know Spanish." · "If the boys had studied medicine, they would be doctors today." · "If you had asked for directions, where would you be now?"*

M4 Guia 3 — The Conditionals Compared (p.37; Ejemplos p.38; Ejercicios p.39)

Verbatim p.37: *"You have now learned all the conditionals! Let's review them all in one table."* · fila 3rd (straight): *"If (past perfect) + (present perfect conditional) — 'If you had helped Ana, she would have been happy.'"* · fila 3rd (mixed): *"If (past perfect) + (conditional) — 'If you had helped Ana, she would be happy.'"* · cierre: *"Remember; the correct conditional depends on the level of probability in the mind of the person talking. The 0, 1st, and 2nd conditionals are used for current or future situations. The 3rd conditionals are used for past situations."*

Ejemplos p.38 (escalera completa): *"0: If I have money, I buy lunch. / 1st: ...I will buy lunch. / 2nd: If I had money, I would buy lunch. / 3rd straight: If I had had money, I would have bought lunch. / 3rd mixed: If I had had money, I would buy lunch."*

PLAN B (sin material)

• Sin board: el profe dicta los dos moldes y la tabla fila por fila; la escalera se corre de memoria en cadena de pie.

• Si a los 25 min el mixto no aterriza: **cierra hoy con recto + tabla comparada** y corre la escalera solo hasta "3rd straight"; el mixto entra como primer bloque de recuperacion de Cl 36. Mejor 2 moldes limpios que 3 borrosos. **Reportalo a coordinacion** — el mixto NO puede quedar sin dictarse otra vez.

• Grupo chico (<4): el profe hace de entrevistador de RRHH en el exit interview (solo en este caso); guest fijo = el empleado que se va; el resto observa con el conteo recto/mixto. La tabla la llena el grupo entero, no por parejas.

• Sin caso propio: caso neutro del board ("A senior analyst is leaving after three years without a raise").

NOTA INTERNA (no leer en clase)

• **POR QUE SE REESCRIBIO ESTA CLASE:** la version anterior cubria M4 **solo Guia 1** (recto, p.29-31) y mandaba Guia 2 (mixto, p.33-36) y Guia 3 (comparada, p.37-40) a "refuerzo opcional si sobra tiempo". Verificado contra `Libros/Libro B1.pdf`: **esas dos guias no se dictaban en ningun punto del track** — Cl 36 salta a M5 Perfect Modals. Era un hueco real del programa, no una decision. Hoy M4 se cierra **completo**.

• **M3 COMPRIMIDO — justificacion (ajustada al orden real 8:00/10:00):** M3 se produce oralmente HOY a las 10:00 en el Bloque 2 completo de `B1_Clase35_CONV_PRINT.md` (40 min de deduccion sobre pistas reales), y **Cl 36 lo recicla** en su recuperacion ("Deduce: 'His coat is gone. He must ___.'"). Por eso aqui M3 queda en **lock de 12 min: tabla del libro + 8 deducciones**, ahora ANTES del bloque oral y no despues; las 28 min liberadas + el Bloque 3 entero se van a M4 completo. La cobertura de M3 (regla + ejemplos + produccion) queda intacta entre este lock y Conv. `SUPUESTO DE PLANEACION — verificar`: con Grammar primero, el lock de M3 deja de ser repaso de algo ya hablado y pasa a ser la primera vista de la regla; si coordinacion ve que 12 min no alcanzan, la alternativa es subir 2A a 15 min recortando la produccion libre de 2B.

• **ERRATA DEL LIBRO — leer antes de clase.** En la tabla de la Guia 2 (p.33) el libro rotula la clausula condicional del **mixto** como *"WOULD HAVE + PARTICIPLE"*. Es un error de copia arrastrado de la Guia 1: la columna en español de esa misma tabla dice *"VERB + -ÍA, -ÍAS, -ÍAMOS, -ÍAN"*, el ejemplo de la propia guia es *"I would work in Rome today"*, los 22 ejemplos de p.34 usan **WOULD + verbo base**, y la Guia 3 (p.37) confirma la fila *"3rd (mixed): If (past perfect) + (conditional)"*. **Enseñar WOULD + BASE.** Si un estudiante señala la tabla, el profe reconoce la errata y muestra p.34 y p.37.

• Modulos HOY = M3 (p.23-25, comprimido) + **M4 completo (p.29-31 recto, p.33-35 mixto, p.37-39 comparada)**, verbatim en anexo.

• Recuperacion N-3 = Cl 32 (superlativos/ranking); N-7 = Cl 28 (phrasal verbs). **(SUPUESTO DE PLANEACIÓN — verificar: cierre A2 Cl 27-33 en re-mapeo paralelo; estructuras reales del tramo final A2, numero de clase ajustable.)**

• **Frontera de salida:** M4 queda CERRADO — Cl 36 abre M5 (p.43-49) + M6 (p.53-60) sin deuda pendiente. Si se aplico el Plan B (mixto no dictado), coordinacion debe reprogramarlo antes de Cl 40.

• **B3 ES DISTINTO DEL DE CONV CL 35 PORQUE:** a las 10:00 es **WHAT WOULD YOU HAVE DONE?** — post-mortem de equipo sobre una decision pasada, roles quien reporta el caso mas quien pregunta, carga solo tercer condicional RECTO. Aqui es **THE CONDITIONALS COMPARED + THE EXIT INTERVIEW** — tabla 0/1/2/3 y escalera de cinco escalones, luego entrevista de salida de RRHH, roles empleado que se va mas entrevistador de RRHH, carga obligatoria RECTO y MIXTO en la misma pregunta, el guest nombra el escalon y los observers llevan un conteo recto / mixto que no existe en Conv Cl 35. Ni el titulo, ni los roles, ni el guion, ni la carga gramatical se repiten. `Fair post-mortem` (el B3 anterior de esta

guia) queda retirado porque duplicaba el de Conv.

• DE PIE ≥70% (piso validado 86%): Bloques 1-3.

• Virtud: JUSTICIA v2 dia 5 CIERRA hoy (calendario absoluto). Cl 36 abre FORTALEZA v2 dia 1.

• Cronograma: Cl 44 = FINAL (evaluador externo, NO se genera guia ese dia). NO comunicar evaluaciones — coordinacion.

• **Orden real del dia (hoja de arranque 13/10):** Grammar 8:00-10:00 primero y Conv 10:00-12:00 despues, el MISMO dia. PASE Grammar Cl 35 -> Conv Cl 35 en papel a las 10:00; Conv Cl 35 -> Grammar Cl 36 al cerrar a las 12:00. UN solo video diario: lo asigna y lo revisa Conversacion (chequeo con UNA mejora por video; abre con LISTEN FIRST); Gramatica solo recuerda la due date. Tarea escrita a la mitad (15-20 min) para que el dia completo no pase de ~1 hora. Foto de inicio a las 8:00 al grupo de docentes.
