> **STRICT INTERNAL RULES** (read before class):

> - **NO Final items revealed.** Only the STRUCTURE (sections + minutes). Coordination owns the content + criteria + proctor.

> - **Today is the last class with the regular teacher.** CI 55 is administered by an external evaluator from coordination — name this explicitly.

> - **No new homework with turn-in.** Only a personal pre-Final routine — no one collects it, no one checks it.

> - **No grade communication** from today's presentations or anything else. ***Coordination handles results.***

BLOCK 1 — OPENER — 10 min

(1 min) Welcome + frame

> ***Welcome to CI 54 of 55. Today is the LAST class with me as your regular teacher. The next class — CI 55 — is the Final, administered by an external evaluator from coordination. I am not the proctor. Today: walk-through of the Final structure (sections and minutes only — never items, never criteria; coordination owns those), a confidence-building mini-mock from the review arc, the error paper showcase from the 9 clusters, and a brief retrospective. JUSTICE v3 — day FOUR of five.***

(2 min) Phrase of the Day — on the board (already written)

PHRASE OF THE DAY — CL 54

"Justice day four — give yourself the cycle you
actually ran, give your future self the rest
you'll need, give tomorrow what tomorrow needs
— nothing borrowed from tonight."

Read once slowly. Cohort echoes 2×. Quick gloss: *"Three fairnesses today. Fair to yourself — own the cycle you ran; don't shrink it, don't inflate it. Fair to your future self tonight — the rest matters more than the late rewrite. Fair to tomorrow — tomorrow only needs what tomorrow needs; don't borrow tomorrow's energy tonight."*

(2 min) 60-sec mystery — fast diagnostic (CI 53 reflection only — NO homework today)

Open the envelope. Read aloud:

> ***60 seconds. From the previous class (CI 53 presentations — there was no homework): in ONE sentence, what is the ONE moment from any presenter (not yours) that stayed with you 24 hours later? Go.***

Pick 3 students at random. NOT graded — this is reflection. If anyone asks about scores: *"Coordination handles results — not me, not today, not tomorrow."*

(3 min) Warm-up — standing 30-second "ONE THING I DID WELL THIS CYCLE"

Everyone stands in a circle. Each student: 30 seconds to name ONE SPECIFIC THING they did well over the review arc (CI 42–53). Not "I improved" — specific: *"I stopped saying 'because so'." / "I started using past simple correctly with -ed." / "I learned to close a talk with a sentence, not a mumble."*

Move quickly. 5 students × 30 sec = 2:30. Buffer 30 sec.

Goal: anchor the cohort in WHAT THEY ACTUALLY OWN. Not abstract — concrete.

Phrase of the Day INSERTION #1: *"Give yourself the cycle you actually ran."*

(2 min) Bridge to today's content

> *"Today's block 2: the Final structure — sections and minutes only; no items, no criteria. Coordination owns the rest. Plus 8 mini-mock items from the review arc — calibration only, not evaluation. Block 3: the 9-cluster error paper showcase — teams compete correcting the most-common errors from the whole cycle. Block 4: retrospective — one word and one short clarifier per person — then CI 55 announce and a thank-you. No homework today. Let's start."*

BLOCK 2 — CONTENT OF THE DAY — 50 min — FINAL STRUCTURE + MINI-MOCK

(15 min) Final STRUCTURE walk-through — sections + minutes only

Write on the board (before class) AND read aloud:

FINAL — CL 55 — STRUCTURE OVERVIEW
(SECTIONS + MINUTES ONLY. NO items, NO criteria.
Coordination owns the rubric. External evaluator
from coordination administers — regular teacher
is NOT the proctor.)

Section 1: ~20 min (written component)
Section 2: ~30 min (listening component)
Section 3: ~25 min (reading component)
Section 4: ~25 min (oral component)
Buffer: ~20 min (entry, instructions, breaks, transitions)
TOTAL: 2h (the last 2 hours of the level — calendar fact)

What you control today:

- Pacing strategy: don't overspend on section 1.
- Calibration: do the 8-item mini-mock to check your own feel for the cycle.
- Rest tonight.

What you DO NOT control:

- Items. (coordination)
- Criteria. (coordination)
- Order in which sections run. (external evaluator decides)
- Your result. (coordination — released by them)

Read out loud once, slowly. Take 3 questions max. Frame for any question:

- *"What's in section 1?" → "That's coordination's. The structure is what I have for you — section 1 is ~20 min and written."*
- *"What grade do I need to pass?" → "Coordination handles criteria — not me."*
- *"Who's the evaluator?" → "Coordination assigns an external evaluator. You'll meet them tomorrow."*

> **DO NOT** say: which items, which topics, which book pages, sample questions, score thresholds, "easy section" / "hard section," what coordination usually asks.

(35 min) Confidence-building mini-mock — 8 items from the review arc

Sit. Hand out OR write the 8 items on the board, numbered. Cohort works in silence — each student writes their answer on their own paper. NOT GRADED — calibration only.

MINI-MOCK – CL 54 – 8 ITEMS (calibration, not evaluation)

- (1) Past simple of GO and present perfect of SEND.
- (2) Comparative of FAST and superlative of GOOD.
- (3) Passive of "they fixed it" (past simple).
- (4) Make a WHO question (subject Wh) about sending an email.
- (5) AT / ON / IN – fill: "I have a meeting ____ Monday ____ 9 AM ____ the office."
- (6) Causative – turn "the mechanic fixed my car" into causative past ("I HAD ____ ____").
- (7) Reported speech – turn "I will call you" into "She said..."
- (8) Conditional 2 – complete: "IF I ____ (have) more time, I ____ (travel)."

[ANSWERS – for teacher only, NOT on the board:

- (1) WENT / HAS SENT or HAVE SENT
- (2) FASTER / THE BEST
- (3) IT WAS FIXED
- (4) WHO SENT the email? (no DID – subject Wh)
- (5) ON / AT / IN
- (6) I HAD MY CAR FIXED
- (7) She said she WOULD CALL me.
- (8) HAD / WOULD TRAVEL]

15 min silent work. Then 15 min review — chorus call:

- You read item, cohort calls answer in chorus.
- Coach in real time: any wrong answer → 1 sentence on WHY the right answer + cohort echo 2×.
- No "right / wrong" tally, no scoring out loud. *"This is calibration — you know what you know."*

Last 5 min: each student silently marks on their own paper their own count of how many they got right — for THEMSELVES, not for collection. *"You know your number. That's yours. Coordination has no access to this paper."*

Phrase of the Day INSERTION #2: *"Give yourself the cycle you actually ran — not the one you wish, not the one you fear."*

BLOCK 3 — LIVE APPLICATION — 45 min — "ERROR PAPER SHOWCASE"

ONE activity, no format change for 45 minutes. The 9 cluster errors from the entire review arc — team competition to correct + post-mortem of own most-used wrong phrases.

(3 min) Setup

> *"Stand. Two teams — count off 1, 2, 1, 2. On the board I'm putting the 9 most-common errors from the review arc — one per cluster. Teams take turns correcting one error at a time. To correct: name the cluster, give the CORRECT version, give a NEW sentence in your own words. 2 points if all three; 1 point if 2 of 3; 0 if just the correction. After the 9 errors, each of you names YOUR own most-used wrong phrase from the cycle — out loud — and the corrected version. Justice day 4: own the cycle."*

(25 min) Team competition — 9 errors

Write on the board (before class — large, well-spaced, one per line):

ERROR PAPER SHOWCASE – CL 54 – 9 CLUSTERS (review arc)

- (1) X "I work here since 2020."
- (2) X "More fast than the email."
- (3) X "The report was hand in."
- (4) X "Who did sent the email?"
- (5) X "I have much emails."
- (6) X "I had my car fix."
- (7) X "He said me he was busy."
- (8) X "If she will come, we will start."
- (9) X "I can to go now."

Run:

- Teams alternate. Team 1 picks an error → names cluster + gives correction + a fresh sentence → score. Then team 2. Until all 9 are corrected.
- After each correction, ALL the cohort echoes the corrected version 1× in chorus.
- You score visibly on a corner of the board. NO student-name attribution to errors. NAMES only in personal notebook.

Expected answers (teacher reference):

- (1) Tenses -> "I HAVE WORKED here since 2020." (present perfect for since/for)
- (2) Comp+gerund -> "FASTER than the email." (1-syllable adj + -er)
- (3) Phrasal+pass -> "The report WAS HANDED IN." (past participle)
- (4) Questions -> "WHO SENT the email?" (subject wh – no DID, no -ED double)
- (5) Prep+art+quant-> "I have MANY emails." (countable plural = many)
- (6) 3rd-s/there/caus-> "I HAD my car FIXED." (past participle after causative)
- (7) Reported -> "He TOLD ME he was busy." (told + object)
- (8) Conditionals -> "IF she COMES, we WILL start." (no WILL after IF in Cond 1)
- (9) Modals -> "I CAN go now." (bare verb after modal)

(15 min) Post-mortem of own most-used wrong phrases

Sit. Round the cohort, 90 sec per student max. Each:

1. Names YOUR own most-used wrong phrase from the cycle (e.g., *"I used to say 'I can to go' until cluster 8."*).
2. Gives the corrected version (*"Now I say 'I CAN go.'"*).
3. Names ONE sentence you'll use in tomorrow's Final oral component that proves the fix (*"If they ask about my routine, I'll say 'I CAN handle the morning shift.'"*).

You note 1 phrase per student in personal notebook with NAMES. NOT for cohort.

Phrase of the Day INSERTION #3 during post-mortem mid-point: *"Give yourself the cycle you actually ran — own what you fixed."*

(2 min) Cohort close

Lead a brief applause for the cohort: *"Nine clusters fixed. Own the cycle."*

BLOCK 4 — CLOSE — 15 min

(5 min) Cohort retrospective — 1 word + 8-word clarifier per student, 30 sec hard stop

Sit. Round the cohort, 30 SECONDS HARD STOP per student (you time):

> *"30 seconds. ONE WORD that names what this level was for you — and ONE clarifier of no more than EIGHT words. Examples: 'Slow. The work was steady, not flashy.' / 'Stretch. Cluster 8 broke open what I was missing.' / 'Honest. I learned what I don't know.' One word + 8 words. Go."*

If a student goes over 30 sec: hand up at 30 sec → *"Thank you."* Move on. NO follow-up questions — protect the time.

You note each retrospective in personal notebook (NAMES) for coordination.

(3 min) Phrase of the Day close

1. *"Phrase from memory — one student."* Pick one at random.
2. *"Of the three fairnesses today (yourself / future self / tomorrow), which one needs the most attention tonight?"* Pick another at random.
3. *"JUSTICE day 4. One day of Justice left — CI 55 Final, tomorrow, coordination administers."*

(5 min) Personal pre-Final ROUTINE (NOT homework) + CI 55 announce

PERSONAL PRE-FINAL ROUTINE — TONIGHT + TOMORROW MORNING
(NOT homework — I do not collect this; nobody checks it.
This is yours.)

TONIGHT (45 min total):

- 10 min LIGHT READING — any English text you like (article, lyrics, book). Skim, don't study.
- 10 min — WRITE 5 sentences in YOUR own context — your work, your week, your plans. Mix tenses naturally.
- 5 min BREATHING — slow inhale 4 / slow exhale 6, repeated.
- SLEEP — at your normal hour. No late rewriting. No cramming.

TOMORROW MORNING:

- Normal breakfast.
- 5 min QUIET review of your 5 sentences from tonight.
- Arrive 10 min early — clear room.

RULE: NO new study tonight. NO new vocabulary list. NO mock exams. The cycle is done. Rest is the work tonight.

Read it aloud. *"This is yours. Nobody collects it. The point of the routine is not study — the point is rest."*

(2 min) CI 55 announce + thank cohort (verbatim)

> *"CI 55 — the Final — is tomorrow. Coordination administers it. An external evaluator from coordination runs the Final — I am not the proctor. I will not be in that room as your teacher tomorrow; you'll meet the evaluator at the door. Today was the last class with me as your regular teacher. The Final is 2 hours — sections + minutes you saw on the board today; items and criteria are coordination's. Result is coordination's. Calendar fact only. Today was JUSTICE v3 day 4. Tomorrow CI 55 is JUSTICE day 5 — and the cycle closes. No homework tonight — the routine I read is yours, no turn-in. Thank you — really — for the cycle you ran. See you outside the Final room tomorrow."*
