

B1 MASTERY — CLASS 25 GRAMMAR — Juan Diego

Session 25/44 · 1h50min · Block 2 (after Conv) · ~85% standing

Date: ____/____/2026 · Attending: ____/____

Module: A2 Book M34 — *How Much Does It Cost?* / Describing Prices (p.293–300)

Virtue: PRUDENCE day 5 of 5 (block CI 21–25) — LAST day; next class opens TEMPERANCE v2 day 1

Phrase of the Day: *"How much DOES the truth COST today? It costs nothing to ask, and everything to ignore — prudence on day five names the price."*

BLOCK MAP (110 min)

| # | Min | Block | Stand? |

| --- | --- | --- | --- |

| 1 | 4 | Mystery homework check | YES |

| 2 | 2 | Why today | sit |

| 3 | 4 | Phrase of the Day | YES |

| 4 | 5 | VATS Prudence day 5 (LAST) | YES |

| 5 | 7 | Peer Teacher (from Danna's pase) | YES |

| 6 | 12 | Book M34 STRUCTURE A "cost" + Board Race | YES |

| 7 | 16 | Walking Transformation between two structures | YES |

| 8 | 12 | Book p.296+298 STRUCTURE B "be" + "each" + Sorting + Absurd story | YES |

| 9 | 12 | Human line-up "DOES" + 3 stations | YES |

| 10 | 10 | Price Podium "Confirmed — that's the honest price!" + Speed Drill | YES |

| 11 | 12 | Error Paper + Phrase close | YES |

| 12 | 14 | Pase to Danna + Homework + Virtue change announcement + Close | sit |

Bring to class: A2 Book open at p.293 · Mystery envelope · Error Paper sheet · "PASE A DANNA — CL 26" blank sheet · Danna's pase (received before this block) · clock · personal notebook · **the card set described below.**

CARDS YOU PREPARE BEFORE CLASS (one-time, reusable for future cohorts)

Letter-size paper or cardstock, ~5cm letters. Same set used in 3 blocks (7 Walking, 8 Sorting, 9 Line-up). Plastic envelope after class.

SET A — STRUCTURE A "cost" trigger cards (3 cards):

DOES · DO · COST

→ Used in BLOCKS 7, 9 (line-up). The "DOES" card is the trigger — held when the structure uses the verb "cost".

SET B — STRUCTURE B "be" trigger cards (2 cards):

IS · ARE

→ Used in BLOCKS 7, 9. Held when the structure uses "be".

SET C — SUBJECT cards (6 cards):

the software · the printer · the parts · one hour of training · the team lunches · the certifications

→ Used in BLOCKS 7 (walking), 9 (line-up).

SET D — PRICE cards (6 cards):

\$30 · \$360 · \$12 each · \$200 · \$8 each · \$25

→ Used in BLOCKS 8, 9, 10 (answers).

SET E — SORTING zone labels (4 floor labels):

"STRUCTURE A (cost)" · "STRUCTURE B (be)"

"EACH (per unit)" · "TOTAL (no each)"

→ Used in BLOCK 8 (Sorting).

SET F — sorting sentence cards (8 cards):

8 sample sentences listed in BLOCK 8 sorting.

→ Used in BLOCK 8.

Total = ~29 small cards + 4 floor labels. Prep time ~30 min before first cohort. After that: reuse forever. If the class has more than 6 students, use 2 subject cards per student.

1. MYSTERY HOMEWORK CHECK — 4 min — STAND UP

Open the envelope. Read aloud:

> **"In 45 seconds, give me 2 sentences:**

> **— 1 with 'HOW MUCH + UNCOUNTABLE' (previous class M33): 'How much time do you have today?'**

> *— 1 with a QUANTITY answer (previous class M33): 'I don't have much time today.' / 'We have a lot of work this week.' / 'I have a little energy left.'*

> *Go!!"*

1 min silence → 3 students at random. Note in your personal notebook who did not bring homework.

2. WHY TODAY — 2 min — SIT

> *"Mystery: visible practice from previous class — 'how much' + uncountable.*

> *Phrase of the Day carries the EXACT M34 verb structure — 'how much DOES the truth COST?' + 'it costs ____'.*

> *Peer Teacher: errors from this morning's Conv — fresh, from Danna's pase.*

> *M34 DESCRIBING PRICES — TWO ways. (a) WITH 'COST' (verb): 'How much DOES + subject + COST?' → 'It costs \$X' / 'They cost \$X each'. The verb 'cost' needs 'do/does'. Past tense irregular: 'cost'. (b) WITH 'BE' (no helper): 'How much IS/ARE + subject?' → 'It's \$X' / 'They're \$X each'. Same price, two doorways. 'Each' = per unit. The question implies "how much money" but we do NOT say 'money' out loud.*

> *We work standing — board race, walking transformation, sorting (cost vs be / each vs total), absurd story, line-up with "DOES" card, stations, price podium, speed drill.*

> *VIRTUE: today is day FIVE — LAST — of PRUDENCE v2. Next class a new virtue block opens (TEMPERANCE v2 day 1).*

> *Limit: any question about Final results goes to coordination — not to me."*

3. PHRASE OF THE DAY — 4 min — STAND UP

Write on the board (before class):

PHRASE OF THE DAY — CL 25
"How much DOES the truth COST today? It costs
nothing to ask, and everything to ignore —
prudence on day five names the price."

(M34 structure visible:
STRUCTURE A — with "cost" (verb + does helper):
"How much DOES + the truth + COST?" (question)
"It COSTS nothing / everything" (answer)
STRUCTURE B — with "be" (no helper):
"How much IS it?" → "It's nothing/everything."
PRUDENCE day 5 (LAST):
"names the price" — honest, not hidden)

1. Read twice slowly.
 2. Cohort echoes 3×.
 3. Say: "How much DOES the truth COST?" — that is the EXACT shape with the verb 'cost'. The answer 'It COSTS nothing / everything' uses the verb. Previous class was 'how much + uncountable' (money, time). Today extends to PRICE: how much something COSTS, in dollars or in real terms. And 'prudence on day five NAMES the price' — closes the PRUDENCE block: name the real cost, don't hide it. Next class a new virtue block opens."
 4. "Stay standing. Listen — I will use this phrase three more times today."
-

4. VATS — PRUDENCE DAY 5 (LAST) — 5 min — STAND UP

> *"Day five — the LAST of PRUDENCE v2. Use 'how much does ____ cost?' honestly: 'How much does ONE honest hour of rehearsal really cost me this week?' / 'How much is ONE skipped class going to cost me in the Final?' / 'How much do my excuses cost — in time, in money, in respect?' Give a real price. Don't inflate. Don't shrink."*

Pairs 2 min. 2 students share 3 min.

Insertion #1 of Phrase of the Day: "That's PRUDENCE on day five — the honest price, with 'how much does ____ cost?' as the structure. Next class opens TEMPERANCE v2 — but today we close PRUDENCE with the price."

5. PEER TEACHER — from Danna's PASE — 7 min — STAND UP

Read aloud the 2–3 errors Danna wrote in her pase (probable patterns from Conv 'What Does It Really Cost?': "how much it costs?" (forgot 'does'); "how much costs the software?" (verb before subject); "it cost \$30" (forgot the -s in third singular); "each ones" (extra 'ones' after 'each')).

> *"Today's peer teacher is [name]. These errors are from this morning's Conv — fresh, from Danna's pase."*

Student: explains → corrects → cohort echoes 2×.

Applause. "Next class: [next name]."

6. BOOK M34 — STRUCTURE A "cost" + BOARD RACE — 12 min — STAND UP

Write on the board (before class):

M34 – DESCRIBING PRICES (A2 Book p.293)

"How Much Does It Cost?"

From the book (Guide 1 – Describing Prices, p.294):

"1. There are two ways to ask and give the price of something:"

"a. With the verb 'cost' (irregular past: 'cost')."

QUESTION with "cost":

How much | DOES | the car | COST?

→ "How much does the car cost?"

→ "¿Cuanto cuesta el carro?"

How much | DO | the cars | COST?

The question implies "how much money" but we do NOT say "money" out loud.

ANSWER with "cost":

It | COSTS | \$5 → "It costs \$5."

They | COST | \$5 → "They cost \$5."

KEY: STRUCTURE A (cost):

Q: "How much DOES/DO + subject + COST?"

A: "It COSTS \$X" / "They COST \$X each"

cost is a VERB; needs do/does in Q;

-s in 3rd person singular present;

past tense irregular: cost

(M35 does NOT exist in this book – M34 → M36 – same

way M30 → M32, M24 → M26, M18 → M20.)

Say it standing at the board: *"With 'cost': 'cost' is a verb, so the question needs 'do/does' before the subject. The answer uses the verb 'cost' itself: 'It costs 99 dollars'. We add -s for 'it costs' (3rd singular present), stays bare for 'they cost'."*

BOARD RACE — describing prices — 7 min — 2 teams

Two columns on the board. Dictate a wrong sentence; first student of each row runs to the board and writes it correctly. Cohort verifies. Rotate.

Round (dictate WRONG; they write RIGHT):

1. "How much it costs?"

→ "How much DOES it cost?"

2. "How much costs the software?"

→ "How much DOES the software cost?"

3. "It cost 30 dollars."

→ "It costs 30 dollars." (-s in 3rd sing pres)

4. "How much do the new printer cost?"

→ "How much DOES the new printer cost?" (singular subj → does)

5. "How much does the chairs cost?"

→ "How much DO the chairs cost?" (plural subj → do)

6. "How much do the certification costs?"

→ "How much DO the certifications COST?"

Insertion #2 of Phrase of the Day: *"'does' before subject; 'cost' as bare verb; 'It costs' with -s in the answer. Phrase first, then the rule."*

7. WALKING TRANSFORMATION — 16 min — STAND UP

Two zones in the room (tape labels on opposite walls):

• **COST zone (left):** STRUCTURE A — *"how much DOES + subject + COST?" / "It COSTS \$X"*

• **BE zone (right):** STRUCTURE B — *"how much IS/ARE + subject?" / "It's \$X"*

Hand each student **ONE slip card** with a price question in one structure.

Round 1 — Walk it — 8 min

Each student:

1. Stands in COST zone, reads the COST-structure question + answer aloud.

2. Walks to BE zone, says the SAME question + answer in BE structure aloud.

3. Cohort confirms with thumbs.

Suggested slips:

"How much does the new software cost?" ↔ "How much is the new software?"
 → "It costs 30 dollars per user." → "It's 30 dollars per user."
 "How much do the spare parts cost?" ↔ "How much are the spare parts?"
 → "They cost 12 dollars each." → "They're 12 dollars each."
 "How much does one hour of training cost?" ↔ "How much is one hour of training?"
 → "It costs 50 dollars." → "It's 50 dollars."
 "How much do the team lunches cost?" ↔ "How much are the team lunches?"
 → "They cost 8 dollars each." → "They're 8 dollars each."
 "How much does the certification cost?" ↔ "How much is the certification?"
 → "It costs 200 dollars." → "It's 200 dollars."
 "Evaluations are handled by coordination, not by us."
 → (limit reminder – leave correct as is)

Round 2 — Reverse — 4 min

Swap slips. Each student starts in BE, walks to COST saying out loud WHY 'cost' needs 'do/does': *"the verb 'cost' is an action — so the question needs 'do/does' before the subject, and the answer adds '-s' for 'it costs' or stays bare for 'they cost'."*

Close — 2 min

2 volunteers walk their transformation in front of the group. Cohort counts correct Qs and As in both structures. Note errors with NAMES in your personal notebook.

8. BOOK p.296+298 STRUCTURE B "be" + "each" + SORTING + ABSURD STORY — 12 min — STAND UP

Book examples — 3 min

Write on the board (before class):

M34 – STRUCTURE B "BE" + "EACH" (A2 Book p.294)

"b. With the verb 'be':"
 "How much is the car?" → "It's \$5."
 "How much are the cars?" → "They're \$5."

"2. 'each' = 'per unit'.
 "The sandwiches cost \$2 each." (p.294)

Verbal Practice 1 – Answers (p.296):
 How much are the hamburgers? → They're 6 dollars each.
 How much is the pizza? → It's 10 dollars.
 How much is the marker? → It's 1.75.
 How much is the chair? → It's 99 dollars.
 How much are the books? → They're 5 dollars each.
 How much is the bread? → It's 3.25.
 How much are the cookies? → They're 50 cents each.

Verbal Practice 2 – Answers (p.298):
 How much does the bread cost? → It costs 3.25.
 How much do the shoes cost? → They cost 20.97.
 How much do the cookies cost? → They cost 50 cents each.

KEY: STRUCTURE B (be) – NO helper:
 Q: "How much IS + (singular)?" → "It's \$X."
 Q: "How much ARE + (plural)?" → "They're \$X."
 "each" at the END of the answer for per-unit.
 Decimals: read by groups:
 \$3.25 → "three twenty-five"
 \$1.75 → "one seventy-five"
 \$0.50 → "fifty cents"

Read aloud. Cohort echoes 3 examples chosen at random.

Sorting — 4 zones — 4 min — STAND UP

Use the 4 floor labels (Set E). Shuffle Set F (sorting sentence cards) and hand each student 1–2 cards. Each student walks every card to the right zone (STRUCTURE A "cost" / STRUCTURE B "be" / EACH (per unit) / TOTAL (no each)) and says aloud why:

"How much does the software cost? – It costs 30 dollars." → STRUCTURE A (cost) + TOTAL
 "How much is the software? – It's 30 dollars." → STRUCTURE B (be) + TOTAL
 "How much do the markers cost? – They cost 1.75 each." → STRUCTURE A (cost) + EACH
 "How much are the markers? – They're 1.75 each." → STRUCTURE B (be) + EACH
 "How much does one training session cost? – It costs 200." → STRUCTURE A (cost) + TOTAL
 "How much are the spare batteries? – They're 12 dollars each." → STRUCTURE B (be) + EACH
 "How much do the certifications cost? – They cost 400 each." → STRUCTURE A (cost) + EACH
 "How much is one hour of overtime? – It's 25 dollars." → STRUCTURE B (be) + TOTAL

Absurd professional story — 5 min — STAND UP

Narrate with marked pauses. Cohort answers OUT LOUD with a price question. No fill-in-blanks — voice in the room.

"Imagine: the office boss walks in on a morning holding a SINGLE box of paper clips with a price tag of 89 dollars on it. The team stares. The boss turns to the supplier on the phone and asks..."
 [PAUSE – cohort: "How much DO the paper clips cost?!" / "How much ARE the paper clips?!"]

"The supplier answers 89 cents each. The boss, relieved, looks at the team and says we need a hundred. Then a second box appears – labeled at 412 dollars – and the boss asks..."
 [PAUSE – cohort: "How much DOES this box cost?" / "How much IS this box?"]

"412 dollars TOTAL, not each – and inside there are 100 USB sticks. The boss does the math out loud, then turns to the team..."
 [PAUSE – cohort: "How much does ONE USB stick cost?" → "It costs 4.12 dollars each."]

"Then the IT person points at the new software license. One final price question..."
 [PAUSE – cohort free: "How much IS the license?" OR "How much DOES it COST?"]

Insertion #3 of Phrase of the Day: "verb 'cost' + 'does' + verbal answer 'it costs'. Same shape four times. Phrase first, then the structure."

9. HUMAN LINE-UP + 3 STATIONS — 12 min — STAND UP

Human line-up — 4 min

Use Set A "DOES/DO/COST" cards + Set B "IS/ARE" cards + Set C (subjects). Each student gets ONE card. You call a target sentence; relevant cards walk to the front. The "DOES/DO" card MUST be in the COST structure line — if missing, the sentence is not Structure A. Same for "IS/ARE" with Structure B.

Targets (3–4 rounds, swap cards):

- "How much does the software cost?" → "How much" + "DOES" + "the software" + "COST"
- "How much is the new printer?" → "How much" + "IS" + "the new printer"
- "How much do the certifications cost?" → "How much" + "DO" + "the certifications" + "COST"
- "How much are the lunches?" → "How much" + "ARE" + "the lunches"

After each round: cohort reads the line aloud.

3 stations — 8 min — bell every ~2.5 min

STATION A – STRUCTURE WITH "COST"
 Build 4 questions + answers using "cost" verb:
 "How much does the new software cost? – It costs 30 dollars per user."
 "How much do the spare parts cost? – They cost 12 dollars each."
 "How much does one training session cost? – It costs 200 dollars."
 "How much do the team lunches cost? – They cost 8 dollars each."

STATION B – STRUCTURE WITH "BE"
 Build 4 questions + answers using "be":
 "How much is the new printer? – It's 360 dollars."
 "How much are the certifications? – They're 200 dollars each."
 "How much is one hour of overtime? – It's 25 dollars."
 "How much are the team t-shirts? – They're 15 dollars each."

STATION C – "EACH" vs TOTAL
 Build 3 pairs comparing TOTAL vs EACH:
 "How much does the box of pens cost? – It costs 12 dollars TOTAL."
 "How much does ONE pen cost? – It costs 1.20 EACH."
 "How much are the markers? – They're 1.75 EACH, and one box of 10 is 17 dollars TOTAL."

You circulate, correct softly, note errors with NAMES.

10. PRICE PODIUM + SPEED DRILL — 10 min — STAND UP

Price Podium "Confirmed — that's the honest price!" — 4 min — circle

Each student (chain) names an honest price + correct Q + A. Cohort responds in chorus: *"Confirmed — that's the honest price!"*. Cover the 3 forms (cost / be / each).

A: "How much DOES the software COST?
 – It COSTS 30 dollars per user."
 → "Confirmed — that's the honest price!"
 B: "How much IS one hour of training? – It's 50 dollars."
 → "Confirmed — that's the honest price!"
 C: "How much do the spare parts cost?
 – They cost 12 dollars EACH."
 → "Confirmed — that's the honest price!"
 D: "How much are the lunches? – They're 8 dollars EACH."
 → "Confirmed — that's the honest price!"

Speed drill — 6 min — circle

You say an item + structure ("cost" or "be"); student responds with Q + A:

"software / cost" → "How much does the software cost? – It costs 30 dollars per user."
 "printer / be" → "How much is the printer? – It's 360 dollars."
 "lunches / cost / each" → "How much do the lunches cost? – They cost 8 dollars each."
 "certifications / be / each" → "How much are the certifications? – They're 200 dollars each."
 "one overtime hour / be" → "How much is one hour of overtime? – It's 25 dollars."
 "spare batteries / cost / each" → "How much do the spare batteries cost? – They cost 60 dollars each."
 "team t-shirts / be / each" → "How much are the team t-shirts? – They're 15 dollars each."
 "one training session / cost" → "How much does one training session cost? – It costs 200 dollars."

Then chorus: you give Spanish-key items; cohort answers in chorus with BOTH structures:

"¿cuanto cuesta el software?" → A: "How much DOES the software COST?" – "It COSTS 30."
 B: "How much IS the software?" – "It's 30."
 "¿cuanto cuestan los lunches?" → A: "How much DO the lunches COST?" – "They COST 8 each."
 B: "How much ARE the lunches?" – "They're 8 each."
 "cada uno" → "each" (at the end of the answer)
 "total" → no "each" – just \$X

11. ERROR PAPER + PHRASE CLOSE — 12 min — STAND UP

Error Paper Live — 5 min

Write on the board (anonymous; NAMES go ONLY in your personal notebook):

1. ■ "How much it costs?" → ■ "How much DOES it cost?"
2. ■ "How much costs the software?" → ■ "How much DOES the software cost?"
3. ■ "It cost 30 dollars." → ■ "It costS 30 dollars."
4. ■ "They are 5 dollars each ones." → ■ "They are 5 dollars EACH." / "They COST 5 dollars EACH."

Read. Students correct in chorus 2×.

Phrase of the Day close — 4 min

1. *"Today's phrase from memory."* — 1 student at random.
2. *"Now use it in a NEW professional context — keep three price Qs/As, MIXING both structures: at least one with 'cost' + 'does/do' and at least one with 'be'."* — another at random.
3. *"'how much DOES + cost' — verb structure. 'how much IS/ARE' — be structure. Same price, two doorways. 'each' for per unit."*

Block close — 3 min

> **"Today: M34 'How Much Does It Cost? / Describing Prices' — STRUCTURE A 'how much DOES + subject + COST?' → 'It COSTS \$X'; STRUCTURE B 'how much IS/ARE + subject?' → 'It's \$X'; 'each' for per unit — board race, walking transformation, sorting, absurd story, line-up with 'DOES' card, stations, price podium, speed drill. Real B1 sounds like: 'How much does the new software cost? — It costs 30 dollars per user.' This was day FIVE — the LAST — of PRUDENCE v2. Next class CI 26 opens TEMPERANCE v2 day 1."*

12. PASE TO DANNA + HOMEWORK + VIRTUE CHANGE + CLOSE — 14 min — SIT

PASE TO DANNA — CI 26 CONV — 3 min

Fill the sheet titled "PASE A DANNA — CL 26 CONV":

PASE Grammar → Conv – Cl 25 → Cl 26

3 fresh errors from Grammar today:

1. [literal error] – student: [name]
2. [literal error] – student: [name]
3. [literal error] – student: [name]

Note: Today I formalized M34 "How Much Does It Cost? / Describing Prices" (A2 Book p.293; Guide 1 p.294; Verbal Practice 1 p.295; Answers p.296; Verbal Practice 2 p.297; Answers p.298; Verbal Practice 3 p.299; Answers p.300): two ways –
(a) With "cost" (verb, past irregular "cost"):
"How much DOES/DO + subject + COST?" →
"It COSTS \$X" / "They COST \$X each"
(b) With "be" (no helper):
"How much IS/ARE + subject?" →
"It's \$X" / "They're \$X each"
"each" = per unit. The question implies "how much money" but we do NOT say "money" out loud.

Cohort did board race, walking transformation between the two structures, sorting (cost vs be / each vs total), absurd professional story (the box of 89-dollar paper clips), human line-up with "DOES" card, 3 stations, price podium, speed drill (~85% standing).

CONFIRMED: M35 does NOT exist in the A2 Book – the book jumps from M34 (p.293-300) directly to M36 (p.301+ "What Are You Wearing? / Describing Clothing"). Pattern consistent with M19/M25/M31.

Next class Cl 26 Grammar I move to next existing module: M36 "What Are You Wearing? / Describing Clothing" (p.301+) – confirm verbatim before class.

Your Cl 26 Conv can ask the cohort to use both price structures in real workplace contexts, watching the "does/do" helper with cost, the -s in "it costs", and "each" for per unit.

VIRTUE: today is PRUDENCE day 5 v2 LAST. Next class Cl 26 = TEMPERANCE v2 day 1 – I announce the change at close, you open it in your VATS as "day 1 new block".

Schedule: Cl 44 = Final, announced to cohort as calendar fact only (no grade, no criteria – coordination handles that).

Signed: Juan Diego

Hand it physically to Danna before her next class.

Homework — DUE BEFORE NEXT CLASS Cl 26, 7:00 AM — 4 min

HOMEWORK — DUE: BEFORE NEXT CLASS Cl 26, 7:00 AM
TIME: 30-45 min — NOT fragmented.

(1) WRITING — 15 min — 12 sentences about real prices
at your work, using M34:
- 3 questions with "cost" + answer
- 3 questions with "be" + answer
- 3 answers with "each"
- 3 answers with TOTAL (no each)
- Min 1 recycling a superlative from Cl 19 ("The
most expensive item is X — it costs \$Y.")
Hand in on paper next class.

(2) AUDIO — 10 min — Record 2 min "Brief your team
on 5 honest prices of next month" — MIX both
structures (cost + be) and use 'each' at least
twice. Label: B1-GRAMMAR-25.

(3) READING — 10 min — Find 5 real English price
sentences (news, web, manual, invoice). Mark:
"how much" / "does/do" or "is/are" / "cost" or
"be" / "each" if applicable. Bring on paper.

(4) LISTENING — 10 min — Short TED talk on PRICING,
HONEST BUDGETS or TRUE COST. Note 5 price
questions + 2 answers with "each" + 1 stealable
line.

RULE: Not fragmented. No "I didn't have time."

Close + Virtue Change — 2 min

> *"See you next class Cl 26 — next existing module = M36 'What Are You Wearing?' / Describing Clothing' (page 301+). M35 does NOT exist — the book jumps M34 → M36 — same way M30 → M32 (M31), M24 → M26 (M25), M18 → M20 (M19). Today the work was done standing. This was day FIVE — the LAST — of PRUDENCE v2. Next class Cl 26 opens a NEW virtue block: TEMPERANCE v2, day one. Cronograma: Final presentation is on Cl 44 — Pages 16 through 23 are the road into it. Any question about evaluations or the Final goes to coordination — not to me. Practice both price structures out loud tonight."*
