

B1 MASTERY — CLASS 40 CONV — Conversational Teacher

Session 40/44 · 1h50min · Block 1 (Conv goes FIRST in this session) · IMMERSIVE MODEL — 4 long blocks

Date: ___/___/2026 · Attending: ___/___

Today's focus: oral application of B1 Book M7 — *Relative Pronouns & Embedded Questions / A New Way to Combine Clauses* (who / whom / whose / which / that / where / when / why + defining vs non-defining (commas) + omission rules + embedded questions with AFFIRMATIVE order — "Can you tell me where she lives?"). The Grammar Teacher formalizes the tables in the second block of this session.

Virtue: FORTITUDE day 5 of 5 — **CLOSES BLOCK** (CI 36–40)

Phrase of the Day: "On day five of fortitude we close the block by adding information cleanly and asking with courtesy — 'the client who confirmed Tuesday, the meeting where we agreed, can you tell me when the deck is due' — right pronoun, right shape, no question-order inversion inside the embed."

BLOCK MAP — 4 LONG BLOCKS (110 min)

| # | Min | Block | Function |

|---|---|---|---|

| 1 | 10 | **OPENER** | Welcome + FORTITUDE day 5 named CLOSES + Phrase of the Day + 60-sec mystery (Grammar pase fixes) + standing warm-up + bridge to M7 |

| 2 | 40 | **CONTENT OF THE DAY** | M7 Relatives + Embedded Questions ORAL: mini-talk (5–7 min) + guided pair practice (15 min) + free pair derivation (15 min) + cohort share (5 min) — peer teacher embedded |

| 3 | 45 | **LIVE APPLICATION** | ONE immersive simulation — "INFORMATION REQUEST CALL — INTERNAL DIRECTORY" — rotating triads, no format change |

| 4 | 15 | **CLOSE** | Error paper recap + Frase close + Homework + PASE A GRAMMAR — CL 40 |

Bring to class: Phrase of the Day already written on the board · "PASE A GRAMMAR — CL 40" blank sheet · the pase received from the Grammar block of the previous class (M6 connector errors) · 12 prompt cards for guided pair practice · printed observer grid for the triads · Error Paper sheet · personal notebook (errors + NAMES, never shared aloud) · clock.

BLOCK 1 — OPENER — 10 min

(1 min) Welcome + frame

> *"Welcome to CI 40 of 44. Today is B1 Book M7 — Relative Pronouns and Embedded Questions. Virtue: FORTITUDE — day FIVE of five. Today the block CLOSES. Next class opens PRUDENCE."*

(2 min) Phrase of the Day — on the board (already written)

PHRASE OF THE DAY — CL 40 CONV
"On day five of fortitude we close the block
by adding information cleanly and asking with
courtesy — 'the client who confirmed Tuesday,
the meeting where we agreed, can you tell me
when the deck is due' — right pronoun, right
shape, no question-order inversion inside the
embed."

Read once slowly. Cohort echoes 2x. Quick gloss: "the client WHO confirmed Tuesday" — WHO for people, identifies WHICH client. 'the meeting WHERE we agreed' — WHERE for places. 'can you tell me WHEN the deck is due' — embedded question with AFFIRMATIVE order ('the deck IS due'), NOT question order ('when IS the deck due'). Three shapes, three jobs, one closure: at fortitude day 5 we hold the line by adding, asking, then deciding — no shortcut to assumption."

(2 min) 60-sec mystery — fast diagnostic from Grammar pase

> *"60 seconds. Each of you names ONE thing the Grammar pase from previous class flagged — a 'despite of', a 'because of' before a clause, a missing comma after HOWEVER, a stacked contrast. Go."*

Pick 3 students at random. If any asks about Final results: "Coordination handles results. Focus on what comes next." Note who did not bring homework.

(3 min) Warm-up — standing speed round on relatives + embedded

Everyone stands in a circle. Call the FIRST PIECE; the next student completes with the right relative pronoun or transforms a direct question into an embedded one. Move fast — 8 prompts in 3 minutes.

"My manager, ___ oversees three teams, signs the budget." → "WHO"
"The contract ___ we signed in Q2 expires in October." → "THAT" / "WHICH"
"The meeting ___ we agreed on the SLA was Monday." → "WHERE"
"The week ___ the demo is scheduled has 3 working days." → "WHEN"
"The reason ___ the build slipped is the late mockups." → "WHY"
"DIRECT: 'When is the deck due?' EMBEDDED: 'Can you tell me ___?' → "WHEN THE DECK IS DUE" (affirmative order)
"DIRECT: 'Where does she work?' EMBEDDED: 'Do you know ___?' → "WHERE SHE WORKS" (no DO/DOES)
"DIRECT: 'Did the client sign?' EMBEDDED: 'I wonder ___ the client signed.'" → "IF" / "WHETHER"

No corrections yet — temperature only. Note who hesitated.

(2 min) Bridge to today's content

> *Today's content is M7 — only the speaking side. The Grammar Teacher formalizes the tables in the next block (defining vs non-defining, omission rules, embedded-question shapes). My job: get the relative pronouns out of your mouth identifying real workplace people/places/times, and the embedded questions out of your mouth in AFFIRMATIVE order. The simulation today is an information request call — an internal directory you build live.**

BLOCK 2 — CONTENT OF THE DAY — 40 min

(5 min) Mini-talk — relatives + embedded in real workplace dialogue

Talk standing, board behind you. Model EACH pattern out loud.

> *M7 has two halves. HALF ONE — RELATIVE PRONOUNS. Six to land. WHO = people (subject role). WHOM = people (object role, formal — 'the colleague WHOM I emailed'). WHOSE = possession ('the manager WHOSE team handles staging'). WHICH = things (often non-defining, with commas — 'our roadmap, WHICH is public, lists Q3'). THAT = restrictive things or people ('the contract THAT we signed'). WHERE = places ('the meeting WHERE we agreed'). WHEN = time ('the week WHEN the demo is scheduled'). WHY = reason ('the reason WHY the build slipped'). DEFINING vs NON-DEFINING — defining clauses identify WHICH ONE, NO commas — 'The car THAT I bought is blue.' Non-defining clauses add extra info, COMMAS, almost always WHICH (not THAT) for things — 'My house, WHICH is big, is white.' OMISSION — when the relative pronoun is the OBJECT of a defining clause, you can drop it — 'The deck (THAT) I sent yesterday is on the drive.' HALF TWO — EMBEDDED QUESTIONS. The trap: when you put a question INSIDE another sentence ('Can you tell me...?' / 'Do you know...?' / 'I wonder...?' / 'I'd like to know...'), the inner clause uses AFFIRMATIVE order, NOT question order. CORRECT: 'Can you tell me WHEN THE DECK IS DUE?' INCORRECT: 'Can you tell me WHEN IS THE DECK DUE?' No DO/DOES inside either — CORRECT: 'Do you know WHAT THE CLIENT NEEDS?' INCORRECT: 'Do you know WHAT DOES THE CLIENT NEED?' For yes/no embedded questions, use IF or WHETHER — 'I wonder IF we should escalate.' Fortitude day 5 in this room: closure = courteous shape. The information is added before the ask; the ask is shaped right before the answer.**

Demo each rule on the same situation twice. Then:

> *Most workplace embedded questions slip on inversion — the speaker pulls in 'DOES' or 'IS' before the subject. That's question-order leaking inside an embed. Hear it, kill it. Fortitude day 5: close the block on courteous shape.**

(15 min) Guided practice in pairs — 12 prompt cards (peer teacher rotation embedded)

Hand each pair the deck of 12 cards. They take turns: one reads the card, the other delivers the right shape. Then swap. Walk between pairs.

Card deck:

1. "Add info about: my manager (oversees three teams)" → relative WHO + commas
2. "Add info about: the contract (we signed last quarter)" → restrictive THAT
3. "Add info about: our roadmap (public, lists Q3)" → non-restrictive WHICH + commas
4. "Add info about: the dev lead (team handles staging)" → WHOSE
5. "Add info about: the meeting room (we agreed on the SLA)" → WHERE
6. "Add info about: the week (the demo is scheduled)" → WHEN
7. "DIRECT: 'When does the client want the deck?'" → embed in 'Can you tell me...?'
8. "DIRECT: 'Where is the design review?'" → embed in 'Do you know...?'
9. "DIRECT: 'Did the QA team sign off?'" → embed in 'I wonder...' (use IF)
10. "DIRECT: 'What does the PM need?'" → embed in 'I'd like to know...'
11. "Omit the relative: 'The deck THAT I sent yesterday is on the drive.'"
12. "DIRECT: 'Should we escalate?'" → embed in 'Can you tell me...?' (use IF)

Coach softly: missing commas in non-defining, "where DOES she work" inversion, no IF for yes/no embeds, WHICH used in defining where THAT is cleaner, no omission attempted. Note errors with NAMES.

Peer teacher inside this block (3 min): halfway through, pause one pair and have ONE student read aloud the Grammar pase patterns from previous class M6 — "despite OF the pressure" → "DESPITE the pressure" / "because of the team was late" → "because the team was late" / "however the team" → "however, the team". Cohort echoes 2x. Bridge: "M6 connectors join two clauses; M7 embeds one clause inside another. Both happen in the same memo — 'The client WHO confirmed Tuesday BECAUSE OF the early demo is the same one WHO emailed Friday.'" Resume pair work.

(15 min) Free pair derivation — "internal directory entries"

Same pairs, no cards. Build a verbal mini-directory of 6 entries each. Pattern: name a person + one relative clause that identifies them + one embedded question you'd ask them this week.

Board (write before class):

FREE PAIR DERIVATION — 6 DIRECTORY ENTRIES (15 min)

Pattern per entry:

[STAKEHOLDER] + [, relative clause if
non-defining, with commas / relative clause
if defining, no commas] + [embedded question
in AFFIRMATIVE order]

Examples:

"My manager, WHO oversees three teams,
asked for an update. Can you tell me
WHEN HE NEEDS the summary?"

"The client THAT signed Tuesday is the
one. I wonder IF SHE'S available Thursday."

"The dev lead, WHOSE team handles staging,
raised a concern. Do you know WHAT THE
FIX TIMELINE IS?"

Requirements per pair (6 entries):

- 2+ defining (no commas)
- 2+ non-defining (with commas)
- 1+ WHERE / WHEN / WHOSE
- 6 embedded questions in AFFIRMATIVE order — NOT one with "DOES"
- 1+ yes/no embedded with IF or WHETHER
- 1+ omitted relative ("the deck I sent")
- FORTITUDE day 5 closure: courteous shape
- no inversion inside the embed

Rotate partners twice. Walk and coach. **Phrase of the Day INSERTION #2:** "WHO for people, WHERE for places, WHEN for time — and the embed stays in affirmative order. Fortitude day 5 — close on courtesy."

(5 min) Whole-cohort share + 1 live correction

Two strong pairs perform 1 directory entry in front of the group (90 sec each). After the second pair, pick ONE error you heard (probably an inversion or missing commas) and correct it live with the cohort echoing 2x. Then: "Stand up — we move to the simulation."

BLOCK 3 — LIVE APPLICATION — 45 min — "INFORMATION REQUEST CALL — INTERNAL DIRECTORY"

ONE activity, no format change for 45 minutes. Rotating triads. Every student plays every role.

(3 min) Setup

> *"Stand. You're on an internal information request call — one colleague is calling internal directory to ask about people, places, times. You'll work in triads. INQUIRER calls in with 6 embedded questions (all AFFIRMATIVE order, mix WHO / WHERE / WHEN / WHY / WHAT / IF). DIRECTORY answers each one using a relative-clause description ('That's the manager WHO oversees three teams' / 'That's in the room WHERE we ran the SLA review' / 'The week WHEN the demo is scheduled'). OBSERVER tracks on the grid: how many embeds in correct AFFIRMATIVE order, how many relative clauses with right pronoun and right comma rule, how many trap inversions. Three rounds. Each round 12 minutes. Every student plays every role. Fortitude day 5: closure = courteous shape — no inversion inside the embed."*

Hand out printed observer grid (prepared before class):

OBSERVER GRID – CL 40 CONV – INFORMATION REQUEST CALL

Inquirer name (this round): _____

Embedded Qs (mark each):

✓ = affirmative order + right shape
X inv = inversion inside embed ("where IS")
X DO = "do/does" leaked inside embed
X if = yes/no with no IF / WHETHER
! cour = abrupt / not courteous opener

Q1: _____ → ✓ / X inv / X DO / X if
Q2: _____ → ✓ / X inv / X DO / X if
Q3: _____ → ✓ / X inv / X DO / X if
Q4: _____ → ✓ / X inv / X DO / X if
Q5: _____ → ✓ / X inv / X DO / X if
Q6: _____ → ✓ / X inv / X DO / X if

Directory replies (relative clauses):

✓ = right pronoun + right comma rule
X pron = wrong pronoun (THAT instead of WHO for people)
X comma = defining with commas / non-defining without

R1: _____ → ✓ / X pron / X comma
R2: _____ → ✓ / X pron / X comma
R3: _____ → ✓ / X pron / X comma

One sentence to the inquirer at the end:

(~40 min) 3 rounds × ~12 min — rotating triads

Round 1 (12 min): Triads form. Inquirer asks 6 embedded questions back to back; directory replies with a relative-clause description per answer; observer marks. You circulate — coach inversions on the spot ("kill the DOES"), flag missing IF on yes/no embeds, flag wrong relative pronoun.

Round 2 (12 min): Rotate. New inquirer, new directory, new observer. Push for the embeds to FEEL courteous — soft opener, no abrupt "tell me".

Phrase of the Day INSERTION #3 during transition: *"Listen — affirmative order inside the embed. WHO for people. Fortitude day 5 closes on courteous shape."*

Round 3 (12 min): Final rotation. Every student has now played every role. Push for non-defining clauses with commas + at least one WHOSE and one omitted relative per directory reply.

(2 min) Cohort close

One strong triad demos 90 sec — 3 embedded questions + 3 relative-clause replies + observer reports back. Applause.

Phrase of the Day INSERTION #4: *"You just asked six things courteously — affirmative order inside, right pronoun outside. That's day five of fortitude closed clean."*

BLOCK 4 — CLOSE — 15 min

(4 min) Error paper recap — 4 most common errors today

Write on the board (anonymous; NAMES only in your personal notebook):

ERROR PAPER – CL 40 CONV

1. ■ "Can you tell me where IS the meeting?" → ■ "Can you tell me WHERE THE MEETING IS?" (book p.79 rule 3 – affirmative order inside embed)
2. ■ "Do you know what DOES the client need?" → ■ "Do you know WHAT THE CLIENT NEEDS?" (no DO/DOES inside embed)
3. ■ "I want to know should we escalate." → ■ "I want to know IF we should escalate." (yes/no embeds take IF or WHETHER)
4. ■ "My manager who oversees three teams asked." → ■ "My manager, WHO oversees three teams, asked." (non-defining clause needs commas)

Cohort echoes the 4 corrections in chorus 1×. Note the named version in your notebook for the audit report — do NOT say names aloud.

(3 min) Phrase of the Day close

1. *"Phrase from memory — one student."* Pick one at random.
2. *"Now paraphrase what FORTITUDE DAY 5 CLOSURE means for one real ask you owe a colleague before next class — courteous shape, no inversion."* Pick another at random.

(4 min) Homework — explained out loud

HOMEWORK CL 40 CONV – DUE: BEFORE NEXT CLASS CL 41, 7:00 AM
TIME: 30-45 min – NOT fragmented.

(1) WRITING – 12 min – 12 sentences mixing
relative pronouns + embedded questions
about REAL work this week:
- 4 relative clauses: 2 defining (no commas)
+ 2 non-defining (with commas). 1 must use
WHOSE; 1 must use WHEN or WHERE.
- 4 embedded questions in AFFIRMATIVE order:
1 with WHEN, 1 with WHERE, 1 with WHAT,
1 yes/no with IF or WHETHER. NEVER an
inversion inside the embed.
- 4 free choice – mix omitted relatives +
restrictive THAT.
RULE: defining = no commas. Non-defining =
commas. NEVER "where IS the deck due" inside
an embed. ALWAYS IF on yes/no embeds.
Hand in on paper next class.

(2) AUDIO – 10 min – Record 2-3 min:
"Internal directory – describe 4 stakeholders
with relative clauses + ask 4 embedded
questions you owe them. Fortitude day 5
closure: courteous shape."
Label: B1-CONV-40.

(3) LISTENING – 10 min – Short TED talk /
workplace podcast on STAKEHOLDER MANAGEMENT,
BUSINESS COMMUNICATION, or COURTEOUS
REQUESTS. Note 3 relative clauses + 2
embedded questions the speaker uses.

RULE: Not fragmented. No "I didn't have time."

(4 min) PASE A GRAMMAR — CL 40 — fill + deliver

Fill the sheet titled "**PASE A GRAMMAR — CL 40**" in front of the cohort so they see the handoff is real:

3 form gaps observed in Conv today (literal):

1. [literal error] – student: [name]
2. [literal error] – student: [name]
3. [literal error] – student: [name]

Most common patterns today:

- Inversion inside embedded question ("where IS the deck due")
- "do/does" leaked inside embed ("what DOES the client need")
- Missing IF / WHETHER on yes/no embeds
- Non-defining relative without commas
- Defining relative with unnecessary commas
- WHO vs THAT confusion (people)
- Fortitude day 5 closure fail: abrupt ask with no courteous wrapper

Note: Cohort arrives at your block having spoken the relatives + embeds in real workplace dialogue (information request call). Formalize the form from the book (B1 Book M7 p.61-82): Guide 1 "Relative Pronouns" p.63 verbatim 'A relative pronoun connects two ideas, and tells us more information about the subject or object' + table WHO/WHOM/WHOSE/WHICH/THAT/ WHERE/WHEN/WHY/HOW. Examples p.64. Guide 2 "Restrictive Clauses" p.67 verbatim 'The car THAT I bought is blue' (NO commas, necessary to identify); Examples p.68 ('The city WHERE I live is beautiful' / 'The year WHEN we moved to Canada was difficult' / 'Camila is a person WHO makes friends easily'). Guide 3 "Non-Restrictive Clauses" p.71 verbatim 'My house, WHICH is big, is white' (COMMAS, additional info, almost always WHICH); Examples p.72 ('Bucaramanga, WHERE we live, is beautiful' / 'My sister, WHO is my hero, plays soccer' / 'My car, WHICH is very fast, is in the garage today'). Guide 4 "Embedded Questions" p.79 verbatim 5 rules including rule 3: 'The relative clause uses the AFFIRMATIVE ORGANIZATION, not the question. CORRECT: Can you tell me what you need? INCORRECT: Can you tell me what do you need?' Opener forms: 'Do you know...?' / 'Can/could you tell me...?' / 'I want/need/would like to know...' / 'I don't know / I'm not sure...' / 'I wonder...' + IF / WHETHER for yes/no.

Schedule: Cl 41 = M8 Reported Speech + PRUDENCE v3 day 1 OPENS new block. Cl 44 = Final (last 2h), calendar fact only.

Signed: Conversational Teacher

Hand it physically to the Grammar Teacher before the second block of this session begins.

Close (verbatim)

> *"See you next class Cl 41. Today the FORTITUDE block CLOSED — five days, five layers. The brave move on day 5 was closing on courteous shape: information added with the right relative pronoun, asks shaped in affirmative order inside the embed. Next class opens PRUDENCE v3 — day 1. Homework due before next class, 7 AM. Any question about evaluations or the Final goes to coordination — not to me, not to the Grammar Teacher."*

DELIVERABLES TO COORDINATION

- [] Printed report filled
- [] Photo of board (Phrase of the Day + free pair derivation requirements + Error Paper recap)
- [] Photo/video: warm-up speed round · one triad mid-call · cohort close demo
- [] Stack of completed observer grids from the 45-min simulation
- [] PASE from Grammar block previous class (archived) + PASE to Grammar Cl 40 (photo before delivery)
- [] Anonymous Error Paper (physical)
- [] List of students who did NOT bring homework (with NAMES)

- [] Personal notebook page: 3 literal errors + NAMES
 - [] Count of Phrase of the Day natural insertions (target 4)
 - [] Confirmed: FORTITUDE CLOSURE + PRUDENCE day 1 next class announced as calendar facts
-

NOTAS INTERNAS (no leer en clase)

- **MODELO INMERSIVO (Diana 2026-06-18):** 4 bloques largos. Aplicación oral pura + simulación 45 min.
- **Módulo del libro:** M7 *Relative Pronouns & Embedded Questions* — B1 Book p.61-82. Guide 1 p.63 (8 relative pronouns + table verbatim). Guide 2 p.67 (restrictive clauses verbatim — sin comas, necesarias para identificar). Guide 3 p.71 (non-restrictive clauses verbatim — con comas, casi siempre WHICH). Guide 4 p.79 (embedded questions verbatim 5 reglas, regla 3 = AFFIRMATIVE ORGANIZATION + opener forms + IF/WHETHER). Examples p.64/68/72/80. Sigue libro tal cual.
- **Próximo (CI 41):** M8 *Reported Speech* (B1 Book p.83-96) + PRUDENCIA v3 día 1 ABRE nuevo bloque (CI 41-45).
- **Virtud:** CI 36-40 = FORTALEZA v2. Hoy día 5 — **CIERRA**. Mañana CI 41 = PRUDENCIA día 1 (abre nuevo bloque). VATS sigue calendario absoluto.
- **Cronograma:** CI 44 = FINAL (últimas 2h del nivel — Diana 22/05). Anunciar SOLO como hecho de calendario. CI 44 = otro evaluador de coordinación, no los regulares.
- **GoldList ELIMINADO** desde 14/05. Solo Frase del Día.
- **Conv sin texto Heiiu nuevo** — M7 estructural. Aplicación oral pura + simulación 45 min.
- **Frase del Día insertions target: 4** (board + después de Block 2 derivation + transición round 2 simulación + cohort close).
- **Trap principal del módulo:** inversión dentro del embed ("where IS the deck due"). Libro p.79 regla 3 verbatim: "The relative clause uses the AFFIRMATIVE ORGANIZATION, not the question. CORRECT: Can you tell me what you need? INCORRECT: Can you tell me what do you need?"
- **Mapeo CI 39-43 confirmado vía brief Diana 2026-06-18:** CI 39 M6 / CI 40 M7 / CI 41 M8 / CI 42 M9+M10 / CI 43 M11+M12 (cycle close).
