EVENTS INTEGRATED (Diana 31/05/2026)

Phase 5 opens formally TODAY but does NOT generate _MARKER / _COORD_KIT / _RUBRICA separately. Opening of Phase 5 INTEGRATED in this regular guide as block 2 (Why) + block 7 (Q&A framework) + block 14 (Close). Today's presentations are NOT evaluation; they are pedagogical exercise. Teacher does NOT communicate result — coordination processes any report.

1. MYSTERY HOMEWORK + PUBLIC READING — 5 min — STAND UP

Sealed envelope:

HOMEWORK MYSTERY — CL 29

In 60 seconds, recite your FULL MONOLOGUE in compressed form — HOOK opening + ONE PILLAR you choose + CTA closing — all from MEMORY, no paper. Then PAUSE one beat, then answer ONE spontaneous question I will ask you about your topic.

- Clean start (no "um, so")
- Compressed monologue fluid (no rushing despite the question coming after)
- ONE spontaneous answer 20 sec without "I don't know" — use Set #22 if needed (clarify / address / acknowledge / qualify / elaborate / reframe)

GO!

Envelope → 1 min silence → 2-3 at random (+15 EP if compressed monologue clean from memory + spontaneous answer 20 sec without "I don't know"; +10 EP if used some Set #22 word implicit or explicit). Then **1 min public nominal reading** of who did NOT submit 4 CI 28 components (5 drills FULL-V5 + Q&A spontaneous audio + 3 improvements + 126-word review). The Q&A spontaneous audio was DIRECT preparation for today — note special strike if missing.

2. WHY TODAY — 4 min — SIT

> *Mystery — accountability — ~11 classes to Final.*

> *Phrase of the Day names the new dimension: 'Temperance in Q&A; is not knowing every answer — it's responding to every question without losing yourself; the calm in your voice is the answer they remember.' [Insertion #1]*

> *Vocalization: 4 new tongue twisters drilling consonants that COLLAPSE under pressure (/th/, /sh/, /ch/, the /r/ Spanish speakers swallow). Diction under live Q&A; is what the audience hears first.*

> *Previous class CI 28: Phase 4 closed. SEAM #3 + SEAM #4 forged. Whole monologue from memory. C4 archived to coordination.*

> *TODAY: Phase 5 OPENS. The road is built; the traffic starts. TWO of you stand and present your whole monologue, 5-7 min from memory, no paper. Then 5 min of LIVE questions — the rest of us ask. You respond WITHOUT script.*

> *The questions are REAL — not tricks. What a real B2 listener would ask. Two or three from the group. One or two B2-tier ones from me. They are not designed to fail you. They surface HOW you respond when the exact answer doesn't come pre-loaded.*

> *This is NOT evaluation. No grade. No "good answer." No "wrong answer." After Q&A;, the group gives feedback in ONE FORMAT only: one technique that worked / one moment in the monologue that landed / one opportunity to grow in Q&A.; PROCESS, not score.*

> *Set #22: 6 Q&A; RESPONSE / CLARIFICATION words. Bridges when the exact answer doesn't come. 132 B2 words total. ONE word chosen, ONE word owned, used live.*

> *TEMPERANCE v2 day 4: day 1 was "live between two ideas," day 2 was "slow down enough to land," day 3 was "hold the brake four times in a row, momentum compounded." Today day 4 is "stay yourself when the question lands on territory you didn't prepare."*

> *Next class CI 30 = Phase 5 day 2 — two more present + Q&A.; CI 31 = the fifth. Then round 2 with feedback. Then general rehearsal. Then the Final.*

> *Tonight: 5 drills monologue + 5 prepared mini-answers (30-45 sec each) on questions you anticipate.*

> *Now we begin.'"

3. PHRASE OF THE DAY — 4 min — STAND UP

Write on the board (before class):

PHRASE OF THE DAY — CI 29
 "Temperance in Q&A; is not knowing every answer —
 it's responding to every question without losing yourself;
 the calm in your voice is the answer they remember."

1. Read 2x with marked intonation (counter-intuitive emphasis on "is not knowing every answer" — voice drops firm here, deactivating the belief Q&A; is a content test —, sustained kinetic on "responding to every question without losing yourself" — voice stays flat on "without losing yourself", EMBODYING the calm itself —, intimate reverberant close on "the calm in your voice is the answer they remember" — the word calm said slowly, almost in slow motion). Chorus 3x.
2. "The phrase says temperance is NOT knowing every answer. That sentence breaks the lie that Q&A; is a content test. It is not. It is a POSTURE test. You will not have every answer at the Final. You will not have every answer today. You don't need to. What you need is to respond WITHOUT losing yourself — without pretending you know when you don't, without going defensive, without collapsing into 'I don't know' with no bridge. 'The calm in your voice is the answer they remember' — that is what the evaluator on CI 36 will recall. Not your sentence structure. Not your vocabulary inventory. The CALM. Today when you stand to answer, the work is the calm, not the content. Set #22 gives you the bridges. Templanza day 4 gives you the posture."
3. "Sit. I will use this phrase five more times today."

4. VOCALIZATION DRILL — 6 min — STAND UP

4 new tongue twisters (not CI 6-28) — phonetic focus on DICTION UNDER PRESSURE:

1. /θ/+ /ð/: "Three thoughtful thinkers thought through thirty thorny themes; thirty thorny themes thought through three thoughtful thinkers."
2. /ʃ/+ /tʃ/: "Sharp chefs choose shorter shrimp shells; shorter shrimp shells chose sharp chefs sharply."
3. /dʒ/+ /ʒ/: "Judges juggle genuine jargon while genres juxtapose just judgments; just judgments juxtapose genres genuinely."
4. /r/+vowel reductions: "Rare rural runners rather reluctantly reroute around rough rectangular rivers; rough rectangular rivers reroute rural runners rather rarely."

Per twister (~90 sec): slow 2x → chorus slow 3x → fast 2x → chorus fast 3x. *Thought / theme / shrimp / jargon / judgment / rare / rather* are B2 precision lexicon naturally appearing today in Q&A. Clusters /θ/, /ð/, /ʃ/, /tʃ/, /dʒ/, /ʒ/ are exactly what collapses to "t/d/s/sh generic" when B1 under pressure; training them cold avoids voice singing "I'm B1" at first hard moment. /r/ + vowel reductions in function words is the B2 rhythmic pattern distinguishing natural English from memorized-presentation English.

5. VATS — TEMPERANCE v2 DAY 4 — 5 min — SIT

CI 29 = TEMPERANCE v2 day 4 (fourth day of block CI 26-30). Day 1 opened "live between two ideas." Day 2 was "brake to land." Day 3 was "brake repeated 4 times against compounded momentum." Today day 4 = **TEMPERANCE as HOLDING SELF UNDER SPONTANEOUS QUESTION.**

Temperance day 4 = the capacity to NOT accelerate, NOT defend, NOT apologize, NOT lie with bravado, NOT collapse into silence — when someone asks you a REAL live question and the exact answer doesn't come pre-loaded. Respond with your own voice, calmly, using legitimate bridges (Set #22) when you need time, accepting 5 sec of silence is acceptable.

Insertion #2: "That is exactly today's phrase: 'temperance in Q&A is not knowing every answer — it's responding to every question without losing yourself.' Day 4 IS the calm sustained while the unexpected question lands. Yesterday day 3 you held FOUR brakes in a row in the monologue you OWNED. Today day 4 you hold ONE brake during a question you did NOT prepare. The brake is the same. What changes is the territory."

> *"Day 4. Imagine: live Q&A.; The question lands. You don't know the exact answer. Your body has THREE options in the first 2 seconds. Option A: speed up — fill the silence with words that don't address the question. Option B: collapse — 'I don't know,' shoulders drop, eyes down, dead air. Option C: breathe — one second, hold, then bridge with Set #22 — 'let me clarify what I think you're asking...' or 'I'd address that from this angle...' Option C is temperance day 4. Name ONE phrase you will say internally — silently, in the first second after the question lands — to remind yourself NOT to take Option A or B. (Examples: 'breathe first / bridge then answer / calm is the answer / address don't recite / two seconds is mine'). Pick ONE phrase."*

Pairs (2 min). 2 share + paraphrase their own sentence (3 min).

6. ACADEMIC B2 VOCAB SET #22 — 7 min — SIT

Board — write BEFORE class (6 NEW words — Q&A response / clarification / BRIDGE vocabulary when you don't have the exact answer pre-loaded):

ACADEMIC B2 SET #22 (CL 29) — Q&A; RESPONSE / CLARIFICATION
USE these LIVE when a question lands on territory you didn't expect.
Give you 2-3 seconds to think while sounding composed B2.

1. CLARIFY /ˈklær.ɪ.ʃa/ — aclarar / precisar (bridge to check question first)
"Let me clarify what I think you're asking — are you asking about the cause or the effect?"
2. ADDRESS /ˈdres/ — abordar (structured response when no perfect answer)
"I'd address that from two angles — first, ... and second, ..."
3. ACKNOWLEDGE /ˈkɒn.ɪ.ʃən/ — reconocer / admitir (legitimate hedging)
"I have to acknowledge I haven't looked deeply into that side of it, but what I can say is..."
4. QUALIFY /ˈkwɒl.ɪ.ʃa/ — matizar (honest precision)
"Let me qualify that — it's true in most cases, but there are exceptions where..."
5. ELABORATE /ˈlæb.ə.reɪt/ — desarrollar / extender
"Let me elaborate on that — there are three layers I'd want to share..."
6. REFRAME /riˈfreɪm/ — replantear (elegant pivot when question mis-framed)
"Let me reframe that slightly — instead of asking whether X works, the more useful question may be..."

Per word (~50 sec): pronounce 2x → cohort 2x → definition → example → 1 student AT RANDOM uses the word in 1 sentence as POSSIBLE BRIDGE RESPONSE to a question you improvise about her topic.

Close (1 min): "132 B2 words total. Set #22 is the Q&A BRIDGE set. NOT decoration words. Functional. When a live question hits and the answer isn't pre-loaded, ONE of these gives you 2-3 seconds to compose. 'I don't know' is forbidden. 'Let me acknowledge that I haven't...' is temperance day 4. Pick ONE as YOUR Q&A bridge today, drill it once mentally, use it the first time you need it. Same discipline as Set #21: one chosen, one drilled, one owned."

7. LIVE Q&A; FRAMEWORK — PROTOCOL + ROLES + RULES — 5 min — SIT

> *"Before the first presentation, we lock the protocol. Five minutes. Then we go. Same protocol for both presentations today and all of Phase 5."*

Insertion #3: "Temperance in Q&A is not knowing every answer — it's responding to every question without losing yourself.' That phrase IS the rules. Everything in this protocol exists to protect the SELF of whoever is at the front."

Board — LIVE Q&A PROTOCOL:

LIVE Q&A; PROTOCOL – PHASE 5 (CL 29-35) + FINAL (CL 36)

STAGE 1: PRESENTATION (5-7 min)

- Presenter: monologue from memory, no paper – HOOK + 4 SEAMS + 3 PILLARS + CTA. Same as Phase 4 close.
- Audience: silent, eyes on speaker, no visible notes.
- Teacher: silent, tracking in private notebook (NOT communicated).

STAGE 2: LIVE Q&A; (5 min)

- Group asks 2-3 SPONTANEOUS questions, real, about her topic. Not tricks. What a real B2 listener would want to know.
- Teacher asks 1-2 B2-tier questions (also real).
- Presenter answers WITHOUT script.
- Five seconds of silence are ALLOWED.
- Set #22 (clarify / address / acknowledge / qualify / elaborate / reframe) is the bridge when exact answer doesn't come.

STAGE 3: GROUP FEEDBACK (5 min)

- ONE format only for both presentations today and forever:
 - (a) ONE technique that WORKED in monologue or Q&A;
 - (b) ONE moment that LANDED in the monologue
 - (c) ONE opportunity to GROW in the Q&A;
- PROCESS, not score. No "good." No "bad." No grade. Coordination handles results.

STAGE 4: RESET (3 min)

- Presenter sits, water, breathes. Next presenter to front.
- No commentary in between.

Board — NON-NEGOTIABLES:

Q&A; LIVE – NON-NEGOTIABLES:

(1) PRESENTER: respond WITHOUT script. Set #22 bridges. 5 sec silence yours. Hedging legitimate ("I'd acknowledge I haven't deeply researched X, but what I can say is..."). RECITING THE MONOLOGUE is NOT response – if asked a question, address THE QUESTION, not the closest chunk.

(2) GROUP AUDIENCE: ask REAL questions. Not flatterers. Not tricks. What you actually want to know. ONE question per person max in the 2-3 group slots.

(3) TEACHER: ask 1-2 B2-tier questions per presenter. I do NOT rescue. If presenter gets stuck >5 sec, ONE short prompt pointing to Set #22 ("you can clarify with..." / "address that from..."). I do NOT give the answer. I do NOT reformulate the original question. After my prompt, if she stays stuck, we move to the next question.

(4) GROUP FEEDBACK: ONE FORMAT (technique / moment / opportunity). No comparison. If a group member breaks format, I redirect: "Stay with the format – one technique, one moment, one opportunity."

(5) NO COMMUNICATION OF EVALUATION: at no point "good," "bad," "passed," "failed." If presenter asks "how did I do?" – "Coordination handles results. Focus on round 2 in Cl 33."

8. PEER TEACHER SLOT — 3 min — STAND UP

Pre-class: 1 typical Q&A error anticipated (from C4 reading + Q&A 5 patterns Cl 12 pattern). Three frequent errors: (a) reciting closest monologue chunk as answer to a different question, (b) saying "I don't know" plain without bridge or reframe, (c) defending with "yes but..." that escalates emotionally. Pivot to today: *"If exact answer doesn't come in the first 2 sec, you DON'T invent, DON'T recite, DON'T say I-don't-know — use a Set #22 word as bridge: clarify / address / acknowledge / qualify / elaborate / reframe. Bridge buys 2-3 honest B2 seconds."*

1. (15 sec) "Today's peer teacher is [name]."

2. (2.5 min) Explain + correct + chorus 2x. (Show contrast between TWO responses to invented question — e.g. "What's the biggest challenge in your topic?": trap-answer "I don't know, that's a hard question" / correct-answer "Let me acknowledge that the biggest challenge depends on the angle — from one side it's X, from another it's Y; I'd address X first because..." — same honesty, different posture. Temperance day 4 in action.)

3. (15 sec) Applause.

9. ■ PRESENTATION #1 + LIVE Q&A; + GROUP FEEDBACK — 25 min — PRESENTER STAND / AUDIENCE SIT

> *"You go first. Road is built — yesterday's C4 archived. 5-7 min from memory, no paper, four seams alive. Then 5 min live Q&A; — group then me. Respond without script, use bridges when you need them. 5 sec silence yours. Then 5 min feedback in our format, then reset. You set the tone of Phase 5 by going first."*

Insertion #4 (just BEFORE "go" to presenter #1, ~5 sec): *"Before you start — 'the calm in your voice is the answer they remember.' That holds for the monologue AND for the Q&A. Calm is the technique."*

STAGE A — PRESENTATION MONOLOGUE (~6 min, target 5-7 min)

Setup (~30 sec): presenter to front. Visible countdown (counts up). Audience: other 4 in semicircle, eyes on speaker, no papers. Teacher silent with private notebook.

During: DO NOT interrupt. DO NOT correct. DO NOT audibly nod. Note internal structure (4 seams + 3 PILLARS + HOOK + CTA + physical brake + intonation + any returning fillers + B2 anchors used from Sets #1-#21).

If she trips >10 sec during monologue: ONE short prompt to NEXT SEAM (*"and from there..."*), never content. If still stuck >10 sec more, *"take a breath, where were you?"* and let her continue from where she remembers.

STAGE B — LIVE Q&A; (~5 min)

Open (10 sec): *"The floor is open for questions. Group, you go first."*

Group questions (2-3 questions, ~2-3 min): other 4 students ask REAL questions about her topic. Regulate: one per person max in this turn. If someone asks trap-question (*"what's your favorite food?"* when topic was food culture), redirect: *"That's a personal question, not about her topic — ask something about what she just told us."*

Teacher questions (1-2 questions, ~2 min): 1-2 B2-tier questions. NOT trick, NOT malice. Real questions a B2 evaluator would ask. Type:

- If topic was *Colombian food*: *"You mentioned arepas are central to your region. If a foreigner has tried arepas and felt they were 'just bread,' what would you say to help them see what they missed?"* (B2 asks reframe + perspective shift + cultural translation).
- If topic was *Colombian music & dance*: *"If you had to introduce someone who has never heard cumbia to the genre using only ONE song, which one and why?"* (B2 asks criterion + justification).
- If topic was *Colombian regions*: *"What is one assumption people make about your region that you'd push back on, and what's the evidence you'd give?"* (B2 asks critical thinking + evidence).
- If topic was *Why study English/Spanish in Colombia*: *"You argued X is the main reason. If someone challenged you with Y reason, how would you address that?"* (B2 asks counter-argument).
- If topic was *Colombian people: stereotypes vs reality*: *"Pick ONE stereotype you didn't address in your monologue, and acknowledge it honestly."* (B2 asks honesty + nuance).
- If topic was *Colombian innovation & business*: *"What's one limitation of the case you made — where would your argument get weaker?"* (B2 asks self-critique).
- If topic was *Why come to Colombia*: *"If a tourist with very limited time and budget asked you to qualify your top 3 reasons — which one would you say is non-negotiable?"* (B2 asks qualify + prioritize).

If stuck in Q&A >5 sec: ONE short prompt pointing to Set #22, *"you can clarify with..."* or *"you can address that from..."*. NOT the exact answer. If still stuck after prompt, *"that one's on hold — let's move to the next."* and next question.

If she recites a monologue chunk instead of responding: let her finish the chunk, then *"that was your PILLAR 2 — but the question was about X. Try again — 30 seconds, address X directly."* One re-try opportunity only.

STAGE C — GROUP FEEDBACK (~5 min)

Open (15 sec): *"Feedback in the format. ONE technique that worked / ONE moment that landed / ONE opportunity to grow in Q&A. We go around the group — each person picks one of the three. PROCESS, not score."*

During (~4 min): 4 audience students comment. If someone breaks format (*"she was great"* without specificity / comparison / *"I would have said..."*), redirect: *"Stay with the format — which of the three: technique, moment, or opportunity?"*. If no one names a specific Q&A technique, name one yourself at close: *"I noticed [specific technique] — that's one to remember for the group."*

Close presenter #1 (~30 sec): *"Thank you. Your monologue lives. Your first Q&A is on the table. Round 2 in CI 33 — bring your notes. Sit."* — no "good," no "bad," no grade.

STAGE D — RESET (~3 min)

Presenter #1 takes water, breathes. Presenter #2 moves to front. Other 3 audience (including #1 returning) reposition.

Teacher during reset: note in personal notebook 3 errors with NAME of #1 (reciting chunk / silence without reframe / defensiveness / off-topic / monologue collapsed / fillers / evasive eye contact / NO use of Set #22 / *"I don't know"* plain / excessive hedging avoiding response).

10. ■ PRESENTATION #2 + LIVE Q&A; + GROUP FEEDBACK — 25 min — PRESENTER STAND / AUDIENCE SIT

SAME FORMAT AS BLOCK 9 — Stages A (presentation 5-7 min) + B (Q&A 5 min) + C (feedback 5 min) + D (reset 3 min).

Internal difference (NOT communicated): presenter #2 already saw the format. Your internal observation: does she copy #1's techniques or develop her own? Use Set #22 or avoid it? Is her Q&A more fluid by having seen, or more self-conscious by overthinking? Private notebook only.

Teacher questions for #2: use OTHERS from your reserve (not those used with #1) or B2 variants. DO NOT repeat the exact same question — #2 already heard it.

Group feedback for #2: SAME FORMAT (technique / moment / opportunity). If someone says *"you could tell she learned from the first one"* — redirect: *"That's a comparison — not the format. Pick one of the three about HER presentation."*

Close presenter #2 (~30 sec): "Thank you. Your monologue lives. Your first Q&A is on the table. Round 2 in CI 33 — bring your notes. Sit." — no grade.

11. BRIDGE MENTAL HARVEST — 5 Q&A; TECHNIQUES THAT WORKED + 3 THAT FAILED — 10 min — STAND UP / CHORUS

> *"Two of you presented. Five of us watched. Now we harvest. Not personal feedback — that already happened. Now we name TECHNIQUES — what we ALL saw work in Q&A; what we ALL saw fail. Those names become the group repertoire for the next six sessions and the Final."*

Teacher opens (~30 sec): "Stand up. We name FIVE techniques that worked in Q&A today and THREE that failed. We name as TECHNIQUES — not 'she did X' — but 'Technique: bridge with let-me-clarify before answering' or 'Failure: reciting the closest chunk instead of addressing the question.' I write each on the board. Group calls them out, I capture. Five working, three failing. Then we read in chorus."

Harvest (~5 min): 3 non-presenters + 2 presenters contribute. Write on board:

Q&A; TECHNIQUES THAT WORKED TODAY (5):

1. _____
(e.g. "Bridge with 'let me clarify' before answering")
2. _____
(e.g. "Five seconds of silence held without panic")
3. _____
(e.g. "Acknowledged honestly what I hadn't researched")
4. _____
(e.g. "Reframed the question to a more useful one")
5. _____
(e.g. "Addressed the question directly without reciting")

Q&A; TECHNIQUES THAT FAILED TODAY (3):

1. _____
(e.g. "Recited PILLAR 2 chunk instead of answering")
2. _____
(e.g. "Said I-don't-know plain without using Set #22")
3. _____
(e.g. "Defensive 'yes but' that escalated")

Insertion #5 — when naming a functional technique of "respond with calm" or "hold silence calmly": "That right there — that was the phrase in action. 'The calm in your voice is the answer they remember.' Whoever did that today gave the rest of us a model."

Chorus reading (~2 min): read aloud the 5 functional + 3 failing, group repeats in chorus. The 5 functional are now shared repertoire for CI 30-35.

Close (~2 min): "Five techniques to use. Three to avoid. These ride into CI 30 when two more of you present. The repertoire grows each session. By CI 35 — general rehearsal — we'll have 15-20 techniques named, 8-10 failures avoided. By CI 36 — the Final — those techniques are yours. That is what Phase 5 builds: not perfect Q&A, but a NAMED repertoire of Q&A composure."

12. PHRASE CLOSE + PARAPHRASE + 1 SENTENCE PER STUDENT ON Q&A; — 6 min — STAND UP

1. (1 min) "Today's phrase from memory — WITH intonation." — 1 at random.

2. (1 min) "Now PARAPHRASE." — another. **Insertion #6.**

3. (4 min) Each student in 1 sentence how the Q&A; felt (e.g. presenters: "silence felt eternal but I held it / I recited PILLAR 2 by accident / the bridge 'let me address that from two angles' actually worked / the reframe felt forced but landed / I went defensive on question 2 and saw it in real time".

Audience: "the technique of acknowledging what you didn't know stayed with me / I saw how 'I don't know' plain is heavier than a bridge / the reframe is a tool I want to drill tonight / I realize I'd recite the monologue too"). Teacher confirms — process, NOT grade. DO NOT mention day result.

13. ERROR PAPER LIVE — 4 min — STAND UP

Typical errors from live Q&A; today:

1. ■ Q: "What's the biggest challenge in your topic?"

A: "I don't know, that's a hard question." (collapsed, no bridge)

→ ■ "Let me acknowledge that the biggest challenge depends on the angle – from one side it's X, from another it's Y. I'd address X first because..." (acknowledge + address, Set #22 in action)

2. ■ Q: "Why is arepa central to your region?"

A: "Well, arepa is a traditional food that comes from..." (RECITES opening of PILLAR 1)

→ ■ "Let me clarify – the question is WHY central, not WHAT it is. Central because three things: daily presence, family memory, regional identity. Strongest is..." (clarify + reorganize + address)

3. ■ B2-demanding Q: "If someone said your argument has a weak side, where would they push?"

A: "Yes but my argument is good because..." (defensive, no acknowledge)

→ ■ "Honestly, the weakest side of my argument is X – I have to acknowledge that. What I'd qualify is..." (honesty + qualify + owning the weakness B2)

4. ■ 12 seconds of silence without bridge after a hard question (visible panic)

→ ■ 5 sec silence + "Let me clarify what I think you're asking" + respond.

CALM silence is B2; PANIC silence is B1. Temperance day 4 = the difference.

5. ■ Mid-Q&A; presenter asked "can you repeat the question?" when she heard it fine (strategy to gain time)

→ ■ Better: "Let me take a second on that" + 3 sec reflective silence + respond.

Asking repetition when not needed sounds evasive to B2.

6. ■ During monologue: SEAM #3 rushed because presenter knew Q&A; came after (temperance day 3 broke under expectation of day 4)

→ ■ Monologue executes as in Phase 4 – 4 calm seams. Q&A; is ANOTHER exercise that follows. Don't anticipate, don't rush monologue out of Q&A; fear.

7. ■ Group feedback: someone said "she did better than the first one" (broke format)

→ ■ Format: technique / moment / opportunity. No comparison.

8. ■ At end of Q&A;, presenter asked "how did I do?"

→ ■ Your response: "Coordination handles results. Focus on round 2 in Cl 33 with your feedback notes."

Read paper. Cohort corrects 2x — naming which TECHNIQUE failed (from 3 named in block 11) + which Set #22 word (clarify / address / acknowledge / qualify / elaborate / reframe) would have saved the response.

14. PHASE 5 DAY 1 CLOSE + ANNOUNCE Cl 30 + STRICT HOMEWORK — 11 min — SIT

PHASE 5 DAY 1 OF 7 – DONE TODAY

→ Two whole monologues presented from memory.

→ Two live Q&As; executed – real questions, real responses without script.

→ Two feedback rounds in format.

→ Five Q&A; techniques harvested + three failures named. Group repertoire seeded.

→ Set #22 (clarify / address / acknowledge / qualify / elaborate / reframe) on the bank. 132 B2 words total.

→ TEMPERANCE block continues. Day 1 was "live between two ideas." Day 2 was "slow down enough to land." Day 3 was "hold the brake four times in a row." Today day 4 was "stay yourself when the question lands on territory you didn't prepare." Next class day 5 closes the block – "sustain calm under second exposure."

→ NEXT CLASS Cl 30 = PHASE 5 DAY 2. TWO MORE of you present + Q&A.; Then Cl 31 = the fifth + bisagra. Cl 32-34 = round 2 with feedback. Cl 35 = general rehearsal. Cl 36 = FINAL.

→ The two who presented today: round 2 in Cl 33 – bring your three handwritten improvements tonight.

→ The three who didn't present today: you will be in Cl 30 (two) + Cl 31 (one). Tonight's drill applies to you also – the audio Q&A; spontaneous homework is mandatory.

→ ~11 classes to Final.

> *"This is what B2 requires. 45-60 min between classes. Final in ~11 classes. We don't lower the bar. Strict protocol: Mystery verifies 4 components → public nominal reading → no exceptions → 2 strikes = coordination."*

TAREA STRICT — 4 components

HOMEWORK — DUE: BEFORE NEXT CLASS Cl 30, 6:00 PM
TOTAL TIME: 45-60 min — NOT fragmented.

(1) DRILL WHOLE MONOLOGUE FULL-V6 RECORDED 5 TIMES:

your voice, HOOK + 4 SEAMS + 3 PILLARS + CTA from memory, no paper, 5-7 min each. ONE take each. The 4 seams forged in Phase 4 maintained in each drill. Monologue does NOT accelerate by anticipation of Q&A.;

- Label: B2-AMINA-CL29-FULL-V6-DRILL1 ... DRILL5

(25-35 min total — bulk of the task).

(2) ■ NEW PHASE 5 COMPONENT — 5 ANTICIPATED Q&A; MINI-ANSWERS (30-45 SEC EACH, WRITTEN AND MEMORIZED):

Anticipate 5 LIKELY questions someone might ask about YOUR TOPIC at the Final. Write YOUR 30-45 SECOND answer for each BY HAND. Then MEMORIZE structure + ideas + Set #22 bridge (not word-for-word).

- Question 1: ____ / Answer 30-45 sec: ____

- Question 2: ____ / Answer 30-45 sec: ____

- Question 3: ____ / Answer 30-45 sec: ____

- Question 4: ____ / Answer 30-45 sec: ____

- Question 5: ____ / Answer 30-45 sec: ____

The 5 mini-answers are your BRIDGES when a REAL question in Cl 30/33/35/36 lands close to one of the 5 you anticipated.

Not "knowing the exact answer" — having mental territory prepared for 5 predictable zones.

(10-15 min total — the NEW component preparing Phase 5).

(3) 3 HANDWRITTEN IMPROVEMENTS:

- If you PRESENTED TODAY: 3 concrete things to improve in your Q&A; (e.g. "no using I-don't-know plain / bridge with 'let me acknowledge' next time / hold silence 5 sec without panic / not reciting PILLAR when asked something else / prepare Set #22 before Cl 33").

- If you DIDN'T PRESENT TODAY: 3 things you OBSERVED from the 2 presenters that you'll apply when your turn comes (e.g. "I'll hold silence like X did when she didn't know / I'll avoid 'yes but' like Y did / I'll use 'clarify' as bridge"). Bring sheet next class. (5-8 min).

(4) REVIEW 132 WORDS (Sets #1-#22): mark the 15 still crossing. Chorus next class. (8-10 min).

EXPLICIT: Today's unit was Phase 5 day 1 — 2 presentations + live Q&A; + harvest of 5+3 techniques. Tomorrow's unit is Phase 5 day 2 — 2 more presentations + Q&A.; The 5 anticipated Q&A; mini-answers are NEW Phase 5 preparation — without them, next class / Cl 31 / Cl 33 / Cl 35 / Cl 36 you enter without mental territory. MONOLOGUE DRILL DOES NOT GET SKIPPED — monologue is the floor, Q&A; is the ceiling. NO FRAGMENTATION.

Public reminder (close, ~3 min): "4 components by 6 PM next class. Name read if missing. 2 strikes = coordination. Tonight's job is the whole monologue drilled five times audio plus FIVE prepared mini-answers to questions you anticipate plus three handwritten improvements plus 132-word review. The phrase still holds — temperance in Q&A is not knowing every answer; it's responding without losing yourself; the calm in your voice is the answer they remember. Next class Cl 30 — Phase 5 day 2: two more present + Q&A. Phase 5 is OPEN. ~11 classes to Final."
