

B1 MASTERY — CLASS 35 CONV — Conversational Teacher

Session 35/44 · 1h50min · Block 1 (Conv goes FIRST in this session) · IMMERSIVE MODEL — 4 long blocks

Date: ___/___/2026 · Attending: ___/___

Today's focus: oral application of B1 Book M2 — *Either, Neither, Both — Decisions with Two Options*. Either...or = one of two; Neither...nor = zero of two (never with "not"); Both...and = two of two. Agreement responses in fast speech: "Me too / So do I / Me neither / Neither do I." The Grammar Teacher formalizes the form in the second block of this session.

Virtue: JUSTICE day 5 of 5 — **BLOCK CLOSSES TODAY** (block 31–35). CI 36 opens FORTITUDE v2.

Phrase of the Day: *"Justice day five closes the block — when there are two options, weigh both, name the cost of each, decide out loud, and own it."*

BLOCK 1 — OPENER — 10 min

(1 min) Welcome + frame

> *"Welcome to CI 35 of 44. Today is Module 2 of the B1 Book — Either, Neither, Both — Decisions with Two Options. Previous class opened the book with M1 Question Tags. Virtue: JUSTICE — day FIVE of five. Today the block CLOSSES. Next class opens FORTITUDE."*

(2 min) Phrase of the Day — on the board (already written)

PHRASE OF THE DAY — CL 35 CONV

"Justice day five closes the block — when there are two options, weigh both, name the cost of each, decide out loud, and own it."

Read once slowly. Cohort echoes 2×. Quick gloss: *"Either-or weighs two options and picks one. Neither-nor refuses both. Both-and takes both. Justice day 5 is about deciding cleanly between two options without hiding the cost — and announcing the choice instead of slipping it in. By the end of the simulation today, every one of you will have made eight binary decisions out loud, with the structure, in front of a peer."*

(2 min) 60-sec mystery — fast diagnostic

> *"60 seconds. Each of you names ONE thing the Grammar Teacher's pase from the previous class flagged for fixing today — a wrong auxiliary, a wrong tag polarity, an 'isn't it?' used for everything, an 'amn't I'. Go."*

Pick 3 students at random. If any asks about Final results: *"Coordination handles results. Focus on what comes next."* Note who did not bring homework.

(3 min) Warm-up — standing "two-option" speed round

Everyone stands in a circle. You call a binary professional choice; the next student must answer using ONE of the three structures (either...or / neither...nor / both...and) in a complete sentence. Move fast — 8 prompts in 3 minutes.

"Coffee or tea before the standup?" → "I drink either coffee or tea."
"Lunch or no lunch when the demo runs late?" → "I have neither lunch nor a break."
"Slack message or email for a quick ask?" → "I send both a Slack message and an email."
"Push to staging or to production tonight?" → "Tonight we push neither to staging nor to production."
"PowerPoint or Google Slides for the deck?" → "I can present in either PowerPoint or Google Slides."
"Train the junior or fix the bug?" → "I should do both — train the junior and fix the bug."
"Spanish or English in the client call?" → "We can use either Spanish or English."
"Morning shift or evening shift Friday?" → "I can do neither the morning shift nor the evening shift."

No corrections yet — just temperature. Note in your head who hesitated.

(2 min) Bridge to today's content

> *"Today's content is M2 — only the speaking side. The Grammar Teacher formalizes the form in the next block. My job: get either-or, neither-nor, and both-and out of your mouth, fast, with the right verb agreement and the right Spanish-to-English flip — never 'I can't speak neither English' — that's the most expensive mistake in this module. The simulation today is a boss/team decision meeting, eight rounds, rotating triads. Let's start."*

BLOCK 2 — CONTENT OF THE DAY — 40 min

(5 min) Mini-talk — three structures in real workplace dialogue

Talk standing, board behind you. Model EACH structure out loud.

> *"Either, Neither, Both in real work dialogue — three structures, one rule each. ONE: EITHER...OR — one of two options, picking. Position matters — 'either' can land before a noun ('I want either coffee or tea'), before a verb ('I can either come or send a note'), or before 'of' for indifference ('either of the two contracts works for me'). TWO: NEITHER...NOR — zero of two options, refusing. Critical trap: never with 'not'. Spanish says 'no puedo hablar ni español ni inglés' — three negatives. English says 'I can speak neither Spanish nor English' — ONE negative carried by 'neither'. Saying 'I can't speak neither' is a double negative, wrong. THREE: BOTH...AND — two of two options, taking both. 'I can both write the proposal and run the demo.' Also: 'both' takes plural agreement ('Both contracts are signed'), 'either of' and 'neither of' take singular ('Neither of the contracts IS signed'). And in fast speech — agreement responses. Positive: 'Me too / So do I / I do too.' Negative: 'Me neither / Neither do I.' Justice day 5: the structure forces you to NAME the cost — saying 'neither' commits, saying 'both' commits. No fence-sitting.'"*

Demo on the board:

```
EITHER → 1 of 2 (picking) verb = singular if "either of"
NEITHER → 0 of 2 (refusing) verb = singular if "neither of"
NEVER with "not"
BOTH → 2 of 2 (taking both) verb = plural
AGREE+ → "Me too / So do I / I do too"
AGREE- → "Me neither / Neither do I"
```

(15 min) Guided practice in pairs — 12 binary-option cards

Hand each pair the deck of 12 binary-option cards. They take turns: one reads the card aloud as a question, the other answers in a complete sentence using one of the three structures + adds an agreement response. Then swap. Walk between pairs and physically correct on the spot — especially the "no...neither" double negative and the verb-agreement on "either of / neither of".

Card deck (question on each card):

1. "Bus or taxi to the airport?"
2. "Do you want the salary offer or the equity offer?"
3. "Do we approve the budget or the timeline?"
4. "Could the leak be in the bathroom or the kitchen?"
5. "Is Maria on Monday or Tuesday?"
6. "Do the engineers fix it or do the engineers escalate?"
7. "Are we shipping the iOS app or the Android app first?"
8. "Will you handle the client call or the internal review?"
9. "Has Andres signed the NDA or the SOW?"
10. "Do you eat meat or fish at the team dinner?"
11. "Did you finish the report or the deck?"
12. "Should we hire one senior or two juniors?"

Coach softly while you walk: double negatives, wrong verb agreement, mixed-up positions, "both" used where "also" or "too" belongs. Note errors with NAMES in your notebook. Phrase of the Day INSERTION #2: *"Justice day 5 — name the cost. 'Neither' refuses both. 'Both' takes both. Pick and own it."*

(15 min) Free pair derivation — "binary decisions you actually made this week"

Same pairs, no cards. Build 6 short exchanges each — REAL decisions from this week, not invented ones.

Board (write before class):

FREE PAIR DERIVATION – 6 EXCHANGES (15 min)

Pattern:

A: [a binary question about your real week]

B: [answer using either/neither/both + 1 sentence that NAMES THE COST of the choice]

Examples:

A: "Did you fix the bug or write the doc on Tuesday?"

B: "I did both – the bug and the doc. The cost was I stayed an hour late."

A: "Was the kickoff on the 12th or the 15th?"

B: "Neither – it was the 17th. The cost of the delay was the client lost trust in the date."

Requirements per pair:

- 6 exchanges total
- At least 2 with EITHER...OR (picking 1 of 2)
- At least 2 with NEITHER...NOR (refusing both)
- At least 2 with BOTH...AND (taking both)
- At least 2 agreement responses ("Me too / Me neither / So do I / Neither do I")
- Every B answer must NAME THE COST in 1 sentence (Justice day 5: own the choice)
- ZERO double negatives ("I can't... neither" = stop, redo)

Rotate partners twice during this 15 min so each student speaks to at least 3 different people. Walk and coach. Listen for the double negative — flag it on the spot. Phrase of the Day INSERTION #3: *"Two options on the table — name the cost, decide, own it. That's how justice closes."*

(5 min) Whole-cohort share + 1 live correction

Two strong pairs perform 1 full exchange each in front of the group (90 sec each). After the second pair, pick ONE error you heard during the 30-min pair work and correct it live with the cohort echoing 2× — your priority is the double negative if it appeared. Then: *"Stand up — we move to the simulation."*

BLOCK 3 — LIVE APPLICATION — 45 min — "BOSS / TEAM DECISION MEETING"

ONE activity, no format change for 45 minutes. Rotating triads. Every student plays every role.

(3 min) Setup

> *"Stand. You're running a weekly leadership decision meeting. You'll work in triads — three roles, rotating. BOSS opens the meeting and presents 4 binary decisions to the TEAM MEMBER — budget A or budget B, hire senior or hire two juniors, ship Friday or ship Tuesday, in-person event or virtual event. TEAM MEMBER answers each with either/or, neither/nor, or both/and — and in 1 sentence names the cost of the choice. The TEAM MEMBER also throws back a fifth, sixth, seventh, eighth decision to the BOSS. So the round is 8 decisions total. OBSERVER tracks 3 things on the grid I'm handing out: how many decisions use the structure correctly, how many double negatives slip in ('I can't... neither' = automatic fail), and whether the speaker actually NAMED THE COST or just dodged. Three rounds. Each round 12 minutes. Every student plays every role exactly once. Justice day 5 — closing: own the choice, name the cost, decide out loud."*

Hand out printed observer grid (prepared before class):

OBSERVER GRID – CL 35 CONV – BOSS / TEAM DECISION MEETING

BOSS / TEAM MEMBER (this round): _____ / _____

Mark each decision below as:

- ✓ = correct structure + verb agreement + cost named
- × dbl = double negative ("can't... neither" — auto fail)
- × str = wrong structure (either where both, etc.)
- × agr = wrong verb agreement ("Neither of them ARE")
- × cost = no cost named (dodged the ownership)

Decision 1: _____ → ✓ / × dbl / × str / × agr / × cost
Decision 2: _____ → ✓ / × dbl / × str / × agr / × cost
Decision 3: _____ → ✓ / × dbl / × str / × agr / × cost
Decision 4: _____ → ✓ / × dbl / × str / × agr / × cost
Decision 5: _____ → ✓ / × dbl / × str / × agr / × cost
Decision 6: _____ → ✓ / × dbl / × str / × agr / × cost
Decision 7: _____ → ✓ / × dbl / × str / × agr / × cost
Decision 8: _____ → ✓ / × dbl / × str / × agr / × cost

One sentence to the speakers at the end:

(~40 min) 3 rounds × ~12 min — rotating triads

Round 1 (12 min): Triads form. Roles assigned. BOSS opens, runs 4 decisions, TEAM MEMBER throws back 4. Each answer carries the structure + the cost. Observer marks the grid. You circulate triad by triad — coach the structure when wrong, kill double negatives instantly (*"redo without the 'not'"*), and push for the COST sentence when it gets dropped.

Round 2 (12 min): Rotate. New BOSS, new TEAM MEMBER, new OBSERVER. Same 8-decision structure. By now the cohort knows the rhythm — push for SPEED. Decisions should land in 5 seconds, not 15. Push for at least one BOTH...AND per round (most cohorts default to either/or — they avoid both because it commits to more work).

Round 3 (12 min): Final rotation. Every student has now played every role. Push for COMPLEXITY: at least one decision per BOSS must include "neither of the two options" with correct singular verb agreement, and at least one agreement response in fast speech ("So do I / Neither do I" — full inverted form, not just "Me too / Me neither").

Phrase of the Day INSERTION #4 during round 2 transition: *"Justice day 5 closes the block — name the cost or the decision doesn't count. Both, either, or neither — own it."*

(2 min) Cohort close

One strong triad demos 90 sec in front of the group — full BOSS open, 2 decisions, TEAM MEMBER answers + throws back 1, observer reports back. Applause.

> *"Justice day five closes today. Next class opens FORTITUDE — day one of five — but that's next class. Today you weighed, named, decided, owned."*

BLOCK 4 — CLOSE — 15 min

(4 min) Error paper recap — 4 most common errors today

Write on the board (anonymous; NAMES only in your personal notebook):

ERROR PAPER — CL 35 CONV

1. ■ "I can't speak neither English nor Spanish." → ■ "I can speak NEITHER English NOR Spanish." (never "not" + "neither" — single negative)
2. ■ "Neither of the contracts ARE signed." → ■ "Neither of the contracts IS signed." ("neither of" → singular verb)
3. ■ "I have a car, too — both." → ■ "I have a car, too." OR "I also have a car." ("both" is not "también")
4. ■ "Me too — I can't go." → ■ "Me neither" OR "Neither can I." (negative agreement needs "neither", not "too")

Cohort echoes the 4 corrections in chorus 1×. Note the named version in your notebook for the audit report — do NOT say names aloud.

(3 min) Phrase of the Day close

1. *"Phrase from memory — one student."* Pick one at random.
2. *"Now paraphrase what JUSTICE DAY 5 CLOSING means for one real decision you will own out loud before next class."* Pick another at random.

(4 min) Homework — explained out loud

HOMEWORK CL 35 CONV – DUE: BEFORE NEXT CLASS CL 36, 7:00 AM
TIME: 30-45 min – NOT fragmented.

(1) WRITING – 10 min – 10 either/neither/both sentences about REAL decisions this week.

4 with EITHER..OR
3 with NEITHER..NOR
3 with BOTH..AND

Examples:

"I can either take the early flight or the night bus to the client site."

"Neither the design lead nor the PM was in the standup on Tuesday."

"I both shipped the report and answered the client email before noon."

RULE: zero double negatives. Correct verb agreement on "either of / neither of" (singular). Hand in on paper next class.

(2) AUDIO eyes closed – 3 min – Record yourself presenting 5 binary choices you will face next week. Use 2 EITHER..OR, 2 NEITHER..NOR, 1 BOTH..AND. After each, name the cost in 1 sentence. Justice day 5: own the cost.
Label: B1-CONV-35.

(3) LISTENING – 10 min – Find a YouTube clip of a workplace meeting or business interview (any source – TED, podcast, panel). Note 5 binary structures you hear (either / neither / both / agreement responses) and write the full sentence. Mark which ones name the cost of the decision. Bring the notes on paper.

RULE: Not fragmented. No "I didn't have time."

(4 min) PASE A GRAMMAR — CL 35 — fill + deliver

Fill the sheet titled **"PASE A GRAMMAR — CL 35"** in front of the cohort so they see the handoff is real:

PASE Conv → Grammar – Cl 35

3 form gaps observed in Conv today (literal):

1. [literal error] – student: [name]
2. [literal error] – student: [name]
3. [literal error] – student: [name]

Most common patterns today:

- DOUBLE NEGATIVE: "I can't... neither..." – still the most expensive single error in M2; need explicit drill on "neither" carries the negative alone
- "Neither of the X ARE" / "Either of the X ARE" – plural verb where singular is required
- "Both" used where "also/too" belongs (Spanish "también" interference)
- Negative agreement with "Me too" instead of "Me neither" / "Neither do I"
- Mixed-up position of "either" / "both" (before noun vs before verb vs after "of")

Note: Cohort arrives at your block with the three structures already in their mouth orally. Formalize the form from the book (B1 Book M2 pages 7–20: Guide 1 "Either...or" p.9; Examples p.10; Exercises p.11; Guide 2 "Neither...nor" p.13 with verbatim rule "Neither...nor are never used with a negative 'not'"; Examples p.14; Exercises p.15; Guide 3 "Both...and" p.17 with verbatim "we do not use 'both' to say 'tambien'"; Examples p.18; Exercises p.19).

Schedule: Cl 36 = M3 Deduction – must/might/could/can't + perfect modals preview (B1 Book p.21+). FORTITUDE day 1 – block OPENS. Cl 44 = Final (last 2h), calendar fact only.

Signed: Conversational Teacher

Hand it physically to the Grammar Teacher before the second block of this session begins.

Close (verbatim)

> *"See you next class Cl 36. Today closed JUSTICE — day five — and closed M2 Either, Neither, Both on the oral side. Today you weighed two options eight times, named the cost, and owned the call. Next class opens FORTITUDE — day one of five — and Module 3 — Deduction — must, might, could, can't. Homework due before next class, 7 AM. Any question about evaluations or the Final goes to coordination — not to me, not to the Grammar Teacher."*
