

B1 MASTERY — CLASS 38 CONV — Conversational Teacher

Session 38/44 · 1h50min · Block 1 (Conv goes FIRST in this session) · IMMERSIVE MODEL — 4 long blocks

Date: ___/___/2026 · Attending: ___/___

Today's focus: oral application of B1 Book M5 — *Could Have / Should Have — The Perfect Modals*. Five past modals: **WOULD HAVE** (willingness not exercised) / **COULD HAVE** (past possibility not taken) / **SHOULD HAVE** (recommendation in retrospect — regret/criticism) / **MIGHT HAVE** (lower past possibility) / **MUST HAVE** (past deduction). Plus regret expressions: **"I wish I had..."** and **"If only I had..."** — same "HAD + participle" structure as the third conditional. The Grammar Teacher formalizes the form in the second block of this session.

Virtue: FORTITUDE v2 day 3 of 5 (block stays open, CI 36–40).

Phrase of the Day: *"Fortitude day three — the past you regret is the past you can name out loud — should have, could have, I wish I had — and then walk forward."*

BLOCK 1 — OPENER — 10 min

(1 min) Welcome + frame

> *"Welcome to CI 38 of 44. Today is Module 5 of the B1 Book — Could Have / Should Have — The Perfect Modals. Previous class closed M4 Third Conditional. Virtue: FORTITUDE — day THREE of five. Block stays open."*

(2 min) Phrase of the Day — on the board (already written)

PHRASE OF THE DAY — CL 38 CONV
"Fortitude day three — the past you regret is
the past you can name out loud — should have,
could have, I wish I had — and then walk
forward."

Read once slowly. Cohort echoes 2×. Quick gloss: *"Today is the regret module. SHOULD HAVE — you didn't do something you should have done. COULD HAVE — something was possible and you didn't take it. WOULD HAVE — you were willing but it didn't happen. MIGHT HAVE — partial past possibility. MUST HAVE — past deduction, which we previewed two classes ago. Plus 'I wish I had...' and 'If only I had...' — the regret expressions. Fortitude day 3: regret is data, not damage. We name it, we walk forward. By the end of the simulation, every one of you will have named six past calls — yours or someone else's — with the right perfect modal."*

(2 min) 60-sec mystery — fast diagnostic

> *"60 seconds. Each of you names ONE thing the Grammar Teacher's pase from the previous class flagged for fixing today — 'If I would have', missing 'have' in the result, wrong participle, mixed 2nd/3rd. Go."*

Pick 3 students at random. If any asks about Final results: *"Coordination handles results. Focus on what comes next."* Note who did not bring homework.

(3 min) Warm-up — standing perfect-modal speed round

Everyone stands in a circle. You give a past fact; the next student says ONE complete sentence with a perfect modal that fits. Move fast — 8 prompts in 3 minutes.

"You left your phone at the office last night." → "I shouldn't have left it on the desk — anyone could have taken it."
"The team didn't go to the offsite." → "They should have gone — they would have learned a lot."
"You bought the cheap projector." → "I could have bought the better one. I wish I had."
"Maria didn't ask the client for the requirements." → "She should have asked — the project would have been clearer."
"You took the night flight." → "I could have taken the morning flight — I would have arrived rested."
"The dev team shipped without tests." → "They shouldn't have shipped — they could have caught the bug."
"You answered the email at midnight." → "I shouldn't have answered at midnight. If only I had waited until morning."
"Andres didn't take the senior role." → "He could have taken it. I think he might have regretted saying no."

No corrections yet — just temperature. Note in your head who hesitated.

(2 min) Bridge to today's content

> *"Today's content is M5 — only the speaking side. The Grammar Teacher formalizes the form in the next block. My job: get all five perfect modals + the two regret expressions out of your mouth, in a real lessons-learned review. The structure is the same — modal + HAVE + participle — but the MEANING shifts."*

BLOCK 2 — CONTENT OF THE DAY — 40 min

(5 min) Mini-talk — five perfect modals + two regret expressions

Talk standing, board behind you. Model EACH meaning out loud.

> **Five perfect modals. Same form. Different meaning. Form first — every single one is modal + HAVE + past participle. 'should have been', 'could have done', 'would have called', 'might have known', 'must have left'. The 'have' is not optional. Meanings — and this is where Spanish speakers fall. SHOULD HAVE: recommendation in retrospect — critique. 'You should have called.' (You didn't call. I'm telling you that was wrong.) COULD HAVE: past possibility not taken. 'You could have called.' (It was possible. I'm not blaming, just naming the option.) WOULD HAVE: willingness, not exercised. 'I would have called, but my phone died.' (The intention was there, the action wasn't.) MIGHT HAVE: lower possibility. 'You might have called.' (Maybe — partial certainty about a possible past action.) MUST HAVE: deduction about the past — we previewed this in Cl 36. 'You must have called — there's a missed call from you.' (90% sure based on evidence.) Plus the regret expressions. 'I WISH I HAD' = ojalá hubiera. 'IF ONLY I HAD' = si tan sólo hubiera — more dramatic, more common in British English. Same form as third conditional IF clause — HAD + participle. WATCH: North American speakers say 'I wish I would have' — book says it's incorrect but generally accepted. We teach the correct form — 'I wish I had'. Fortitude day 3: name the regret, walk forward. The form is the same. The meaning is what we're choosing.**

Demo on the board:

PERFECT MODALS – same form, different meaning
WOULD HAVE + participle → willingness not exercised
COULD HAVE + participle → past possibility not taken
SHOULD HAVE + participle → critique / recommendation
MIGHT HAVE + participle → lower past possibility
MUST HAVE + participle → past deduction (from Cl 36)

REGRET EXPRESSIONS – same "HAD + participle" as 3rd cond
"I wish I HAD called you." = ojalá hubiera llamado
"If only I HAD called you." = si tan sólo hubiera llamado

NEVER: "I should called" · "I wish I would have called" (book p.47: accepted but technically wrong)

(15 min) Guided practice in pairs — 12 regret/critique cards

Hand each pair the deck of 12 regret/critique cards. They take turns: one reads the situation aloud, the other gives THREE responses — one with a perfect modal of CRITIQUE (should/shouldn't have), one with a perfect modal of POSSIBILITY (could have / might have), one with a REGRET expression (I wish I had / If only I had). Then swap. Walk between pairs and physically correct on the spot.

Card deck (one situation per card):

1. "You forgot to invite the design lead to the kickoff."
2. "The team launched on Friday afternoon."
3. "You didn't proofread the email before sending."
4. "Andres turned down the promotion."
5. "The client meeting ran 90 minutes over."
6. "You ate sushi from the gas station."
7. "Maria didn't push back on the unrealistic deadline."
8. "The dev branch wasn't backed up."
9. "You bought the cheap laptop."
10. "The intern fixed the bug on production at 2 AM."
11. "You took the contract without legal review."
12. "The team skipped the retro."

Coach softly while you walk: "I should called" (missing have), "I wish I would have" (incorrect form), confusion between SHOULD HAVE (critique) and COULD HAVE (possibility), missing the regret meaning ("I wish I had a coffee" — that's present hypothetical, not past regret). Note errors with NAMES in your notebook. Phrase of the Day INSERTION #2: *"Fortitude day 3 — regret is data. Name it cleanly. Should have, could have, wish I had."*

(15 min) Free pair derivation — "a past decision you regret"

Same pairs, no cards. Each student picks ONE real past decision they regret — could be work, could be life. Build 6 sentences each across the perfect modals + regret expressions, 12 per pair.

Board (write before class):

FREE PAIR DERIVATION — 6 SENTENCES EACH (15 min)

Pattern per speaker:

- Pick 1 real past decision you regret
- Build 6 sentences:
 - 2 with SHOULD HAVE (critique of the call)
 - 2 with COULD HAVE (alternative possibility)
 - 1 with "I WISH I HAD..." (regret)
 - 1 with "IF ONLY I HAD..." (regret, dramatic)
- Partner asks 1 follow-up per sentence

Example speaker (decision: stayed at the same company too long):

"I should have moved companies in year 2."

"I shouldn't have waited for the promotion."

"I could have learned a new stack at a startup."

"I could have built a network outside the company."

"I wish I had taken the recruiter call in March."

"If only I had trusted the gut feeling sooner."

Requirements per pair:

- 6 sentences per person (12 total)
- At least 4 different perfect modals used across the 12 (should/could/would/might/must)
- At least 2 "I wish I had" + 2 "If only I had"
- Fortitude day 3: every speaker closes with 1 sentence — "Today I..." — naming what they do now BECAUSE of that regret (carry forward)

Rotate partners twice during this 15 min so each student speaks to at least 3 different people. Walk and coach. Listen for "I wish I would have" — flag it (book says it's accepted, we teach correct). Listen for missing "have". Phrase of the Day INSERTION #3: *"Name the regret. Walk forward. Fortitude day 3."*

(5 min) Whole-cohort share + 1 live correction

Two strong pairs perform 2 sentences each + the "Today I..." carry-forward in front of the group (90 sec each). After the second pair, pick ONE error you heard during the 30-min pair work and correct it live with the cohort echoing 2× — your priority is "I wish I would have" or missing "have" if either appeared. Then: *"Stand up — we move to the simulation."*

BLOCK 3 — LIVE APPLICATION — 45 min — "LESSONS-LEARNED REVIEW"

ONE activity, no format change for 45 minutes. Rotating pairs (then triads in round 3). Every student speaks every round.

(3 min) Setup

> *"Stand. You're in a quarterly lessons-learned review — two colleagues sitting down to look at the last 90 days of decisions, name what they wish they had done differently, and extract the rules for next quarter. You'll work in pairs for rounds 1 and 2, then triads for round 3. SPEAKER picks ONE real past work decision and gives 6 perfect modals + 2 regret expressions on it. LISTENER asks 1 follow-up per sentence ('why did that matter?', 'what would have changed?', 'what's the rule now?'). At the end of the 12 minutes, SPEAKER must name the 'Today I...' carry-forward — the rule extracted. Then swap. Round 3 adds a third role — WITNESS — who observes silently with the grid. Three rounds. Each round 12 minutes. Every student speaks at least twice. Fortitude day 3 — regret is data, walk forward."*

Hand out printed observer grid (prepared before class):

OBSERVER GRID – CL 38 CONV – LESSONS-LEARNED REVIEW

SPEAKER (this round): _____

Mark each perfect modal / regret expression below as:

✓ = correct form (modal + HAVE + participle) + correct meaning + lesson named

✗ hav = missing "HAVE" ("I should called")

✗ wld = "I wish I would have" (book p.47 – teach correct)

✗ mng = wrong meaning (saying "should" when "could" fits)

✗ les = no carry-forward at the end

Sentence 1: _____ → ✓ / ✗ hav / ✗ wld / ✗ mng / ✗ les

Sentence 2: _____ → ✓ / ✗ hav / ✗ wld / ✗ mng / ✗ les

Sentence 3: _____ → ✓ / ✗ hav / ✗ wld / ✗ mng / ✗ les

Sentence 4: _____ → ✓ / ✗ hav / ✗ wld / ✗ mng / ✗ les

Sentence 5: _____ → ✓ / ✗ hav / ✗ wld / ✗ mng / ✗ les

Sentence 6: _____ → ✓ / ✗ hav / ✗ wld / ✗ mng / ✗ les

Sentence 7: _____ → ✓ / ✗ hav / ✗ wld / ✗ mng / ✗ les

Sentence 8: _____ → ✓ / ✗ hav / ✗ wld / ✗ mng / ✗ les

One sentence to the speaker at the end (the carry-forward):
_____**(~40 min) 3 rounds × ~12 min — rotating pairs/triads**

Round 1 (12 min): Pairs form. Roles assigned. SPEAKER picks a past decision, runs 6 perfect modals + 2 regret expressions, LISTENER asks follow-ups. No grid yet — both partners just speak. You circulate pair by pair — coach the form when wrong, kill "I wish I would have" instantly ("*redo: 'I wish I HAD'*"), push for the "Today I..." carry-forward at the 10-min mark.

Round 2 (12 min): Swap. Other partner now speaks. Same 6+2 structure. By now the cohort knows the rhythm — push for VARIETY of modals (most cohorts default to SHOULD HAVE only — push for COULD HAVE, MIGHT HAVE, MUST HAVE). Push for at least 1 "If only I had" (most students stick to "I wish I had" — the more dramatic regret is harder).

Round 3 (12 min): Form triads. New pair + a WITNESS. WITNESS marks the observer grid silently. SPEAKER runs the full 8 (6 modals + 2 regrets) + the carry-forward at the end. After 8 minutes, WITNESS reads back from the grid — what landed, what didn't, what was the strongest carry-forward.

Phrase of the Day INSERTION #4 during round 2 transition: "*Fortitude day 3 — the regret is the data, the carry-forward is the work. Both, out loud.*"

(2 min) Cohort close

One strong triad demos 90 sec in front of the group — SPEAKER runs 2 modals + 1 regret + the carry-forward, WITNESS reports from the grid. Applause.

> *"*Fortitude day three. Two more days in the block. Today you named past decisions and turned them into rules. That's the work.*"*

BLOCK 4 — CLOSE — 15 min**(4 min) Error paper recap — 4 most common errors today**

Write on the board (anonymous; NAMES only in your personal notebook):

ERROR PAPER – CL 38 CONV

1. ■ "I should called you." → ■ "I should HAVE called you." (perfect modal = modal + HAVE + participle – "have" is not optional)
2. ■ "I wish I would have called you." → ■ "I wish I HAD called you." (book p.47: "would have" accepted in N. America but technically incorrect – we teach "had")
3. ■ "You should have called – it was possible." → ■ "You could have called – it was possible." (SHOULD HAVE = critique; COULD HAVE = possibility – different meaning, same form)
4. ■ "I wish I had a coffee right now." → ■ "I wish I had had a coffee earlier." (present hypothetical ≠ past regret; for past regret = had + participle)

Cohort echoes the 4 corrections in chorus 1×. Note the named version in your notebook for the audit report — do NOT say names aloud.

(3 min) Phrase of the Day close

1. "*Phrase from memory — one student.*" Pick one at random.
2. "*Now paraphrase what FORTITUDE DAY 3 means for one past decision you will turn into a rule before next class.*" Pick another at random.

(4 min) Homework — explained out loud

HOMEWORK CL 38 CONV – DUE: BEFORE NEXT CLASS CL 39, 7:00 AM
TIME: 30-45 min – NOT fragmented.

(1) WRITING – 10 min – 10 perfect-modal / regret sentences about REAL past decisions this year.

3 with SHOULD HAVE (critique)

3 with COULD HAVE (possibility)

1 with WOULD HAVE (willingness)

1 with MIGHT HAVE (partial possibility)

1 with "I wish I had..." (regret)

1 with "If only I had..." (dramatic regret)

Examples:

"I should have pushed back on the timeline in the kickoff."

"I could have hired the senior in January instead of waiting."

"I wish I had asked the client about the budget before sending the deck."

"If only I had read the contract more carefully."

RULE: every modal + HAVE + participle. Zero

"I wish I would have". Zero "I should called".

After each, add 1 line: "Today I..." – the rule you live by now BECAUSE of that past call.

Hand in on paper next class.

(2) AUDIO eyes closed – 3 min – Record yourself doing a 2-minute lessons-learned review on ONE real past decision. 6 perfect modals + 2 regret expressions + 1 "Today I..." carry-forward. Fortitude day 3: name the regret, walk forward. Label: B1-CONV-38.

(3) LISTENING – 10 min – Find a YouTube clip of a memoir interview, founder reflection, or career-pivot story (any source – TED, podcast, panel). Note 5 perfect-modal or regret sentences you hear and write the full sentence. Mark which modal (should/could/would/might/must) and which carry the regret meaning vs. the critique meaning. Bring the notes on paper.

RULE: Not fragmented. No "I didn't have time."

(4 min) PASE A GRAMMAR — CL 38 — fill + deliver

Fill the sheet titled **"PASE A GRAMMAR — CL 38"** in front of the cohort so they see the handoff is real:

PASE Conv → Grammar – Cl 38

3 form gaps observed in Conv today (literal):

1. [literal error] – student: [name]
2. [literal error] – student: [name]
3. [literal error] – student: [name]

Most common patterns today:

- Missing "have" in the perfect modal ("I should called" / "I could went") – same root error as the third conditional result half from Cl 37
- "I wish I would have" – book p.47 acknowledges it is accepted in N. America but says it is technically incorrect; we teach the correct "I wish I HAD"
- Wrong perfect modal meaning – SHOULD HAVE (critique) used where COULD HAVE (possibility) fits, or vice versa
- "I wish I had a coffee" (present hypothetical – that's the 2nd conditional construction) confused with "I wish I had had a coffee" (past regret)
- Avoidance of MIGHT HAVE and MUST HAVE – cohort defaults to SHOULD/COULD; need explicit prompts

Note: Cohort arrives at your block with all five perfect modals + the two regret expressions in their mouth. The form is consistent (modal + HAVE + participle, same as Cl 37 result half and same as Cl 36 past deduction). Formalize the form from the book (B1 Book M5 pages 41-50: Guide 1 "The Past Modals" p.43 with the three meanings table (would/could/should + present perfect); Examples p.44 with ~22 sentences; Exercises p.45 fill-the-modal; Guide 2 "Expressing Regret" p.47 with verbatim "I wish I had gone" / "If only I had gone" + the note that "I wish I would have" is "incorrect, but generally accepted"; Examples p.48; Exercises p.49 mix of regret expressions).

Schedule: Cl 39 = continuation in B1 Book (next available module). FORTITUDE day 4. Cl 40 = FORTITUDE day 5 (closes). Cl 44 = Final (last 2h), calendar fact only.

Signed: Conversational Teacher

Hand it physically to the Grammar Teacher before the second block of this session begins.

Close (verbatim)

> *"See you next class Cl 39. Today opened M5 Perfect Modals + the regret expressions on the oral side and ran day THREE of FORTITUDE. Today you turned 8 past calls into 8 rules for next quarter. Next class is day FOUR of fortitude. Homework due before next class, 7 AM. Any question about evaluations or the Final goes to coordination — not to me, not to the Grammar Teacher."*

NOTAS INTERNAS (no leer en clase)

- **MODELO INMERSIVO (Diana 2026-06-18):** 4 bloques largos. Frase del Día + virtud + vocab + peer + shadowing INTEGRADOS, NO bloques sueltos. Inmersión profunda, profesor coacha desde el lado.

- **Virtud:** CI 36–40 = FORTALEZA v2. Hoy día 3. Mañana CI 39 = día 4.
- **Próximo (CI 39):** continuación en el B1 Book (siguiente módulo disponible). FORTALEZA día 4.
- **Errores de más alto costo en M5:** (1) "I should called" — falta "have" (mismo root error que CI 37 result half y CI 36 past deduction); (2) "I wish I would have" — el libro mismo dice que es aceptado en N. América pero técnicamente incorrecto. Enseñamos lo correcto.
- **Bridge desde CI 36-37:** "modal + have + participle" trabajado en CI 36 (deducción pasada) y CI 37 (result clause third conditional) reaparece hoy en cinco modales perfectos + dos expresiones de regret. Si quedó la estructura en boca, hoy fluye.
- **Round 3 introduce WITNESS** con grid — primer round con observación formal. Antes son pairs sin grid para libertad de error.
- **Cronograma:** CI 44 = FINAL PRESENTATION (últimas 2h del nivel — confirmado Diana 22/05). Anunciar SOLO como hecho de calendario.
- **GoldList ELIMINADO** desde 14/05. Solo Frase del Día.
- **Cohorte:** B1 Mastery. El cambio de Grammar Teacher (2026-06-15) no se menciona en clase — guías genéricas.
- **Frase del Día insertions target: 4** (board opener + Block 2 cards + Block 2 derivation + transición round 2 simulación).
- **Supuestos cargados:** Páginas del libro verificadas con pypdf (M5 pp.41–50 con Guide 1 "Past Modals" p.43 (would/could/should + present perfect), Examples p.44, Exercises p.45; Guide 2 "Expressing Regret" p.47 verbatim "I wish I had / If only I had" + nota p.47 sobre "I wish I would have" como aceptado pero incorrecto; Examples p.48; Exercises p.49). Libro NO incluye MIGHT HAVE ni MUST HAVE en el módulo (esos vienen de CI 36 M3 deducción); los integramos hoy como repaso porque comparten la forma.
