

B1 MASTERY — CLASS 37 GRAMMAR — Grammar Teacher

Session 37/44 · 1h50min · Block 2 (after Conv) · IMMERSIVE MODEL — 4 long blocks · ~85% standing

Date: ___/___/2026 · Attending: ___/___

Module: B1 Book M4 — *The Third Conditional* — *What Would You Have Done?* (p.27–40)

Virtue: FORTITUDE v2 day 2 of 5 (CI 36–40)

Phrase of the Day: *"On day two of fortitude we look back on what didn't happen with the right shape — if I had done, I would have done — straight stays in the past, mixed lands in the present, and the past does not change."*

BLOCK MAP — 4 LONG BLOCKS (110 min)

| # | Min | Block | Function |

| ---|---|---|---|

| 1 | 10 | **OPENER** | Welcome + FORTITUDE day 2 + CI 37 of /44 + Phrase of the Day + 60-sec mystery (Conv pase) + standing IF-clause board race + bridge |

| 2 | 40 | **CONTENT OF THE DAY** | M4 FORM: mini-talk (8 min) + walking transformation 2 zones STRAIGHT vs MIXED (15 min) + pair drilling 12 transformations (10 min) + podium reinforce questions and negatives (7 min) |

| 3 | 45 | **LIVE APPLICATION** | ONE immersive activity — "POST-MORTEM REVIEW" — rotating triads run a project review, observer grid, live board errors |

| 4 | 15 | **CLOSE** | Error paper recap + Frase close + Tarea + PASE A CONV — CL 38 |

Bring to class: B1 Book open at p.27-40 · Phrase of the Day already written on the board · "PASE A CONV — CL 38" blank sheet · Conv's pase (received before this block) · the card sets described below · 2 floor labels for walking transformation · printed observer grid for the triads · 3 printed "project history" briefs for the post-mortem · Error Paper sheet · personal notebook (errors + NAMES, never shared aloud) · clock.

CARDS YOU PREPARE BEFORE CLASS (tight, reusable across cohorts)

Make on letter-size paper, big enough to read across the room (~5cm letters). Keep in a plastic envelope after class — reuse next cohort.

SET A — PAST-EVENT CARDS (~12 cards, each is something that DID or DID NOT happen):
"I didn't study." · "We left late."
"She didn't send the doc." · "He missed the call."
"We didn't test the demo." · "I forgot the receipt."
"She quit the team." · "We chose vendor B."
"He didn't reply." · "I didn't sleep."
"The server was down." · "She came alone."

SET B — RESULT CARDS (~12 cards) — half are PAST results (use STRAIGHT), half are PRESENT results (use MIXED):
PAST results:
"I failed the exam." · "We arrived late."
"The vendor cancelled." · "He lost the lead."
"We missed the deadline." · "The launch failed."
PRESENT results:
"I am unprepared today." · "She is not on the team."
"We use vendor B today." · "I am tired right now."
"He is upset today." · "The site is broken now."

2 FLOOR LABELS for walking transformation:
"STRAIGHT — past cause, PAST result
→ if + HAD + p.p. , WOULD HAVE + p.p."
"MIXED — past cause, PRESENT result
→ if + HAD + p.p. , WOULD + base"
→ Tape to opposite walls or corners.

Total: ~24 cards + 2 floor labels + 3 post-mortem briefs. Prep time ~25 min first cohort. After that: reuse forever.

BLOCK 1 — OPENER — 10 min

(1 min) Welcome + frame

> *"Welcome to CI 37 of 44. The Conv block just opened M4 — Third Conditional. My job now is the FORM. Virtue: FORTITUDE — day TWO of five. Previous class opened FORTITUDE with M3 Deduction."*

(2 min) Phrase of the Day — on the board (already written)

PHRASE OF THE DAY — CL 37 GRAMMAR

"On day two of fortitude we look back on what didn't happen with the right shape — if I had done, I would have done — straight stays in the past, mixed lands in the present, and the past does not change."

Read once slowly. Cohort echoes 2×. Quick gloss: *"Third conditional is for things that DID NOT happen — and we know they cannot change. The IF clause is always the same — IF + HAD + past participle. What changes is the RESULT. STRAIGHT: the result is also in the past — WOULD HAVE + past participle. MIXED: the result is in the present — WOULD + base verb. Fortitude day 2: we name the past honestly even when we can't change it — and we keep moving."*

(2 min) 60-sec mystery — receive Conv pase from this morning

> *"Read the pase from the Conv block — name 3 form gaps the Conversational Teacher flagged for me to formalize today. 60 seconds."*

Pick 3 students to read the 3 errors verbatim. If any asks about Final results: *"Coordination handles results. Focus on what comes next."* Note who did not bring homework.

(3 min) Warm-up — standing IF-clause board race

Two columns on the board. Call a past event in Spanish; the first student of each row runs and writes the IF clause in English (IF + HAD + past participle). Cohort verifies the participle. 8 rounds in 3 minutes.

"Si yo hubiera estudiado"
→ "If I had studied"
"Si tú hubieras llegado a tiempo"
→ "If you had arrived on time"
"Si ella hubiera enviado el correo"
→ "If she had sent the email"
"Si nosotros hubiéramos probado el demo"
→ "If we had tested the demo"
"Si él no hubiera olvidado el archivo"
→ "If he had not forgotten the file"
"Si yo hubiera sabido"
→ "If I had known"
"Si ellos hubieran venido"
→ "If they had come"
"Si yo hubiera hecho la tarea"
→ "If I had done the homework"

Quick note as you erase: *"Same shape every time. IF + subject + HAD + past participle. Don't change the HAD by person ('I had / she had / they had' — same word). Don't put 'would' in the IF clause — never. The 'would' belongs in the OTHER clause."*

(2 min) Bridge to today's content

> *"Today's content is M4 FORM: the one IF-clause shape, the two results — STRAIGHT (past result, would have + past participle) and MIXED (present result, would + base verb), the negative ('wouldn't have done' / 'wouldn't do today'), the question ('What would you have done?' / 'Where would you be now?'), and the 3 forbidden moves (no 'would' in IF clause, no past simple in IF clause, no missing HAVE in STRAIGHT result). Then we drill the form physically — 2 zones for STRAIGHT vs MIXED — and we land it in a 45-minute post-mortem review of a real project. Stay standing."*

BLOCK 2 — CONTENT OF THE DAY — 40 min

(8 min) Mini-talk — IF clause + STRAIGHT vs MIXED + the rules

Stand at the board. Book p.29, 33, 37 open. Write or have pre-written:

M4 – THIRD CONDITIONAL – FORM RULES
(B1 Book p.29 STRAIGHT · p.33 MIXED · p.37 compared)

ONE IF CLAUSE – same for both:
IF + subject + HAD + past participle
("If I had studied.")
("If you had woken up on time.")
("If she had not sent the email.")

TWO RESULT CLAUSES – depending on time:

STRAIGHT – past cause, PAST result:
, WOULD HAVE + past participle.
"If I had studied, I WOULD HAVE PASSED the exam."
(I did not study → I did not pass – both past)

MIXED – past cause, PRESENT result:
, WOULD + base verb.
"If I had studied, I WOULD WORK in Rome today."
(I did not study → I do not work in Rome today)

NEGATIVE forms – same shape, add NOT:
IF clause: "If I hadn't studied" /
"If she hadn't sent the email"
STRAIGHT: "I wouldn't have passed."
MIXED: "I wouldn't be here today."

QUESTION forms – invert the WOULD:
STRAIGHT: "What would you have done?"
"Would he have called?"
MIXED: "Where would you be now?"
"Would she be on the team today?"

THE 3 FORBIDDEN MOVES:
X "If I would have studied, I would have passed."
(NEVER 'would' in the IF clause – only HAD)
X "If I studied, I would have passed."
(past SIMPLE in IF clause = 2nd conditional, not
3rd – use HAD + p.p. for the past-impossible)
X "If I had studied, I would passed."
(STRAIGHT result needs HAVE – would HAVE + p.p.)

THE 0% RULE (book p.29):
Probability of changing the past = 0%. Past
events cannot be changed. We are talking about
what WOULD HAVE BEEN or WOULD BE.

Talk through it standing, mark each rule with your hand. Book p.29 verbatim: *"The 3rd conditional (straight) refers to something that did (or did not) happen in the past, and therefore, a certain condition did (or did not) exist in the past."* Book p.33 verbatim: *"The 3rd conditional (mixed) is very similar ... But, it refers to something that did (or did not) happen in the past, and therefore, a certain condition does (or does not) exist in the present/future."* Book p.30 examples drilled out loud: *"If I had gotten a bike for Christmas, I would have used it every day. / If you had woken up on time, we wouldn't have been late. / If you had done your homework, you wouldn't have been worried. / If your father had liked chicken, I would have made it for dinner."* Book p.34 examples for MIXED: *"If you had been on time, I would be amazed. / If we hadn't met, my life would be very sad. / If Phillip had bought the car, he wouldn't use a bike today. / If you had asked for directions, where would you be now?"*

Phrase of the Day INSERTION #1: *"If I had done, I would have done — STRAIGHT stays in the past. MIXED lands in the present. Fortitude day 2."*

(15 min) Walking transformation — 2 zones STRAIGHT vs MIXED

Tape the 2 floor labels in 2 corners (or 2 opposite walls):

- **STRAIGHT — past cause, PAST result**
- **MIXED — past cause, PRESENT result**

Stand in the middle. Call ONE past event + ONE result out loud — students decide if the result is PAST (STRAIGHT) or PRESENT (MIXED), physically WALK to the zone, and say the full conditional sentence as they arrive. If wrong zone or wrong form, cohort calls "again" and they re-walk. 12 transformations in 15 min.

Past event + result called → Right zone + sentence

1. "I didn't study + I failed the exam" (past result)
→ STRAIGHT – "If I had studied, I would have passed."
2. "I didn't study + I am unprepared today" (present)
→ MIXED – "If I had studied, I would be prepared today."
3. "She didn't send the doc + we missed the deadline"
→ STRAIGHT – "If she had sent the doc, we wouldn't have missed the deadline."
4. "She didn't send the doc + we use vendor B today"
→ MIXED – "If she had sent the doc, we wouldn't use vendor B today."
5. "We chose vendor A + the launch failed last week"
→ STRAIGHT – "If we hadn't chosen vendor A, the launch wouldn't have failed."
6. "We chose vendor A + the site is broken now"
→ MIXED – "If we hadn't chosen vendor A, the site wouldn't be broken now."
7. "He missed the call + he lost the lead last month"
→ STRAIGHT – "If he had taken the call, he wouldn't have lost the lead."
8. "He missed the call + the deal is dead today"
→ MIXED – "If he had taken the call, the deal would be alive today."
9. "I didn't sleep + I had a headache yesterday"
→ STRAIGHT – "If I had slept, I wouldn't have had a headache."
10. "I didn't sleep + I am tired right now"
→ MIXED – "If I had slept, I wouldn't be tired right now."
11. "We didn't test the demo + the demo crashed in the pitch"
→ STRAIGHT – "If we had tested the demo, it wouldn't have crashed."
12. "We didn't test the demo + the team has no confidence today"
→ MIXED – "If we had tested the demo, the team would have confidence today."

Coach: when someone goes to the wrong zone, don't say "wrong" — say "walk it again — is the RESULT in the past or in the present?" When form is right AND zone is right, cohort claps once. Note errors with NAMES in your notebook. Most common slips: "If I would have studied..." or "I would passed" (missing HAVE). Re-direct to the board, do NOT shame.

(10 min) Pair drilling — 12 transformations

Hand each pair: 6 past-event cards (SET A) + 6 result cards (SET B). Pair work:

1. Student A picks a past-event card and a result card. Reads both aloud: *"I didn't study + I failed the exam."*
2. Student B labels the result as PAST or PRESENT, then produces the full third conditional: *"PAST — If I had studied, I would have passed the exam."*
3. Swap roles after every 2 transformations. Each pair must produce at least 3 MIXED transformations (present result is the new shape this class).

Walk and coach the FORM (HAD in IF clause never WOULD; STRAIGHT result has HAVE, MIXED does not; negative shapes contracted: hadn't / wouldn't). Call out one win publicly per pair. Phrase of the Day INSERTION #2: *"If I had done, I would have done. STRAIGHT past — MIXED present. Fortitude day 2 — the past does not change."*

(7 min) Podium — reinforce questions and negatives

Draw a podium on the board (1st, 2nd, 3rd). Pick 3 strong students to come up one at a time. Each gets a SPECIAL prompt; produces the full sentence; cohort confirms in chorus *"Confirmed!"* If they hesitate or get it wrong, the cohort gives the chorus correction.

1st (STRAIGHT QUESTION):
"Your client cancelled last week. Ask your teammate what they would have done."
→ "What would you have done if the client had cancelled?"

2nd (MIXED QUESTION):
"Your coworker quit last year. Ask where the team would be NOW if they hadn't."
→ "Where would the team be now if she hadn't quit?"

3rd (DOUBLE NEGATIVE — both clauses negative):
"We didn't test the demo. The demo failed.
Say it as a third conditional both negative."
→ "If we hadn't skipped the test, the demo wouldn't have failed."

Then one final chorus drill — call a past event in Spanish + a time tag (past or present), cohort responds in unison:

> *"Si yo hubiera estudiado — habría pasado (past)"* → *"If I had studied, I would have passed."*

> *"Si yo hubiera estudiado — trabajaría en Roma (present)"* → *"If I had studied, I would work in Rome."*

> *"Si nosotros hubiéramos llegado a tiempo — no habríamos perdido el bus (past)"* → *"If we had arrived on time, we wouldn't have missed the bus."*

Note: *"Stand up — we move to the simulation."*

BLOCK 3 — LIVE APPLICATION — 45 min — "POST-MORTEM REVIEW"

ONE activity, no format change for 45 minutes. Rotating triads. Every student plays every role.

(3 min) Setup

> *You're running a POST-MORTEM REVIEW. Triads, rotating roles. Each triad gets a PROJECT BRIEF — a short paragraph describing a project that went wrong. The FACILITATOR walks the triad through the timeline. The REVIEWER produces a third conditional sentence at every decision point — both STRAIGHT ('what would have happened in the past') and MIXED ('what would be different today'). The OBSERVER marks each sentence on the grid — right shape in IF clause, right shape in result, correct STRAIGHT or MIXED choice for the time of the result. Three rounds with three different project briefs. Each round 12 minutes. Every student plays every role exactly once. The reviewer must produce at least 8 third conditional sentences per round — 5 STRAIGHT + 3 MIXED. I will WRITE recurring errors on the side of the board live — when there are three on the board we stop and correct as a cohort.*

Hand out the 3 printed project briefs:

PROJECT BRIEF A — THE PITCH THAT DIDN'T LAND
Last quarter the team prepared a pitch for a key client. The lead skipped the dry run because of a deadline. The deck had two slides out of order. The demo crashed in slide 7. The client politely said they'd "consider." The contract went to a competitor. The team is now under budget pressure this quarter.

PROJECT BRIEF B — THE VENDOR SWITCH
The team chose vendor A because of price. Vendor A delayed delivery by 3 weeks. The launch missed the planned date. The PM didn't escalate early enough. Marketing had already booked paid ads. The brand took a hit on social media. The team now works with vendor B and pays more per month.

PROJECT BRIEF C — THE HIRE THAT LEFT
A senior hire joined the team 18 months ago. Onboarding was rushed because two managers were on vacation. The first project did not match the hire's skills. Feedback was delivered late. The hire left at month 14. The replacement search is still open this quarter, and the team is short-handed today.

Hand out printed observer grid (prepared before class):

OBSERVER GRID — CL 37 GRAMMAR — POST-MORTEM REVIEW

Reviewer name (this round): _____

Project brief: _____

Mark each sentence below as:

✓ = right IF clause + right result shape + right STRAIGHT/MIXED choice

X if = wrong IF clause ("would" inside IF, past simple instead of HAD + p.p.)

X shp = wrong result shape ("I would passed" missing HAVE in STRAIGHT)

X tim = wrong choice STRAIGHT vs MIXED (used STRAIGHT when result is present)

X neg = wrong negative contraction ("not had" / "would not have not")

X frg = fragment, not a full sentence

Round 1 — 8 sentences (5 STRAIGHT + 3 MIXED):

1: ____ 2: ____ 3: ____ 4: ____

5: ____ 6: ____ 7: ____ 8: ____

Round 2 — 8 sentences (5 STRAIGHT + 3 MIXED, include 2 questions):

1: ____ 2: ____ 3: ____ 4: ____

5: ____ 6: ____ 7: ____ 8: ____

Round 3 — 8 sentences (5 STRAIGHT + 3 MIXED, include 2 with both clauses negative):

1: ____ 2: ____ 3: ____ 4: ____

5: ____ 6: ____ 7: ____ 8: ____

One sentence to the reviewer at the end:

(~40 min) 3 rounds × ~12 min — rotating triads + live board errors

Round 1 (12 min): Triads form. Each triad gets project brief A. Facilitator walks the timeline; reviewer produces 8 third conditional sentences (5 STRAIGHT + 3 MIXED); observer marks. You circulate and WRITE EVERY RECURRING ERROR on the side of the board as you hear it. When 3 errors are on the board, freeze — cohort corrects in chorus 2×, erase, continue.

Round 2 (12 min): Rotate roles. Triads switch to project brief B. Push for at least 2 QUESTION forms ("What would you have done?" / "Where would the team be now?"). Continue live board-error correction. Phrase of the Day INSERTION #3: *"If I had done, I would have done. STRAIGHT past, MIXED present. Fortitude day 2 — the past does not change."*

Round 3 (12 min): Final rotation. Triads switch to project brief C. Push for at least 2 sentences with BOTH clauses negative ("If she hadn't left, we wouldn't have lost the project"). By now they should be sharp. Slow down only for the most stubborn pattern you wrote on the board across the previous 2 rounds.

(2 min) Cohort close

One strong triad demos 90 sec in front of the cohort — a 3-line review covering 1 STRAIGHT + 1 MIXED + 1 question. Applause. Phrase of the Day INSERTION #4: *"If I had done, I would have done. STRAIGHT past, MIXED present, past does not change. Fortitude day 2."*

BLOCK 4 — CLOSE — 15 min

(4 min) Error paper recap — 4 most common errors today

Write on the board (anonymous; NAMES only in your personal notebook):

ERROR PAPER — CL 37 GRAMMAR

1. ■ "If I would have studied, I would have passed."
→ ■ "If I HAD studied, I would have passed."
(never 'would' in the IF clause — only HAD)
2. ■ "If I had studied, I would passed."
→ ■ "If I had studied, I would HAVE passed."
(STRAIGHT result = would HAVE + past participle)
3. ■ "If I studied, I would have passed."
→ ■ "If I HAD studied, I would have passed."
(past simple in IF clause = 2nd conditional; for past-impossible use HAD + past participle)
4. ■ "If we had chosen vendor A, the launch failed."
→ ■ "If we had chosen vendor A, the launch WOULD HAVE failed." (STRAIGHT) / "the launch WOULD be failing today." (MIXED)
(result clause must use WOULD HAVE or WOULD)

Cohort echoes the 4 corrections in chorus 1×. Note the named version in your personal notebook for the audit report — do NOT say names aloud.

(3 min) Phrase of the Day close

1. *"Phrase from memory — one student."* Pick one at random.
2. *"Now use it about ONE real decision you regret from the last 30 days at work — one STRAIGHT (what would have happened then) + one MIXED (what would be different today)."* Pick another at random.

(4 min) Homework — explained out loud

HOMEWORK CL 37 GRAMMAR – DUE: BEFORE NEXT CLASS
Cl 38, 7:00 AM. TIME: 30-45 min – NOT fragmented.

(1) WRITING – 15 min – 8 third conditionals covering STRAIGHT + MIXED + question + negative:
3 STRAIGHT (past cause, past result – at least 1 in the question form: "What would you have done if...?")
3 MIXED (past cause, present result – at least 1 in the negative: "wouldn't be")
2 with BOTH clauses negative ("If we hadn't... we wouldn't have...")
Examples to copy the pattern (not the content):
"If I had reviewed the deck, the demo wouldn't have crashed."
"What would you have done if the client had cancelled?"
"If she had stayed on the team, we would be ahead of schedule today."
"If we hadn't switched vendors, the launch wouldn't have failed."
RULE: never 'would' inside the IF clause / never missing HAVE in STRAIGHT result / never past simple in IF clause for past-impossible.
Hand in on paper next class.

(2) AUDIO eyes closed – 3 min – Pick a real project at work that didn't go as planned. Record 5 third conditional sentences about it:
3 STRAIGHT + 2 MIXED. Label: B1-GRAMMAR-37.

(3) LISTENING – 10 min – Find a YouTube clip of a sports post-game interview or a documentary on a famous mistake (1-2 min). Note 4 third conditional sentences you hear + write each one + mark STRAIGHT or MIXED. Bring on paper.

RULE: Not fragmented. No "I didn't have time."

(4 min) PASE A CONV — CL 38 — fill + deliver

Fill the sheet titled "**PASE A CONV — CL 38**" in front of the cohort so they see the handoff is real:

PASE Grammar → Conv – Cl 37 → Cl 38

3 conversational gaps observed in Grammar today (literal):

1. [literal error] – student: [name]
2. [literal error] – student: [name]
3. [literal error] – student: [name]

Patterns to drill orally next class Cl 38:

- "Would" inside the IF clause – frequency this cohort (most stubborn error)
- Missing HAVE in STRAIGHT result ("I would passed")
- MIXED form avoided – they default to STRAIGHT even when the result is clearly present
- Question form weak – they don't invert WOULD ("What you would have done" instead of "What would you have done")

Note: Today opened M4 – Third Conditional (both STRAIGHT and MIXED). Source: B1 Book M4 (p.27-40). Verbatim cited: p.29 STRAIGHT definition, p.33 MIXED definition. Examples verbatim from p.30 (STRAIGHT) + p.34 (MIXED). Comparison table p.37 referenced as the bridge.

Schedule: Cl 38 = M5 Perfect Modals – Could/Should/Would Have + Regret (B1 Book p.41+).
Cl 44 = Final (last 2h) – calendar fact only.

Signed: Grammar Teacher

Hand it physically to the Conversational Teacher before the next session.

Close (verbatim)

> *"See you next class CI 38. Today opened M4 — Third Conditional both STRAIGHT and MIXED. Next class is M5 — Perfect Modals (could have / should have / would have) and Expressing Regret (I wish I had / If only I had) from the same B1 Book. Today was day TWO of FORTITUDE. Final presentation is on CI 44 — calendar fact only — coordination handles that. Homework due before next class, 7 AM."*

DELIVERABLES TO COORDINATION

- [] Printed report filled
 - [] Photo of board (Phrase of the Day + IF clause + STRAIGHT vs MIXED + Error Paper recap)
 - [] Photo/video: walking transformation 2 zones · podium for questions/negatives · one triad mid-post-mortem · cohort close demo
 - [] Stack of completed observer grids from the 45-min post-mortem
 - [] PASE from Conv (archived) + PASE to Conv CI 38 (photo before delivery)
 - [] Anonymous Error Paper (physical)
 - [] List of students who did NOT bring homework (with NAMES)
 - [] Personal notebook page: 3 literal errors + NAMES
 - [] Count of Phrase of the Day natural insertions (target 4)
-

NOTAS INTERNAS (no leer en clase)

- **MODELO INMERSIVO (Diana 2026-06-18):** 4 bloques largos. Bloque 2 condensa walking 2-zonas + pair + podium en un solo flujo de 40 min sin parar. Bloque 3 es una sola simulación de 45 min con 3 project briefs rotativos.
- **Virtud:** CI 36-40 = FORTALEZA v2 — HOY DÍA 2.
- **Módulo:** M4 del B1 Book, p.27-40 (Guías 1+2+3: Straight + Mixed + Compared). Citas verbatim p.29 + p.33. Ejemplos verbatim p.30 + p.34. Tabla comparativa p.37 referenciada.
- **Trampa #1 más persistente:** "If I would have studied" — el error transferido del español. Re-dirigir al HAD sin avergonzar, repetir 2× en coro.
- **Trampa #2:** "I would passed" — falta HAVE en STRAIGHT. Marcar el HAVE en el board en color distinto si posible.
- **Trampa #3:** evitar MIXED — usan STRAIGHT incluso cuando el resultado es claramente presente. El walking transformation está diseñado para forzar la distinción.
- **Bloque ~85% de pie** — opener, content (walking + pair + podium), simulación entera. Cierre sentado.
- **Frase del Día insertions target: 4** (board + después de mini-talk + transición round 2 simulación + cohort close).
- **Cronograma:** CI 44 = FINAL PRESENTATION (últimas 2h del nivel — confirmado Diana 22/05). Anunciar SOLO como hecho de calendario.
- **Cohorte:** B1 Mastery. Sin mencionar profesores por nombre.
