Bring to class: B1 Book open at p.41-50 · Phrase of the Day already written on the board · "PASE A CONV — CL 39" blank sheet · Conv's pase (received before this block) · the card sets described below · 3 floor labels for walking transformation · printed observer grid for the pairs · 3 printed "past decision" briefs for the lessons-learned review · Error Paper sheet · personal notebook (errors + NAMES, never shared aloud) · clock.

CARDS YOU PREPARE BEFORE CLASS (tight, reusable across cohorts)

Make on letter-size paper, big enough to read across the room (~5cm letters). Keep in a plastic envelope after class — reuse next cohort.

SET A — PAST FACT CARDS (~12 cards, each a past fact the student turns into a perfect modal or regret sentence):

"I was angry yesterday." · "She didn't reply."
"He drove to the mall." · "I forgot the file."
"We watched a bad movie." · "I trusted him."
"I missed the meeting." · "She lost the money."
"I didn't sleep enough." · "He didn't study."
"I ordered the wrong dish." · "We left early."

SET B — PERFECT MODAL + REGRET CARDS (~10 cards):

"could have" · "couldn't have"
"should have" · "shouldn't have"
"would have" · "wouldn't have"
"must have" · "I wish I had"
"I wish I hadn't" · "If only I had"

3 FLOOR LABELS for walking transformation:

"COULD HAVE — possible in past, NOT done"
"SHOULD HAVE — recommended in past, NOT done (regret)"
"WOULD HAVE — willing in past, NOT done
(also: I WISH I HAD / IF ONLY I HAD)"
→ Tape to walls or floor corners.

Total: ~22 cards + 3 floor labels + 3 past-decision briefs. Prep time ~25 min first cohort.
After that: reuse forever.

BLOCK 1 — OPENER — 10 min

(1 min) Welcome + frame

> *"Welcome to CI 38 of 44. The Conv block just opened M5 — Perfect Modals. My job now is the FORM. Virtue: FORTITUDE — day THREE of five. Previous class did the Third Conditional — today's structure is its first cousin."*

(2 min) Phrase of the Day — on the board (already written)

PHRASE OF THE DAY — CL 38 GRAMMAR

"On day three of fortitude we own the past –
could have was possible, should have was right,
would have was willing – and we name a regret
without staying stuck."

Read once slowly. Cohort echoes 2x. Quick gloss: "Three perfect modals, three meanings. *COULD HAVE* = it was possible but I didn't do it. *SHOULD HAVE* = it was the right thing but I didn't do it (this is the regret one). *WOULD HAVE* = I was willing but I didn't do it. Plus two regret shortcuts: *I WISH I HAD* and *IF ONLY I HAD*. Fortitude day 3: we name what we missed — once — and we move."

(2 min) 60-sec mystery — receive Conv pase from this morning

> *"Read the pase from the Conv block — name 3 form gaps the Conversational Teacher flagged for me to formalize today. 60 seconds."*

Pick 3 students to read the 3 errors verbatim. If any asks about Final results: "Coordination handles results. Focus on what comes next." Note who did not bring homework.

(3 min) Warm-up — standing modal swap board race

Two columns on the board. Call a past fact + a modal. The first student of each row runs and writes the perfect modal sentence. Cohort verifies. 8 rounds in 3 minutes.

"I missed the meeting." + "should"
→ "I should have been at the meeting."
"I missed the meeting." + "could"
→ "I could have called in."
"I drove to the mall." + "shouldn't"
→ "I shouldn't have driven to the mall."
"She didn't reply." + "could"
→ "She could have replied."
"I trusted him." + "shouldn't"
→ "I shouldn't have trusted him."
"He didn't study." + "should"
→ "He should have studied."
"I forgot the file." + "I wish"
→ "I wish I hadn't forgotten the file."
"We watched a bad movie." + "if only"
→ "If only we hadn't watched that movie."

Quick note as you erase: "Same shape every time. MODAL + HAVE + past participle. Never 'should had' — always 'should HAVE.' Never 'I wish I would have' (common North-American slip — accepted but not the textbook form). The textbook form is *I WISH I HAD* + past participle, same shape as the third conditional *IF* clause."

(2 min) Bridge to today's content

> *"Today's content is M5 FORM: the three perfect modals (could/should/would HAVE + past participle), their negatives (couldn't/shouldn't/wouldn't have), the implied meanings (possible-but-not-done / right-but-not-done / willing-but-not-done), the two regret shortcuts (I WISH I HAD / IF ONLY I HAD), the bridge to the third conditional STRAIGHT shape, and the 3 forbidden moves (no 'should had', no double modal, no 'must' for regret). Then we drill the form physically — 3 zones around the room — and we land it in a 45-minute lessons-learned review of real past decisions. Stay standing."*

BLOCK 2 — CONTENT OF THE DAY — 40 min

(8 min) Mini-talk — three perfect modals + regret expressions

Stand at the board. Book p.43, 47 open. Write or have pre-written:

M5 – PERFECT MODALS – FORM RULES
(B1 Book p.43 Past Modals · p.47 Regret)

THREE PERFECT MODALS – three meanings:
COULD HAVE + past participle = POSSIBLE in the
past, but NOT done
"I could have gone to the store."
(but I didn't)

SHOULD HAVE + past participle = RECOMMENDED in
the past, but NOT done (this is
regret)
"I should have gone to the store."
(but I didn't, and I regret it)

WOULD HAVE + past participle = WILLING in the
past, but NOT done
"I would have gone to the store."
(but I didn't – usually because
something stopped me)

ALL THREE – same shape, always:
SUBJECT + MODAL + HAVE + PAST PARTICIPLE

NEGATIVE forms – same shape + NOT:
COULDN'T HAVE = it was NOT possible, so NOT done
"I couldn't have helped – I was
busy."
SHOULDN'T HAVE = it was NOT recommended, but
WAS done (regret on the other side)
"I shouldn't have driven – I was
tired."
WOULDN'T HAVE = I was NOT willing, so NOT done
"I wouldn't have gone – I had work."

REGRET SHORTCUTS (book p.47):
"I WISH I HAD + past participle"
"I wish I had gone to the game."
"IF ONLY I HAD + past participle"
"If only I had gone to the game."
Both = "ojalá / si tan solo hubiera ido."
NEGATIVE regret:
"I wish I hadn't said that."
"If only she hadn't left."

BRIDGE TO 3RD CONDITIONAL (from last class):
STRAIGHT 3rd conditional = perfect modal
inside a result clause:
"If I had studied, I would have passed."
■■■■ = "I would have passed"
(perfect modal of
willingness)

THE 3 FORBIDDEN MOVES:
X "I should had gone."
(should HAVE – never should had)
X "I should must have gone."
(no double modal – pick one)
X "I must have gone – but I didn't."
(must have = certainty deduction from M3,

NOT regret. Use SHOULD HAVE for regret.)

Talk through it standing, mark each rule with your hand. Book p.43 verbatim quote (table headers): "*Could + present perfect → Possible in the past, but not done.*" and "*Should + present perfect → Recommendable in the past, but not done.*" Book p.47 verbatim: "*Should/could/would have' are sometimes used to express regrets.*" and "*Two other expressions are commonly used to express regret: 1. 'To wish'. Similar to 'ojalá' in Spanish. 2. 'If only'. More common in England.*" Book p.44 examples drilled out loud: "*I shouldn't have been angry yesterday. / I should have made tacos for dinner, but I made empanadas. / I should have known you were sick! / Bella should have done her homework last night. / Brian shouldn't have driven to the mall. He should have walked. / You should have seen Natalia last night.*" Book p.48 regret examples: "*Regret: I broke the car. → 'I wish I hadn't broken the car.'*" / "*Regret: I fought with my mother. → 'If only I hadn't fought with my mother.'*" / "*Regret: I forgot my homework. → 'I shouldn't have forgotten my homework!'*"

Phrase of the Day INSERTION #1: "*Could have was possible, should have was right, would have was willing. Fortitude day 3 — name it once, then move.*"

(15 min) Walking transformation — 3 zones

Tape the 3 floor labels in 3 corners (or 3 walls) of the room:

- **COULD HAVE** — possible in past, NOT done
- **SHOULD HAVE** — right in past, NOT done (regret)
- **WOULD HAVE / WISH HAD** — willing in past, NOT done

Stand in the middle. Call a past fact out loud + a meaning tag (possible / right / willing-or-regret). Students physically WALK to the zone that fits + say the full sentence out loud as they arrive. If wrong zone or wrong form, cohort calls "again" and they re-walk. 15 facts in 15 min, ~1 per minute.

Past fact called + meaning → Right zone + sentence

1. "I missed the meeting." (right)
→ SHOULD — "I should have been there."
2. "I missed the meeting." (willing)
→ WOULD — "I would have come, but I was sick."
3. "She lost the money." (possible past skill)
→ COULD — "She could have given it to her boss."
4. "He drove to the mall." (regret)
→ SHOULD — "He shouldn't have driven — he should have walked."
5. "I forgot the file." (regret WISH)
→ WISH HAD — "I wish I hadn't forgotten the file."
6. "We watched a bad movie." (regret IF ONLY)
→ WISH HAD — "If only we hadn't watched that movie."
7. "I didn't sleep enough." (right)
→ SHOULD — "I should have slept more."
8. "I trusted him." (regret)
→ SHOULD — "I shouldn't have trusted him."
9. "He didn't reply yesterday." (possible)
→ COULD — "He could have replied."
10. "I ordered the wrong dish." (regret WISH)
→ WISH HAD — "I wish I had ordered the salad."
11. "She didn't say good morning." (possible)
→ COULD — "Anita could have said good morning."
12. "Brian drove to the mall." (regret)
→ SHOULD — "Brian shouldn't have driven."
13. "I went to the beach in cold weather." (regret WISH)
→ WISH HAD — "I wish I hadn't gone to the beach."
14. "I was busy last month." (couldn't = not possible)
→ COULD — "I couldn't have helped — I was too busy."
15. "I didn't tell my mother." (right)
→ SHOULD — "I should have told my mother."

Coach: when someone goes to the wrong zone, don't say "wrong" — say "walk it again — was it POSSIBLE, was it RIGHT, or were you WILLING?" When form is right AND zone is right, cohort claps once. Note errors with NAMES in your notebook. Most common slips: "should had" or "I wish I would have." Re-direct to the board.

(10 min) Pair drilling — fact → regret

Hand each pair: 6 past-fact cards (SET A) + 5 modal+regret cards (SET B). Pair work:

1. Student A picks a past-fact card and reads it: *"I trusted him."*
2. Student B picks ONE modal/regret card and produces a full sentence: *"I shouldn't have trusted him."*
3. Then A reads the SAME fact again and asks B to use a DIFFERENT card — most often I WISH I HAD or IF ONLY I HAD: *"I wish I hadn't trusted him."* (same regret, different shape)
4. Swap roles after every 2 facts. Burn through all 6 facts. Each pair must produce at least 2 sentences with WISH HAD or IF ONLY HAD (regret shortcuts).

Walk and coach the FORM (modal + HAVE never modal + HAD; I WISH I HAD never I WISH I WOULD HAVE in the textbook form). Call out one win publicly per pair. Phrase of the Day INSERTION #2: *"Could have, should have, would have — name it once. Fortitude day 3 — and we don't stay stuck."*

(7 min) Podium — reinforce I WISH / IF ONLY

Draw a podium on the board (1st, 2nd, 3rd). Pick 3 strong students to come up one at a time. Each gets a regret prompt; produces the full sentence; cohort confirms in chorus *"Confirmed!"* If they hesitate or get it wrong, the cohort gives the chorus correction.

1st (I WISH I HAD – positive regret):
"You didn't accept a job offer last year."
→ "I wish I had accepted the offer."

2nd (IF ONLY I HADN'T – negative regret):
"You answered an angry email at 11 PM."
→ "If only I hadn't answered that email."

3rd (SHOULDN'T HAVE – direct):
"Your colleague drove a friend home drunk."
→ "He shouldn't have driven."

Then one final chorus drill — call a past fact, cohort responds in unison with the regret form you specify:

> *"I forgot the file." (SHOULD) → "I should have remembered the file."*
> *"I forgot the file." (WISH) → "I wish I hadn't forgotten the file."*
> *"I drove tired." (SHOULDN'T) → "I shouldn't have driven tired."*

Note: "Stand up — we move to the simulation."

BLOCK 3 — LIVE APPLICATION — 45 min — "LESSONS-LEARNED REVIEW"

ONE activity, no format change for 45 minutes. Rotating pairs (groups of 2 with an observer rotating in — 3 students cycle the 2 active roles + the observer role). Every student plays every role.

(3 min) Setup

> *"You're running a LESSONS-LEARNED REVIEW. Pairs, with an observer rotating in (3-person cycle). Each pair gets a PAST-DECISION BRIEF — a short paragraph about a decision someone made (or didn't make) and what happened. The REFLECTOR walks through the decision and produces 6 perfect-modal sentences + 2 regret-shortcut sentences (I WISH I HAD / IF ONLY I HAD) — 8 total per round. The COACH responds with a clarifying question or a counter-perspective using a different perfect modal. The OBSERVER marks each sentence on the grid — right modal for the meaning, right HAVE + past participle shape, correct regret form. Three rounds with three different briefs. Each round 12 minutes. Every student plays every role exactly once. I will WRITE recurring errors on the side of the board live — when there are three on the board we stop and correct as a cohort."*

Hand out the 3 printed past-decision briefs:

PAST-DECISION BRIEF A — THE OFFER NOT TAKEN
Three years ago a coworker turned down a job offer in another city. The salary was 30% higher. The role was a stretch. The coworker stayed because of family reasons. Now the company that offered the role has tripled in size and went public. The coworker is in the same role today and feels stuck.

PAST-DECISION BRIEF B — THE EMAIL SENT AT 11 PM
A team lead answered an angry client email at 11 PM with a sharp reply. The reply made the client escalate to the team's director. The director took three days to calm the client. The team lead lost autonomy on client communication for two months. The team lead now reviews every email with a peer before sending after 7 PM.

PAST-DECISION BRIEF C — THE FRIEND NOT HELPED
A friend asked for help moving last year. The person was busy with work and said no. The friend got injured carrying a heavy box. The friendship cooled. They still see each other but the warmth isn't there. The person who said no now thinks about it every time the topic of moving comes up.

Hand out printed observer grid (prepared before class):

OBSERVER GRID – CL 38 GRAMMAR – LESSONS-LEARNED
REVIEW

Reflector name (this round): _____

Past-decision brief: _____

Mark each sentence below as:

✓ = right modal for the meaning +

MODAL + HAVE + past participle +

(for regret) right WISH/IF ONLY shape

X mod = wrong modal for meaning (SHOULD HAVE

for possible instead of COULD HAVE)

X shp = "should had" / "would have went"

(missing or wrong past participle)

X rgr = "I wish I would have" / "If only

I have gone" (regret shape wrong)

X ded = used MUST HAVE for regret (must have

= deduction, not regret)

X frg = fragment, not a full sentence

Round 1 – 8 sentences (6 perfect modal + 2 WISH/
IF ONLY):

1: _____ 2: _____ 3: _____ 4: _____

5: _____ 6: _____ 7: _____ 8: _____

Round 2 – 8 sentences (include 3 NEGATIVE perfect
modals: shouldn't have / couldn't have /
wouldn't have):

1: _____ 2: _____ 3: _____ 4: _____

5: _____ 6: _____ 7: _____ 8: _____

Round 3 – 8 sentences (include 4 regret shortcuts:

2 I WISH I HAD + 2 IF ONLY HAD):

1: _____ 2: _____ 3: _____ 4: _____

5: _____ 6: _____ 7: _____ 8: _____

One sentence to the reflector at the end:

(~40 min) 3 rounds × ~12 min — rotating pairs + live board errors

Round 1 (12 min): Pairs form with one observer per pair. Each cycle takes brief A. Reflector produces 8 sentences (6 perfect modal + 2 regret shortcut); coach responds with clarifying perfect modal questions; observer marks. You circulate and WRITE EVERY RECURRING ERROR on the side of the board as you hear it. When 3 errors are on the board, freeze — cohort corrects in chorus 2×, erase, continue.

Round 2 (12 min): Rotate roles. Pairs switch to brief B. Push for at least 3 NEGATIVE perfect modals per cycle ("shouldn't have / couldn't have / wouldn't have"). Continue live board-error correction. Phrase of the Day INSERTION #3: *"Could have, should have, would have — and we name a regret without staying stuck. Fortitude day 3."*

Round 3 (12 min): Final rotation. Pairs switch to brief C. Push for 4 regret shortcuts per cycle — 2 I WISH I HAD + 2 IF ONLY HAD. By now they should be sharp. Slow down only for the most stubborn pattern you wrote on the board across the previous 2 rounds.

(2 min) Cohort close

One strong pair demos 90 sec in front of the cohort — a 3-line reflection covering 1 COULD HAVE + 1 SHOULD HAVE + 1 I WISH I HAD. Applause. Phrase of the Day INSERTION #4: *"Could have was possible, should have was right, would have was willing — name it once and move. Fortitude day 3."*

BLOCK 4 — CLOSE — 15 min

(4 min) Error paper recap — 4 most common errors today

Write on the board (anonymous; NAMES only in your personal notebook):

ERROR PAPER — CL 38 GRAMMAR

1. ■ "I should had gone."
→ ■ "I should HAVE gone."
(modal + HAVE + past participle — never
modal + HAD)
2. ■ "I wish I would have studied."
→ ■ "I wish I HAD studied."
(textbook regret = WISH + subject + HAD +
past participle. Same shape as the third
conditional IF clause from last class.)
3. ■ "I must have driven — but I didn't, and
I regret it."
→ ■ "I SHOULDN'T have driven."
(must have = deduction, certainty from M3.
For regret use SHOULD HAVE / SHOULDN'T HAVE.)
4. ■ "I would have went."
→ ■ "I would have GONE."
(past participle of "go" = "gone", not "went")

Cohort echoes the 4 corrections in chorus 1×. Note the named version in your personal notebook for the audit report — do NOT say names aloud.

(3 min) Phrase of the Day close

1. *"Phrase from memory — one student."* Pick one at random.
2. *"Now use it about ONE real past decision from this month — one SHOULD HAVE + one COULD HAVE + one I WISH I HAD. Then close the sentence."* Pick another at random.

(4 min) Homework — explained out loud

HOMEWORK CL 38 GRAMMAR — DUE: BEFORE NEXT CLASS
Cl 39, 7:00 AM. TIME: 30-45 min — NOT fragmented.

(1) WRITING — 15 min — 8 sentences covering all
3 perfect modals + 2 regret shortcuts:
2 COULD HAVE (1 positive, 1 negative
"couldn't have")
2 SHOULD HAVE (1 positive, 1 negative
"shouldn't have" — direct regret)
2 WOULD HAVE (1 positive, 1 negative
"wouldn't have")
1 with I WISH I HAD / I WISH I HADN'T
1 with IF ONLY I HAD / IF ONLY I HADN'T
Examples to copy the pattern (not the content):
"I could have joined the call from the car."
"I couldn't have finished the report — the
file was corrupted."
"I shouldn't have answered that email at 11 PM."
"She should have escalated to the director."
"I wouldn't have approved the budget."
"I wish I hadn't agreed to the deadline."
"If only I had asked for help."
RULE: never "should had" / never "I wish I
would have" / never "must have" for regret.
Hand in on paper next class.

(2) AUDIO eyes closed — 3 min — Pick a real past
decision from your career or your life this
year. Record 6 sentences about it: 2 COULD
HAVE + 2 SHOULD HAVE + 2 regret (WISH HAD
or IF ONLY HAD). Label: B1-GRAMMAR-38.

(3) LISTENING — 10 min — Find a YouTube clip of a
coach, athlete, or executive talking about a
past mistake (1-2 min). Note 5 perfect modal
or regret sentences you hear + write each one
+ label COULD HAVE / SHOULD HAVE / WOULD HAVE
/ WISH HAD / IF ONLY HAD. Bring on paper.

RULE: Not fragmented. No "I didn't have time."

(4 min) PASE A CONV — CL 39 — fill + deliver

Fill the sheet titled **"PASE A CONV — CL 39"** in front of the cohort so they see the handoff is real:

PASE Grammar → Conv — Cl 38 → Cl 39

3 conversational gaps observed in Grammar today
(literal):

1. [literal error] — student: [name]
2. [literal error] — student: [name]
3. [literal error] — student: [name]

Patterns to drill orally next class Cl 39:

- "Should had" — frequency this cohort (most stubborn shape error)
- "I wish I would have" — North-American slip; the textbook form is I WISH I HAD
- Confusion between MUST HAVE (deduction, M3) and SHOULD HAVE (regret, M5)
- WOULD HAVE used as default for everything — they need to feel the difference between POSSIBLE (could) / RIGHT (should) / WILLING (would)
- Past participles weak: "would have went / would have did / would have ate" — needs drilling

Note: Today opened M5 — Perfect Modals + Regret.
Source: B1 Book M5 (p.41-50). Verbatim cited: p.43 table headers for each modal + p.47 regret expressions. Examples verbatim from p.44 (Past Modals) + p.48 (Regret). Bridge back to last class's STRAIGHT 3rd conditional made explicit.

Schedule: Cl 39 = M6 Connectors of Cause and Contrast (B1 Book p.51+). Cl 44 = Final (last 2h) — calendar fact only.

Signed: Grammar Teacher

Hand it physically to the Conversational Teacher before the next session.

Close (verbatim)

> *"See you next class Cl 39. Today opened M5 — Perfect Modals (could have / should have / would have) and Regret (I wish I had / If only I had). Next class is M6 — Connectors of Cause and Contrast (because, since, although, despite) from the same B1 Book. Today was day THREE of FORTITUDE. Final presentation is on Cl 44 — calendar fact only — coordination handles that. Homework due before next class, 7 AM."*

- **MODELO INMERSIVO (Diana 2026-06-18):** 4 bloques largos. Bloque 2 condensa walking 3-zonas + pair + podium en un solo flujo de 40 min sin parar. Bloque 3 es una sola actividad de reflexión de 45 min con 3 past-decision briefs rotativos.
- **Virtud:** Cl 36-40 = FORTALEZA v2 — HOY DÍA 3.
- **Módulo:** M5 del B1 Book, p.41-50 (Guías 1+2: Past Modals + Regret). Cita verbatim p.43 (headers de la tabla COULD/SHOULD/WOULD) + p.47 (regret WISH / IF ONLY). Ejemplos verbatim p.44 + p.48.
- **Trampa #1 más persistente:** "should had" en vez de "should HAVE". Marcar HAVE en color distinto en el board si posible.
- **Trampa #2:** "I wish I would have" — slip norteamericano. El libro p.47 lo nota como "incorrect, but generally accepted" — para nuestra evaluación enseñar I WISH I HAD como forma textbook.
- **Trampa #3 crítica:** confusión con MUST HAVE (M3 deducción) vs SHOULD HAVE (M5 regret). Repetir en el podium si aparece.
- **Trampa #4:** participios débiles ("would have went / did / ate / drank"). Si aparecen >3 veces, dedicar 2 min extra al final del Bloque 2 a un mini-drill de irregulares.

- **Bridge explícito a CI 37:** la STRAIGHT 3rd conditional ES un perfect modal dentro de la cláusula de resultado. Decirlo en el mini-talk para fijar la conexión.
