BLOCK 1 — OPENER (~10 min)

1. DI: "Welcome. Today is JUSTICE day 3 of 5 – Cl 34 day 4 and Cl 35 day 5 close the block. Six hours from the Final. The Final on Cl 36 is applied by the external evaluator from coordination – not me. Today is refinement."

2. [VIRTUD] activation: ESCRIBE "JUSTICE" en board grande.
DI: "Day 3 – Justice is naming what you actually mean, not what is safer. The room is owed the SHAPE the question asked for, not the shape you rehearsed."

3. [FRASE] insertion 1: SEÑALA la frase en el board. LEELA 2 veces en voz alta con intonacion marcada (peso lento en "elaborate, clarify, qualify" / pausa breve antes de "the room is owed" / cierre anclado en "precision is the form your respect takes"). COHORTE repite 2 veces. UN estudiante la dice solo de memoria.

4. [VOCALIZACION] 4 trabalenguas – precision bajo carga (consonantes que colapsan a las 5 min de un monologo cuando la respiracion falla):

(a) /s/+sh/ sibilante:

"Six sharp scholars shared specific theses;
specific theses showcased sharper sources."

(b) /th/ dental:

"Thoughtful thinkers thoroughly threaded theories
through thirteen thorough threads."

(c) /l/+r/ liquido:

"Reliable lecturers rarely relented; relentless
lecturers really relied on literal literary lore."

(d) /n/+m/ nasal:

"Nine nimble minds named numerous nuanced
moments memorable."

Por trabalenguas: coro lento 1x → coro rapido 1x.
~45 seg total los 4.

5. [PROMPT] mystery Cl 32 – 60 segundos sentados:
"Quick – no processing – each of you: ONE specific
phrase you DID say since Cl 32 + ONE specific moment
you DIDN'T say what you wanted to. 20 seconds each.
I listen, I do not coach."

6. ESCUCHA. Anota patrones mentalmente. NO interrumpas,
NO corrijas, NO reformules. Pura intake.

7. DI (bridge): "Four sets built you to the floor and let
you hold it. Set #25 today is the language of PRECISION
once the floor is yours. Block 2 next – fifty minutes of
craft on ONE weak 60-second spot of your monologue with
Set #25 integrated. No format change in the middle."

8. DI: "Stand up. Notebook with your monologue draft out.
Block 2 begins."

[ALERTA] si nadie quiere hablar del mystery, DI UN ejemplo tuyo (sin nombre) y sigue. NO insistas mas alla de 90 segundos.

[OK] SEÑAL DE AVANCE: cohorte de pie + frase coreada + 3 mysteries dichos. PASA a Block 2.

BLOCK 2 — CONTENT REFINEMENT + SET #25 PRECISION + PAIR REHEARSAL (~50 min)

1. ESCRIBE en board el arco del monologo:

MONOLOGUE ARC – 5 to 7 MIN

[HOOK 20 sec] -> [PILLAR 1 · PILLAR 2 · PILLAR 3] -> [CLOSE 15 sec]

(Cl 34) MIDDLE = today's work (Cl 34)

~1 min each pillar

SHAPE drift lives here

Set #25 verb sharpens

2. DI (micro-talk ~3 min, de pie en board): "A 5-7 minute monologue has a HOOK, three PILLARS (the middle, ~1 min each – today's work), and a CLOSE. The hook and close carry attention; the pillars carry the ARGUMENT. The middle is where SHAPE drifts – where you mean X and say a safer version of X because X can be challenged. Today we sharpen ONE 60-sec spot per student."

3. DI: "Inside each pillar there is usually ONE 60-sec spot that drifts – generic instead of specific, safer instead of meant. That drift is what the external evaluator on Cl 36 will read as fluent-but-shapeless. Justice day 3 says: name what you actually mean."

4. ESCRIBE Set #25 en board (pre-escrito, revelado ahora):

ACADEMIC B2 SET #25 (CL 33) – HOLDING THE TURN WITH PRECISION
Cumulativo: 30 palabras en sistema.

1. ELABORATE -- desarrollar / desplegar con detalle

"Let me elaborate -- there are three layers to this point."

2. CLARIFY -- precisar lo que si se quiso decir

"To clarify -- I'm not saying X, I'm saying Y."

3. QUALIFY -- matizar sin retirarse de la posicion

"I'd qualify that -- it holds in most cases, not all."

4. NUANCE (v.) -- añadir matiz fino sin perder el core

"Let me nuance the claim -- the core stands, the edges shift."

5. SPECIFY -- nombrar exactamente lo que se quiere decir

"Let me specify -- by 'cultural', I mean the daily-life layer."

6. CONTEXTUALIZE -- anclar el punto en su marco

"Let me contextualize -- this claim sits inside post-conflict reality, not abstract theory."

5. Por palabra: pronuncia 2x → cohorte 2x → defincion + ejemplo. ~50 seg cada una = ~5 min embebidos. NO se drillea en isolation aqui – se usa DENTRO del spot afilado en pasos 6-12.

6. [FRASE] insertion 2: DI: "What is owed is the SHAPE. These six verbs ARE the shape language. Pick one. Own it. Use it inside the 60-sec spot you sharpen in the next ten minutes."

7. CRAFT INDIVIDUAL (~15 min) - SENTADOS, cuaderno abierto:
DI: "Sit. Notebook open. Your monologue draft out.
Fifteen minutes. By the end: ONE 60-second spot
selected from inside pillars 1-3 + REWRITTEN by hand
using ONE Set #25 verb as precision anchor. The spot
must be a place where you currently say something fluent
but generic, OR where a listener could ask 'what do you
actually mean?' and you wouldn't have a sharp answer."

8. CIRCULA continuamente. ~5 min de coaching one-on-one
por estudiante en whispers. Usa 2-3 de estos moves
segun lo que escribieron:

- "Read me the spot. Stop. What did you actually mean
-- the unsafer version? Write that next to the safe
version."
- "Your spot says 'X is important' -- that's the
generic. SPECIFY: 'Let me specify -- by X I mean...'"
- "Your spot drifts at second 30 -- between the claim
and the example. Insert ELABORATE: 'Let me elaborate
-- there are two layers here.'"
- "Your claim is true everywhere -- and that's the
problem. QUALIFY: 'I'd qualify that -- it holds in
the cities, not the rural zones.' The qualification
makes the core SHARPER, not weaker."
- "You hedged with 'I think maybe.' Strip the hedge.
CONTEXTUALIZE: 'Let me contextualize -- this sits
inside [their topic frame], not abstract theory.'"

9. ANOTA en TU cuaderno: por estudiante, QUE verbo Set #25
escogio + QUE spot (pillar # + la frase safer que reemplaza).
Sirve para Cl 34.

10. [FRASE] insertion 3 (whispered a quien este atascado):
"Justice day 3 -- name what you actually mean, not
what is safer to say. The safer version is what the
external evaluator hears as shapeless fluency."

11. PAIR REHEARSAL (~20 min) - DE PIE, pares rotando:
DI: "Stand up. Pair up. You rehearse ONLY the
60-second spot you sharpened -- not the full pillar,
not the full monologue -- just the one minute that
now carries a Set #25 verb. Three times each per pair.
Partner feedback after every delivery: ONE question
+ two checks. ONE: did the SHAPE fit -- did the
specific replace the generic? Y/N. TWO: did you hear
the Set #25 verb? Y/N. Rotate pairs every 6-7 min."

12. ROTA pares cada 6-7 min (3 rotaciones). Asegura que
cada estudiante reciba feedback de 2 peers distintos
+ UNA pasada contigo. Regla estricta para el partner:
NO "good job". Literal: "Shape fit? Y/N. Verb heard?
The verb was _____. The specific was _____."

13. [VIRTUD] activation: cuando un estudiante de respuesta
vaga, DI: "Justice. Specify. Contextualize. The room
can't trust what you don't shape."

14. CIERRA (~30 seg de pie): "You each rehearsed the
sharpened spot 9 times. Block 3 -- Q&A; INTENSIVE,

3 rondas, 3 preguntas cada una. Stay standing."

[ALERTA] si en el paso 7 alguien no encuentra spot (responde "all my pillars are fine") → DI: "Then pick the pillar your hook depends on most. The most-load pillar is the one to sharpen." NO aceptes "no tengo spot débil".

[OK] SEÑAL DE AVANCE: cada estudiante rehearseo su spot 9 veces y recibio feedback binario de 2 peers + ti.

BLOCK 3 — LIVE: Q&A; INTENSIVO HARDER (~45 min)

1. ESCRIBE en board grande:

Q&A; INTENSIVO – 3 RONDAS x 3 PREGUNTAS

Round 1: explain to SKEPTIC (deeper than B1 simplify)

Round 2: COUNTER-ARGUMENT to your own position

Round 3: PANEL questions (cohort generates)

RHYTHM: question lands -> 3 sec start -> 80 sec answer

-> 5 sec teacher note -> next.

Set #24 to ENTER. Set #25 to HOLD with precision.

2. DI las reglas: "Nine questions total. Each of you answers ALL nine across rotation. Each answer ~80 sec. 3 seconds to start. You stand to answer; the others sit and take notes. I do NOT stop you in the middle. Between answers I take 5 sec to note. Only on the worst gap I use 30 sec for cohort coaching."

3. DI: "This is HARDER than Cl 32. Round 1 you explain to a SKEPTIC who already heard your hook -- you can't replay the script. Round 2 you give ONE counter-argument to your own position -- self-skepticism. Round 3 the cohort generates Q&A; panel questions for each other."

4. [PROMPT] cronometro on. ~80 seg cap por respuesta.

5. RONDA 1 - SKEPTIC POST-HOOK (~14 min)

3 preguntas, rotadas (cada estudiante UNA):

(a) "Someone heard your hook and says: 'I'm not convinced -- explain it again without repeating what you just said.' 80 sec. Set #25 SPECIFY o CLARIFY required."

(b) "A skeptic says: 'Your central claim is fluent but I don't know what you actually mean.' Push back with SHAPE. Set #25 ELABORATE o NUANCE."

(c) "Someone says: 'Your hook landed but you didn't deliver. Where is the substance?' Answer with CONTEXTUALIZE -- anchor the claim in real frame."

Coaching solo si necesario (30 seg max una vez por ronda): "You replayed the hook. SPECIFY -- new layer. Try the second half again with: 'Let me specify by layer two -- ...'"

6. RONDA 2 - COUNTER-ARGUMENT A TI MISMO (~14 min)

Rota desplazado (quien respondió R1-Q1 ahora responde R2-Q2, etc):

(a) "Give me ONE counter-argument to your own central claim -- the strongest one a skeptic would raise. Then defend against it. 80 sec. Set #25 QUALIFY."

(b) "Where does your position have its biggest weakness? Name it. Then say why the core still holds. Set #23 hold + Set #25 NUANCE. Don't collapse."

(c) "If you were the panelist, what's the question you would ask yourself to expose the weakest pillar? Ask it -- then answer it. Set #25 CONTEXTUALIZE."

Coaching: si alguien EVITA la pregunta o da un fake counter-argument (uno que ya tiene respuesta pulida)
→ "That was a fake counter. The real counter is the one that makes you uncomfortable. SPECIFY the real weakness. Try again."

7. [FRASE] insertion 4 (entre Ronda 2 y 3, ~10 seg):
"Precision is the form your respect takes. Round 3 the cohort builds the questions -- you receive what they actually want to know."

8. RONDA 3 - PANEL DEL COHORTE (~14 min)
Los OTROS 2 estudiantes generan UNA pregunta cada uno para el que responde. Rota.

DI: "The two of you who are not answering generate ONE Q&A; panel question for the one who IS. Make it the question a real panel would ask -- not a softball. The answerer has 3 sec to start, 80 sec to answer. Set #24 to enter even with half-formed answer + Set #25 to shape it as you go."

Para cada respondedor: 2 preguntas de peers (una de cada uno) + 1 tuya como cierre cubriendo el gap mas doloroso que viste en R1+R2 de esa estudiante.

Coaching: si bajo presion el reflejo Q&A; degrada a 5-seg silencio → "3 sec. Use Set #24 to ENTER even when the answer is half-formed, then Set #25 to shape it. Try again."

9. CIERRE BLOQUE 3 (~3 min, de pie en semicirculo):

DI: "Nine answers each. Three rounds. More shape-pressure in 45 minutes than Cl 36 will give you in a single session. Each in ONE sentence: which ROUND today exposed your weakest move + what's the ONE thing you drill before Cl 34."

3 x ~30 seg. Sin coaching aqui. Si alguien deflecta ("they were all hard"), anotalo en cuaderno -- se nombra en Cl 34.

10. DI: "Sit. Block 4 closes the class."

[ERROR TIPICO] 5 marcadores

1. Respuesta vaga ("It's important...")

→ DI: "Specify. WHO benefits? HOW? Use SPECIFY, not 'important'."

2. Repite material del hook en la respuesta

→ DI: "QUALIFY differently. Don't replay the script -- the skeptic already heard it."

3. Evita la pregunta

→ DI: "CLARIFY what you understood from the question first, then answer the actual question."

4. Set #25 usado mal (ej. "I'd elaborate that..." como bridge en vez de expansion)

→ DI: "Set #25 EXPANDS what you already said. Set #22 BRIDGES to something new. Different jobs."

5. Reflejo Q&A; degrada a 5-seg silencio bajo presion

→ DI: "3 sec. Use Set #24 to ENTER even when the answer is half-formed, then Set #25 to SHAPE it as you talk. Silence is the collapse."

[ALERTA] si una ronda colapsa (todos dan respuestas vagas seguidas), PARA, ESCRIBE en board "SPECIFY. CONTEXTUALIZE." y reanuda con UN ejemplo modelo dicho por ti (15 seg max) → siguiente pregunta. NO te quedes en explicacion.

[OK] SEÑAL DE AVANCE: 9 preguntas + cohorte nombro su ronda mas debil + 3 anotaciones en tu cuaderno con nombres.

BLOCK 4 — CIERRE (~15 min)

1. ESCRIBE en board: "ERRORES DE HOY"

2. ESCRIBE los 3 errores típicos (anonimos):

X Ronda 1: "Repeti el hook en vez de explicar distinto a un skeptic."

-> Set #25 SPECIFY nueva capa, no replay.

X Ronda 2: "Di un fake counter-argument que ya tenía respuesta pulida."

-> Real counter, el que incomoda. SPECIFY el gap real.

X Ronda 3: "5 segundos de silencio bajo pregunta del cohorte."

-> 3 seg. Set #24 ENTER aunque sea half-formed

+ Set #25 SHAPE mientras hablas.

3. COHORTE lee silencio (~30 seg). En TU cuaderno apunta NOMBRES de quien cometio cada uno, sin nombrarlos en publico.

4. [FRASE] insertion 5 + parafraseo:

(a) UN estudiante dice la frase de memoria con intonacion.

(b) OTRO estudiante la PARAFRASEA en sus propias palabras para audiencia B1 de la proxima clase (acepta cualquier parafraseo que mantenga la idea "shape what you actually mean -- precision is respect").

(c) TERCER estudiante nombra: "The Set #25 verb I commit to using FIRST in Cl 34 is ____."

5. [VIRTUD] cierre: PREGUNTA: "Where did you shape what you actually meant today?" – 2 respuestas maximo, rapido, sin discusion.

6. ESCRIBE HOMEWORK en board (mientras la dices):

contextualize). Escribe la frase literal + timestamp + cual verbo Set #25 uso. 5 lineas. (10-12 min total)

REGLA: no fragmentada. No "no me dio tiempo".

7. DI: "Cl 34 -- FULL monologue from memory + critical Q&A; + Set #26 CLOSING THE TURN CLEANLY. JUSTICIA day 4. Six hours from the Final on Cl 36 (external evaluator from coordination, not me). See you next class -- precise."

[ALERTA] si un estudiante no anota la tarea → DI: "Phone out. Photo of the board now." Nadie se va sin saberla. Si protestan por la longitud: "45-60 min total, not fragmented. That is the rule."

[OK] SEÑAL DE AVANCE: cohorte sale sabiendo la tarea + UN estudiante dijo la frase de memoria + 3 errores en board + parafraseo limpio + verbo Set #25 commit nombrado.
