

A2 · CI 28 — HOJA DE RUTA

Virtud: TEMPLANZA (v2, día 3 de 5) · **Modulo:** M32 How Many People Are There? — Specifying Countable Quantities (how many / a few / a lot of), Libro A2 p.273-282

Frase del Día: "How many things do we really need? A person with self-control keeps only a few."

BLOQUE 1 (22') — Apertura

• **Recuperacion espaciada (10'), oral y DE PIE, en cadena, sin cuaderno:**

- De CI 25 (M29, intensificadores): "Ask your classmate a 'How + adjective' question and answer with an intensifier: 'How expensive is your phone?' — 'It's pretty expensive.'" — 4-5 estudiantes en cadena.

- De CI 21 (M24, phrasal verbs separables, "I'll pick you up at 8:00"): "One sentence with 'pick up', 'turn off' or 'turn on': 'I turn off my phone at night.'" — 3-4 estudiantes.

- Errores oídos → tablero anónimos → 1 min de re-producción correcta en coro.

• **Chequeo público de portafolio (3'):** "Who did their daily audio/video?" — pregunta y ANOTA (no revisas contenido).

• **Frase del Día en tablero** (escrita ANTES). 2 lecturas + coro 2x. Insertala natural 3+ veces hoy.

• **Revision de tarea CI 27** (8 frases con so/too/enough): recoge papeles; 2 estudiantes leen 1 frase. Anota en libreta quien NO entregó.

BLOQUE 2 (43') — M32: Cantidades contables (how many / a few / a lot of)

Vocabulario del modulo (tablero, p.274): A person (una persona) · People (gente/personas — plural irregular) · Many / A lot of / Lots of (muchos) · A few (unos, aprox. 3-5). Pronunciación coral + individual.

Tablero verbatim del libro (M32, Guía 1, p.274-275):

1. "How many...?" significa "¿Cuántos...?" — se usa para elementos CONTABLES (1 perro, 2 perros...).

2. Se coloca antes del elemento: "How many dogs do you have?" → "¿Cuántos perros tienes tu?"

3. También con *there are*: "How many dogs are there?" → "¿Cuántos perros hay?"

4. *many / a lot of / lots of* = muchos (contables). "I have many friends. / I have a lot of friends."

5. *a few* = unos/algunos, aprox. 3-5. "I have a few friends."

Ejemplos del libro (p.278-280): How many nurses are there? — There are 7 nurses. · How many people are there? — There are many people. / a lot of people. / lots of people. · How many chairs does John have? — He has a few chairs. · How many papers do they have? — They have a lot of papers. · How many students does Sergio have? — He has a few students.

Actividad (meta en 1 línea): "By the end of this block, each of you will have asked and answered 5 real 'How many ____?' questions about your world."

1. Preparación en parejas (6'): cada uno prepara 5 preguntas "How many ____ are there / do you have?" sobre cosas reales (hermanos, compañeros de trabajo, sillas en la sala, apps en el teléfono, amigos en la ciudad).

2. Ejecución: A pregunta, B responde con número exacto, *a few* o *a lot of* ("How many brothers do you have?" — "I have a few — three."). Cambian.

3. Producto: 4-5 estudiantes hacen al grupo su pregunta; el grupo estima antes de oír la respuesta.

4. Feedback: logro primero, forma después.

Errores típicos (tachalos, coro 2x): ~~How much brothers?~~ → How MANY brothers? · ~~a few peoples~~ → a few PEOPLE · ~~How many people is there?~~ → How many people ARE there?

BLOQUE 3 (37') — Simulación: EVENT PLANNING — ordering for a party

Escenario (solo tablero y sala): un organizador de eventos hace un pedido a un proveedor para una fiesta de empresa. Tablero: "EVENT PLANNING — the order" + items contables: *chairs* · *tables* · *guests* · *plates* · *glasses* · *waiters*.

• Al frente: 1 estudiante es el ORGANIZADOR (guest) que pregunta y pide ("How many guests are there? There are 40. We need a lot of chairs and a few tables. How many waiters do you have?"), + 1 estudiante es el PROVEEDOR que responde con cantidades ("There are a few waiters. We have a lot of glasses.").

• El RESTO son observers ACTIVOS con tarea concreta: anotar 2 errores, 1 acierto, 1 pregunta.

• TU eres coach desde afuera: NUNCA juegas organizador ni proveedor. Congelados 15+ seg → UN prompt ("How many chairs do you need?") y te retiras.

• Mínimos por ronda: 4 preguntas "How many ____?" · 2 respuestas con *a few* · 2 con *a lot of / lots of*.

• Rotación cada 4-5 min (nuevo evento: boda / reunión de oficina / clase) hasta que todos pasen al menos 1 vez.

• Debrief (5'): observers reportan (anónimo); correcciones al tablero, coro 2x.

BLOQUE 4 (18') — Cierre

• **Ticket de salida (5'):** cada estudiante escribe 3-5 frases con *how many* + *a few / a lot of* sobre su vida. Se recogen TODOS (no evalúas ni comentas).

• **Tarea (tablero):**

HOMEWORK CL 28 – DUE: Cl 29 before 7:00 PM • TIME: 20-30 min. NOT fragmented.

(1) WRITING "HOW MANY IN MY WORLD?" – 8 sentences on paper with countable quantities: 4 "How many ___?" questions with their answers, using A FEW in 2 answers and A LOT OF / LOTS OF in 2 answers.

Ex: "How many apps do you have? – I have a lot of apps." Hand in next class.

(2) DAILY PORTFOLIO – 1-3 min audio/video, in English, EVERY day.

Today's topic: "How many things I really need for a good week – and how many I can live without."

- **Error paper:** anonimo en clase; libreta privada con nombres para coordinacion.

- **VATS (1 pregunta, 2 respuestas max):** *"How many things do you own that you never use?"* — **Anuncio:** *"Next class: How much money do you have? — counting things you CAN'T count, with 'how much' and 'a bit of'."*

■ Reporte firmado ■ Error papers ■ Tickets de salida ■ Fotos/videos

ANEXO — M32 verbatim + Plan B (no leer en clase)

Libro A2, Module 32 — "How Many People Are There?" — Specifying Countable Quantities (p.273-282). **Habilidades objetivas del libro:** "Sin dudar, aprender el vocabulario del modulo. Sin dudar, formar preguntas usando 'how many' y responder correctamente. Hablar con fluidez y sin pausas y dudas, usando una velocidad adecuada."

Vocabulario (p.274): a person (una persona) · people (gente/personas, plural irregular) · many / a lot of / lots of (muchos) · a few (unos, aprox. 3-5).

Guia 1 (p.274-275), reglas tal cual:

1. Las palabras interrogativas "how many...?" significan "¿Cuántos...?"
2. Se usan para elementos contables (ej. 1 perro, 2 perros). Se coloca antes del elemento: "How many dogs do you have?"
3. También con "there are / are there": "How many dogs are there?" = "¿Cuántos perros hay?"
4. "many" / "a lot of" / "lots of" = "muchos" para objetos contables: "I have many friends. / I have a lot of friends."
5. "a few" = "unos / algunos", aprox. 3-5: "I have a few friends." = "Tengo unos amigos."

Ejemplos completos (p.278-282): *How many nurses are there? — There are 7 nurses. · How many secretaries are there? — There is 1 secretary. · How many people are there? — There are many people / a lot of people / lots of people. · How many markers does Paula have? — She has 2 markers. · How many chairs does John have? — He has a few chairs. · How many papers do Alice and Bruno have? — They have many / a lot of / lots of papers. · How many folders do you need? — I need a lot of folders. · How many windows does she want? — She wants a few windows.*

Plan B:

- Si el Bloque 2 se atasca: fija la plantilla física — [How many + PLURAL + are there / do you have?] → respuesta con [numero] o [a few] o [a lot of]. Rueda solo con objetos de la sala (chairs, markers, windows, people). *A few* vs *a lot of* se contrasta con las manos (poquitos vs muchos).
- Si la simulación no arranca: conteo de pie por la sala — tu señalas algo (sillas, ventanas, personas), un estudiante pregunta "*How many ____ are there?*", el siguiente cuenta y responde, y elige lo siguiente. Sigues fuera del rol.
- Si sobra tiempo: "a few or a lot?" — dices un sustantivo contable de la vida real (friends, apps, brothers) y cada estudiante responde con su cantidad real usando *a few / a lot of / numero*.

NOTA INTERNA:

- M31 NO existe en el libro: tras M30 (CI 27) se salta directo a M32. Se salta sin comentarlo en clase; la numeración de clase sigue consecutiva (CI 28).
- Arco de cantidades: HOY M32 (contables, how many) → CI 29 = M33 (incontables, how much) → CI 30 = M34 (precios, how much cost). El par contable/incontable se enseña en secuencia.
- Continuidad: recuperación trae CI 25 (M29 intensificadores) y CI 21 (M24 phrasal verbs separables); revisión de tarea recoge las 8 frases de so/too/enough de CI 27.
- Virtud: TEMPLANZA v2 (CI 26-30), hoy día 3. La Frase del Día une *how many / a few* con templanza (quedarse con poco, autocontrol).
- NO comunicar nada de presentaciones/midterm/final; coordinación maneja.
