

B1 MASTERY — CLASS 41 CONV — Conversational Teacher

Session 41/44 · 1h50min · Block 1 (Conv goes FIRST in this session) · IMMERSIVE MODEL — 4 long blocks

Date: ___/___/2026 · Attending: ___/___

Today's focus: oral application of B1 Book M8 — *Reported Speech / He Said, She Said* (SAY vs TELL vs ASK + tense back-shift: simple present → simple past / simple past → past perfect / present perfect → past perfect / will → would / can → could / must → had to + pronoun, time and place shifts). The Grammar Teacher formalizes the tables in the second block of this session.

Virtue: PRUDENCE day 1 of 5 — **OPENS NEW BLOCK** (CI 41–45)

Phrase of the Day: *"On day one of prudence we open the block by reporting what others actually said with the right back-shift — 'the client said the scope was clear, my manager told me the deck had slipped, the dev lead asked if we could ship by Friday' — report cleanly before reacting."*

BLOCK 1 — OPENER — 10 min

(1 min) Welcome + frame

> *"Welcome to CI 41 of 44. Today is B1 Book M8 — Reported Speech. Previous class closed M7 and the FORTITUDE block. Today opens PRUDENCE — day ONE of five."*

(2 min) Phrase of the Day — on the board (already written)

PHRASE OF THE DAY — CL 41 CONV
"On day one of prudence we open the block by reporting what others actually said with the right back-shift — 'the client said the scope was clear, my manager told me the deck had slipped, the dev lead asked if we could ship by Friday' — report cleanly before reacting."

Read once slowly. Cohort echoes 2x. Quick gloss: *"'the client SAID the scope WAS clear' — original probably 'the scope IS clear' (present); reporting in past shifts IS → WAS. 'my manager TOLD me the deck HAD slipped' — original 'the deck HAS slipped' (present perfect); shifts to HAD slipped (past perfect). 'the dev lead ASKED IF we COULD ship by Friday' — original 'can we ship by Friday'; shifts CAN → COULD, and uses IF for yes/no. Prudence day 1: the wise move is to report exactly what they said — back-shifted — before you react."*

(2 min) 60-sec mystery — fast diagnostic from Grammar pase

> *"60 seconds. Each of you names ONE thing the Grammar pase from previous class flagged — a 'where IS the deck due' inversion, a 'what DOES the client need', a yes/no embed missing IF, a non-defining clause missing commas. Go."*

Pick 3 students at random. If any asks about Final results: *"Coordination handles results. Focus on what comes next."* Note who did not bring homework.

(3 min) Warm-up — standing speed round on SAY/TELL/ASK + back-shift

Everyone stands in a circle. Call a DIRECT quote with a speaker label; the next student reports it in past with the right verb (SAY/TELL/ASK) + the right back-shift. Move fast — 8 prompts in 3 minutes.

"Client: 'The scope is clear.'" → "The client SAID (that) the scope WAS clear."
"Manager (to me): 'The deck has slipped.'" → "My manager TOLD me (that) the deck HAD slipped."
"Dev lead: 'Can we ship by Friday?'" → "The dev lead ASKED IF we COULD ship by Friday."
"PM: 'I will send the report.'" → "The PM SAID (that) she WOULD send the report."
"Director: 'I am reviewing the proposal.'" → "The director SAID (that) he WAS reviewing the proposal."
"Client (to me): 'When is the deck due?'" → "The client ASKED me WHEN the deck WAS due."
"Manager: 'You must escalate.'" → "My manager SAID (that) I HAD TO escalate."
"Teammate: 'I have reviewed the doc.'" → "My teammate SAID (that) he HAD reviewed the doc."

No corrections yet — temperature only. Note who hesitated.

(2 min) Bridge to today's content

> *"Today's content is M8 — only the speaking side. The Grammar Teacher formalizes the back-shift table in the next block. My job: get SAY/TELL/ASK + back-shift out of your mouth at speed, in real workplace recaps. The simulation today is a standup recap to manager — you're the recap reporter, and you have to report what 3 colleagues said this morning, accurately, back-shifted."*

BLOCK 2 — CONTENT OF THE DAY — 40 min

(5 min) Mini-talk — reported speech in real workplace dialogue

Talk standing, board behind you. Model EACH pattern out loud.

> *"M8 has two halves. HALF ONE — SAY vs TELL vs ASK. SAY does NOT take an indirect object directly — 'She SAID the deck was ready' (no 'me'). If you want to add a listener, use 'SAID TO me' — 'She said TO me that the deck was ready.' TELL takes the indirect object directly — 'She TOLD ME the deck was ready' (no 'to'). ASK = preguntar, also takes indirect object directly — 'She ASKED ME if the deck was ready'. Book p.89 verbatim: SAY = direct words; TELL = information communicated to a person; ASK = preguntar, requires indirect object. NEVER 'She told that' (TELL needs a person). NEVER 'She said me' (SAY needs TO me or no listener). HALF TWO — TENSE BACK-SHIFT. When the control verb (said/told/asked) is PAST, the verb in the reported clause shifts ONE STEP BACK. Book p.93 verbatim table: simple present → simple past ('he plays' → 'he played'); simple past → past perfect ('he played' → 'he had played'); present perfect → past perfect ('he has played' → 'he had played'); present continuous → past continuous ('he is playing' → 'he was playing'); am/is/are going to → was/were going to; will → would ('he will play' → 'he would play'); can → could; must → had to. PRONOUNS shift too — 'I' → 'he/she'; 'we' → 'they'; 'you' → 'I/we' depending on direction. TIME and PLACE shift — 'today' → 'that day'; 'tomorrow' → 'the next day'; 'here' → 'there'. YES/NO QUESTIONS in reported speech use IF or WHETHER — 'Can we ship?' → 'She asked IF we could ship.' WH-QUESTIONS keep the WH and use AFFIRMATIVE order (same rule as M7 embedded questions) — 'When is the deck due?' → 'She asked WHEN the deck WAS due' (NOT 'when WAS the deck due'). Prudence day 1: open the block by reporting cleanly — no paraphrasing into your own opinion, no losing the original tense, no skipping the back-shift."*

Demo each rule on the same situation twice. Then:

> *"Most workplace recaps slip in three places. SAID with no shift ('she said the client IS satisfied' — wrong, must be WAS). TOLD with no listener ('She told that' — wrong). Yes/no reported with no IF ('She asked could we ship' — needs IF). Hear it, kill it."*

(15 min) Guided practice in pairs — 12 prompt cards (peer teacher rotation embedded)

Hand each pair the deck of 12 cards (each card has a DIRECT quote in a speech bubble + a label saying who spoke). They take turns: one reads the card, the other reports it in past with right verb + right back-shift. Then swap. Walk between pairs.

Card deck (each card = direct quote + speaker label):

1. Client: "I am sending the SOW today." → reported (SAY)
2. Manager (to me): "We have approved the budget." → reported (TELL me)
3. Dev lead: "Can the QA team start Monday?" → reported (ASK + IF)
4. PM: "I will draft the deck tonight." → reported (SAY)
5. Director: "The deck is meticulous." → reported (SAY)
6. Client (to me): "When does the demo happen?" → reported (ASK me + WH affirmative order)
7. Teammate: "I should have escalated yesterday." → reported (SAY) — perfect modal does NOT shift
8. Manager: "You must finish by Friday." → reported (SAY) — MUST → HAD TO
9. Client: "We are choosing your bid." → reported (SAY) — pres cont → past cont
10. PM (to me): "Have you reviewed the contract?" → reported (ASK me + IF + pres perf → past perf)
11. Director: "The team performed beautifully." → reported (SAY) — past simple → past perfect
12. Manager (to me): "I am proud of you." → reported (TELL me) — pronoun shift + pres cont → past cont

Coach softly: SAID + me (wrong), TOLD with no person, yes/no with no IF, WH-question with inversion ('when DID' inside report), failure to shift IS → WAS, pronoun left at 'I' when speaker is no longer present. Note errors with NAMES.

Peer teacher inside this block (3 min): halfway through, pause one pair and have ONE student read aloud the Grammar pase patterns from previous class M7 — "where IS the deck due" → "where the deck IS due" / "what DOES the client need" → "what the client NEEDS" / "missing IF on yes/no embed". Cohort echoes 2x. Bridge: "M7 embedded questions use affirmative order; M8 reported WH-questions use the SAME affirmative order — plus back-shift. 'My manager asked WHEN the deck WAS due' (M7 affirmative + M8 back-shift)." Resume pair work.

(15 min) Free pair derivation — "report 3 conversations from this week"

Same pairs, no cards. Build 6 reports each (3 per partner). Pattern: name the speaker + control verb (said/told me/asked me) + report with correct back-shift.

Board (write before class):

FREE PAIR DERIVATION — 6 REPORTS (15 min)

Pattern per report:

[Speaker] + (said / told me / asked me / asked
if / asked when) + [reported clause with
correct back-shift]

Examples:

"My team lead TOLD me that the client
WAS satisfied with the Q3 deliverables."
(originally: "the client IS satisfied")

"The dev lead ASKED IF we COULD pull the
QA cycle forward to Tuesday."
(originally: "can we pull the QA cycle?")

"The PM ASKED me WHEN the deck WOULD
be ready."
(originally: "when WILL the deck be ready?")

Requirements per pair (6 reports across both):

- 2+ SAID (no indirect object)
- 2+ TOLD ME (with indirect object)
- 2+ ASKED — 1 with IF (yes/no) + 1 with
WH (affirmative order)
- Across the 6, hit at least 4 different
back-shifts: is/am → was, has → had,
will → would, can → could, must → had to,
past simple → past perfect
- PRUDENCE day 1: report exactly what they
said — no paraphrasing into your opinion
- NEVER "she said me" / NEVER "she told that"
/ NEVER "asked when DID the deck" inside
a report

Rotate partners twice. Walk and coach. **Phrase of the Day INSERTION #2:** "SAID + no listener / TOLD + me / ASKED + IF or WH. Plus back-shift one step. Prudence day 1 — report before reacting."

(5 min) Whole-cohort share + 1 live correction

Two strong pairs perform 1 full report each in front of the group (90 sec). After the second pair, pick ONE error you heard (probably SAID/TOLD confusion or missing back-shift) and correct it live with the cohort echoing 2x. Then: "Stand up — we move to the simulation."

BLOCK 3 — LIVE APPLICATION — 45 min — "STANDUP RECAP TO MANAGER"

ONE activity, no format change for 45 minutes. Rotating triads. Every student plays every role.

(3 min) Setup

> *"Stand. You're a team member recapping this morning's standup to your manager who couldn't attend. You'll work in triads. RECAP REPORTER reports what 3 colleagues said this morning — 6 reported sentences minimum, mix of SAID / TOLD ME / ASKED. MANAGER asks for clarification on at least 2 of the reports — your clarification stays in reported speech (no breaking back into direct quotes). OBSERVER tracks on the grid: SAY/TELL/ASK correctness, back-shift correctness, IF on yes/no, affirmative order on WH-questions. Three rounds. Each round 12 minutes. Every student plays every role. Prudence day 1: report cleanly — no editorialising, no paraphrasing, no broken back-shift."*

Hand out printed observer grid (prepared before class):

OBSERVER GRID — CL 41 CONV — STANDUP RECAP TO MANAGER

Reporter name (this round): _____

Mark each reported sentence below as:

✓ = right verb (say/tell/ask) + right shape +
right back-shift

X S/T = SAID + indirect obj / TOLD with no
person

X shift = back-shift skipped or wrong

X IF = yes/no question with no IF/WHETHER

X inv = inversion inside WH-question report
("when DID the deck")

! para = paraphrased — speaker's actual words
lost

R1: _____ → ✓ / X S/T / X shift / X IF / ! para

R2: _____ → ✓ / X S/T / X shift / X inv / ! para

R3: _____ → ✓ / X S/T / X shift / X IF / ! para

R4: _____ → ✓ / X S/T / X shift / X inv / ! para

R5: _____ → ✓ / X S/T / X shift / X IF / ! para

R6: _____ → ✓ / X S/T / X shift / X inv / ! para

One sentence to the reporter at the end:

(~40 min) 3 rounds × ~12 min — rotating triads

Round 1 (12 min): Triads form. Reporter delivers 6 reports back to back. Manager interrupts twice for clarification. Observer marks. You circulate — coach SAID/TOLD confusion on the spot, kill any inversion inside a WH-report, flag missing back-shift ("the client said it IS — should be WAS"), flag paraphrasing.

Round 2 (12 min): Rotate. New reporter, new manager, new observer. Push for SPEED — reports should land in 4 seconds, not 10. **Phrase of the Day INSERTION #3 during transition:** "Listen to the reporter — is the back-shift there? IS → WAS, HAS → HAD, WILL → WOULD, CAN → COULD. Prudence day 1 — report cleanly."

Round 3 (12 min): Final rotation. Every student has now played every role. Push for the harder back-shifts — present perfect → past perfect, MUST → HAD TO, pronoun shifts (I → he/she), and at least one report of a yes/no question with IF + one report of a WH-question with affirmative order.

(2 min) Cohort close

One strong triad demos 90 sec — 3 reports + 1 manager clarification + 1 follow-up report + observer reports back. Applause.

Phrase of the Day INSERTION #4: "You just reported 6 conversations in 12 minutes with the back-shift intact — that's day one of prudence in real working speed."

BLOCK 4 — CLOSE — 15 min

(4 min) Error paper recap — 4 most common errors today

Write on the board (anonymous; NAMES only in your personal notebook):

ERROR PAPER — CL 41 CONV

1. ■ "She said me that the deck was ready." → ■ "She TOLD me..." / "She SAID (that) the deck was ready." (book p.89 — SAY no indirect / TELL needs person)
2. ■ "My manager said the client IS satisfied." → ■ "My manager said the client WAS satisfied." (back-shift IS → WAS, book p.93)
3. ■ "He asked could we ship by Friday." → ■ "He asked IF we COULD ship by Friday." (yes/no reported needs IF + can → could)
4. ■ "She asked when DID the deck arrive." → ■ "She asked WHEN the deck HAD arrived." (no inversion in reported WH + past simple → past perfect)

Cohort echoes the 4 corrections in chorus 1x. Note the named version in your notebook for the audit report — do NOT say names aloud.

(3 min) Phrase of the Day close

1. "Phrase from memory — one student." Pick one at random.

2. "Now paraphrase what PRUDENCE DAY 1 means for one real report you owe a colleague before next class — clean back-shift, no editorialising." Pick another at random.

(4 min) Homework — explained out loud

HOMEWORK CL 41 CONV – DUE: BEFORE NEXT CLASS CL 42, 7:00 AM
TIME: 30-45 min – NOT fragmented.

(1) WRITING – 12 min – 12 reported sentences
from REAL conversations this week:

- 4 SAY (no indirect object): mix present →
past, will → would, has → had

- 4 TELL me / TELL [person]: include 1

with MUST → HAD TO + 1 with pres cont

→ past cont

- 4 ASK: 2 with IF (yes/no) + 2 with WH

(affirmative order) – at least 1 with

CAN → COULD

RULE: NEVER "said me" / NEVER "told that"

without a person / NEVER inversion in

reported WH / ALWAYS back-shift one step.

Hand in on paper next class.

(2) AUDIO – 10 min – Record 2-3 min:

"Standup recap – report what 3 colleagues
said this morning, 2 things each, with
correct back-shift. Prudence day 1: report
cleanly before reacting."

Label: B1-CONV-41.

(3) LISTENING – 10 min – Short TED talk /

workplace podcast on COMMUNICATION,

MEETING RECAPS, or LEADERSHIP. Note 3

moments where the speaker reports what

someone else said + identify the back-shift.

RULE: Not fragmented. No "I didn't have time."

(4 min) PASE A GRAMMAR — CL 41 — fill + deliver

Fill the sheet titled **"PASE A GRAMMAR — CL 41"** in front of the cohort so they see the handoff is real:

PASE Conv → Grammar – Cl 41

3 form gaps observed in Conv today (literal):

1. [literal error] – student: [name]
2. [literal error] – student: [name]
3. [literal error] – student: [name]

Most common patterns today:

- SAID with indirect object ("she said me")
- TOLD without indirect object ("she told that")
- Back-shift skipped ("the client said it IS")
- Yes/no reported with no IF / WHETHER
- Inversion inside reported WH-question ("when DID the deck arrive")
- MUST not shifted to HAD TO
- Pronoun left at 'I' when speaker is no longer present
- Prudence day 1 fail: speaker paraphrased into reporter's own opinion

Note: Cohort arrives at your block having spoken the reports orally in standup recap simulation. Formalize the form from the book (B1 Book M8 p.83-96): Guide 1 "Say vs Tell vs Ask" p.89 verbatim – 'Say = Decir – refers to exact words... [direct] + to + [indirect]' / 'Tell = contar/informar – information communicated to a person... [indirect] [direct]' / 'Ask = Preguntar... functions exactly as for tell'. Examples p.90. Guide 2 "Tense Back-Shift" p.93 verbatim table: 'Simple present → Simple past' ('he plays soccer' → 'he played soccer') / 'Simple past → Past perfect' / 'Present perfect → Past perfect' / 'Present continuous → Past continuous' / 'Am/is/are going to → was/were going to' / 'Will → Would' / 'Can → Could' / 'Must → Had to'. Examples p.94 verbatim: 'I agree that you are very tall → I agreed that you were very tall' / 'Steven answers that he was in Bogota → Steven answered that he had been in Bogota' / 'John says that he can work hard → John said that he could work hard' / 'I tell you that we live in Winnipeg → I told you that we lived in Winnipeg'. Pronoun shift notes + time/place shift notes + yes/no via IF/WHETHER + WH-question affirmative order (carries over from M7).

Schedule: Cl 42 = M9 Perfect Tenses + M10 Causative (split ~50/50). PRUDENCE v3 day 2. Cl 44 = Final (last 2h), calendar fact only.

Signed: Conversational Teacher

Hand it physically to the Grammar Teacher before the second block of this session begins.

Close (verbatim)
