

B1 MASTERY — CLASS 42 CONV — Conversational Teacher

Session 42/44 · 1h50min · Block 1 (Conv goes FIRST in this session) · IMMERSIVE MODEL — 4 long blocks

Date: ___/___/2026 · Attending: ___/___

Today's focus: oral application of B1 Book M9 — *More About Perfect Tenses* (present perfect vs past simple — FOR vs SINCE vs HOW LONG; past perfect — the action before another past action; present perfect continuous — duration of an ongoing action) **AND** M10 — *The Causative* (HAVE / GET + object + base verb / past participle — active vs passive causative; MAKE / LET + object + base verb). The Grammar Teacher formalizes both tables in the second block. **Split ~50/50** in block 2: M9 first (~20 min), M10 second (~15 min).

Virtue: PRUDENCE day 2 of 5 (block stays open, CI 41–45)

Phrase of the Day: *"On day two of prudence we name service history with precision — 'we have run two regressions since Monday, the team had documented the migration by Tuesday, we had the deck reviewed and we got the staging server upgraded' — perfect tenses + causative, what we did and what we had done for us."*

BLOCK 1 — OPENER — 10 min

(1 min) Welcome + frame

> *"Welcome to CI 42 of 44. Today is B1 Book M9 — More About Perfect Tenses AND M10 — The Causative, split half-and-half. Virtue: PRUDENCE — day TWO of five. Block stays open. Reminder: CI 43 is the LAST class with me and the Grammar Teacher. CI 44 = Final, run by a separate evaluator from coordination."*

(2 min) Phrase of the Day — on the board (already written)

PHRASE OF THE DAY — CL 42 CONV

"On day two of prudence we name service history with precision — 'we have run two regressions since Monday, the team had documented the migration by Tuesday, we had the deck reviewed and we got the staging server upgraded' — perfect tenses + causative, what we did and what we had done for us."

Read once slowly. Cohort echoes 2x. Quick gloss: *"we HAVE RUN two regressions SINCE Monday" — present perfect, an action with a duration touching now, with SINCE + point in time. 'the team HAD DOCUMENTED the migration BY Tuesday' — past perfect, the action that finished before another past action. 'we HAD the deck REVIEWED' — passive causative, HAVE + object + past participle, somebody else reviewed it for us. 'we GOT the staging server UPGRADED' — same passive causative shape with GET. Prudence day 2: name what YOU did + name what was DONE for you, with precision — don't smear it all into past simple."*

(2 min) 60-sec mystery — fast diagnostic from Grammar pase

> *"60 seconds. Each of you names ONE thing the Grammar pase from previous class flagged — a 'she said me', a back-shift skipped ('the client said it IS'), a yes/no with no IF, an inversion inside a reported WH. Go."*

Pick 3 students at random. If any asks about Final results: *"Coordination handles results. Focus on what comes next."* Note who did not bring homework.

(3 min) Warm-up — standing speed round on perfect tenses + causative

Everyone stands in a circle. Call the prompt; the next student delivers the right shape. Move fast — 8 prompts in 3 minutes.

"Two regressions / Monday / use SINCE + present perfect" → "We HAVE RUN two regressions SINCE Monday."
"Documentation / Tuesday / use past perfect" → "The team HAD DOCUMENTED the migration BY Tuesday."
"Three weeks of work / present perfect continuous" → "We HAVE BEEN WORKING on the migration FOR three weeks."
"Deck / by my peer / passive causative with HAVE" → "I HAD the deck REVIEWED by my peer."
"Staging server / upgraded / passive causative with GET" → "We GOT the staging server UPGRADED."
"My manager / us / document the script / active causative MAKE" → "My manager MADE us DOCUMENT the script." (no TO)
"My manager / us / take a break / active causative LET" → "My manager LET us TAKE a break." (no TO)
"My peer / review the deck / active causative GET" → "I GOT my peer TO review the deck." (with TO)

No corrections yet — temperature only. Note who hesitated.

(2 min) Bridge to today's content

> *"Today's content is M9 + M10 — split half-and-half on the speaking side. The Grammar Teacher formalizes both tables in the next block. My job: M9 first — pull present perfect, past perfect, and present perfect continuous out of your mouth in real service history language. Then M10 — get HAVE/GET passive causative AND MAKE/LET active causative out of your mouth. The simulation today combines both — a service history update call."*

BLOCK 2 — CONTENT OF THE DAY — 40 min

PART A — M9 PERFECT TENSES — ~20 min

(3 min) Mini-talk — perfect tenses in service history

Talk standing, board behind you.

> *"M9 has three shapes to land. ONE — PRESENT PERFECT vs PAST SIMPLE. Present perfect = an action with a duration touching now or with relevance now — 'We HAVE RUN two regressions THIS WEEK' (week is not over). Past simple = an action completely finished in a finished time — 'We RAN two regressions LAST WEEK' (last week is over). Time markers: present perfect with EVER / NEVER / SINCE / FOR / YET / ALREADY / JUST / SO FAR / THIS WEEK / RECENTLY / LATELY. Past simple with YESTERDAY / LAST WEEK / IN 2024 / WHEN I WAS A KID. FOR vs SINCE: FOR + period of time ('for three weeks'); SINCE + point in time ('since Monday'). HOW LONG questions get either — 'How long have you worked here?' → 'FOR five years' / 'SINCE 2021'. TWO — PAST PERFECT. The action that finished BEFORE another past action — 'When the client called, the team HAD ALREADY FIXED the bug.' Two past events; past perfect goes first chronologically, past simple second. THREE — PRESENT PERFECT CONTINUOUS. The duration of an ongoing action that started in the past and continues now — 'We HAVE BEEN MIGRATING the database FOR three weeks.' (we're still migrating). Versus present perfect simple — 'We HAVE MIGRATED 60% of the database.' (focus on result, completed portion). Prudence day 2: pick the right shape for the right service history — don't smear it all into past simple."*

(12 min) Guided practice in pairs — 10 M9 cards

Hand each pair the deck of 10 M9 cards.

1. "Two regressions / this week (not over) / present perfect"
2. "Two regressions / last week / past simple"
3. "Three weeks of migration work / continues now / pres perf continuous"
4. "60% of migration / completed so far / pres perfect simple"
5. "Bug fixed / before the client called / past perfect + past simple"
6. "Five years here / present perfect with FOR"
7. "Here since 2021 / present perfect with SINCE"
8. "I have known her since 2015 / question with HOW LONG"
9. "Two demos this Q3 / two demos in Q2 / contrast pres perf vs past simple"
10. "Reviewed the doc / before submitting / past perfect"

Coach: present perfect where past simple should be (or vice versa), missing past perfect when two past events are sequenced, FOR + point in time / SINCE + period (swap), present perfect continuous misused for completed counts. Note errors with NAMES.

Peer teacher inside this block (3 min): halfway through, pause one pair and have ONE student read aloud the Grammar pase patterns from previous class M8 — "she said me" → "she said TO me / she TOLD me" / "the client said it IS" → "the client said it WAS" (back-shift) / "asked could we ship" → "asked IF we COULD ship". Cohort echoes 2x. Bridge: "M8 back-shift uses past perfect when you report a present perfect or past simple — 'the team SAID they HAD migrated 60%' (originally: 'we have migrated' or 'we migrated'). That's the past perfect from M9 doing the job for M8." Resume pair work.

(2 min) M9 close

Cohort fast-fires 3 distinctions: 'FOR or SINCE three weeks?' (FOR), 'FOR or SINCE Monday?' (SINCE), 'past perfect when?' (action before another past action).

PART B — M10 THE CAUSATIVE — ~15 min

(3 min) Mini-talk — the causative in service history

Talk standing, board behind you.

> *"M10 has two halves. HALF ONE — ACTIVE CAUSATIVE. You make somebody else do something. Four control verbs. HAVE + object + BASE VERB — 'I HAD the QA team RUN the regression.' (no TO). MAKE + object + BASE VERB — 'My manager MADE us DOCUMENT the migration.' (no TO — force / obligation). LET + object + BASE VERB — 'My manager LET us TAKE a break.' (no TO — permission). GET + object + TO + BASE VERB — 'I GOT my peer TO review the deck.' (WITH TO — persuade / convince, less direct than HAVE). HALF TWO — PASSIVE CAUSATIVE. Somebody else does something FOR your object. Two control verbs. HAVE + object + PAST PARTICIPLE — 'I HAD the deck REVIEWED by my peer.' GET + object + PAST PARTICIPLE — 'We GOT the staging server UPGRADED.' Same shape. Use HAVE for arranged / formal services; use GET for more colloquial / arranged-with-effort services. The TRAP: mixing the two shapes — 'I had the deck PEER REVIEW it' (mixed active subject with passive form — wrong). Correct: 'I had MY PEER review the deck' (active, my peer is the object) OR 'I had THE DECK reviewed' (passive, the deck is the object). Prudence day 2: name what you did AND name what was done for you — both shapes, clean."*

(10 min) Guided practice in pairs — 8 M10 cards

Hand each pair the deck of 8 M10 cards.

1. "QA team / run regression / active causative HAVE" → "I HAD the QA team RUN the regression." (no TO)
2. "Us / document the script / active causative MAKE" → "My manager MADE us DOCUMENT the script." (no TO)
3. "Us / take a break / active causative LET" → "My manager LET us TAKE a break." (no TO)
4. "My peer / review the deck / active causative GET" → "I GOT my peer TO review the deck." (with TO)
5. "Deck / reviewed by my peer / passive causative HAVE" → "I HAD the deck REVIEWED by my peer."
6. "Staging server / upgraded / passive causative GET" → "We GOT the staging server UPGRADED."
7. "System / audited last quarter / passive causative HAVE" → "We HAD the system AUDITED last quarter."
8. "Slides / printed for the demo / passive causative GET" → "We GOT the slides PRINTED for the demo."

Coach: GET without TO (in active), MAKE/LET with TO (wrong), passive causative with base verb instead of participle ('had the deck REVIEW'), mixed active/passive ('had the deck peer review it'). Note errors with NAMES.

(5 min) Whole-cohort share + 1 live correction (covers M9 + M10)

Two strong pairs perform 1 sentence each — one M9, one M10 — in front of the group. After the second, pick ONE error you heard and correct it live with the cohort echoing 2×. Then: *"Stand up — we move to the simulation."*

Phrase of the Day INSERTION #2 (right before transition): *"What you did (perfect tenses) + what was done for you (passive causative). Prudence day 2 — precision."*

BLOCK 3 — LIVE APPLICATION — 45 min — "SERVICE HISTORY UPDATE CALL"

ONE activity, no format change for 45 minutes. Rotating triads. Every student plays every role. Activity combines M9 + M10.

(3 min) Setup

> *"Stand. You're on a service history update call — your client is asking 'what's been done, what was done, what did you have done by someone else'. You'll work in triads. ACCOUNT LEAD delivers the service history update — 6 M9 perfect-tense sentences (mix present perfect, past perfect, present perfect continuous) + 4 M10 causative sentences (mix active and passive). CLIENT listens, asks for 1 clarification on perfect tense + 1 clarification on causative. OBSERVER tracks on the grid: tense shape, FOR/SINCE precision, past perfect on sequenced past events, active vs passive causative, MAKE/LET no TO, GET + TO. Three rounds. Each round 12 minutes. Every student plays every role. Prudence day 2: precision — don't smear it all into past simple, don't mix active and passive shapes."*

Hand out printed observer grid (prepared before class):

OBSERVER GRID — CL 42 CONV — SERVICE HISTORY UPDATE CALL

Account lead name (this round): _____

M9 sentences (mark each):

✓ = right tense + right time marker

✗ tense = past simple where perfect needed

✗ for/since = FOR with point / SINCE with period

✗ seq = past perfect missing on sequenced past

S1: _____ → ✓ / ✗ tense / ✗ for/since / ✗ seq

S2: _____ → ✓ / ✗ tense / ✗ for/since / ✗ seq

S3: _____ → ✓ / ✗ tense / ✗ for/since / ✗ seq

S4: _____ → ✓ / ✗ tense / ✗ for/since / ✗ seq

S5: _____ → ✓ / ✗ tense / ✗ for/since / ✗ seq

S6: _____ → ✓ / ✗ tense / ✗ for/since / ✗ seq

M10 sentences (mark each):

✓ = right active / passive shape

✗ TO = MAKE/LET/HAVE active with TO (wrong) /

GET active without TO (wrong)

✗ part = passive causative missing past participle

✗ mix = active subject mixed into passive shape

C1: _____ → ✓ / ✗ TO / ✗ part / ✗ mix

C2: _____ → ✓ / ✗ TO / ✗ part / ✗ mix

C3: _____ → ✓ / ✗ TO / ✗ part / ✗ mix

C4: _____ → ✓ / ✗ TO / ✗ part / ✗ mix

One sentence to the account lead at the end:

(~40 min) 3 rounds × ~12 min — rotating triads

Round 1 (12 min): Triads form. Account lead delivers 6 M9 + 4 M10 sentences. Client interrupts twice for clarification. Observer marks. You circulate — coach FOR/SINCE on the spot, flag past simple where present perfect is needed, kill GET without TO in active causative, kill MAKE/LET with TO.

Round 2 (12 min): Rotate. New account lead, new client, new observer. Push for the harder M9 (present perfect continuous for ongoing work) + harder M10 (passive causative with full agent — 'by the senior PM'). **Phrase of the Day INSERTION #3 during transition:** *"Present perfect for what touches now, past perfect for what came first, passive causative for what was done for you. Prudence day 2 — precision."*

Round 3 (12 min): Final rotation. Every student has now played every role. Push for at least one sentence with present perfect continuous + FOR + period, one sentence with past perfect + past simple sequenced, one active causative with HAVE (no TO), one passive causative with GET + past

participle.

(2 min) Cohort close

One strong triad demos 90 sec — 3 M9 + 2 M10 + 1 client clarification + observer reports back. Applause.

Phrase of the Day INSERTION #4: *"You just named what you did and what was done for you — perfect tenses + causative — that's prudence day 2 in real working speed."*

BLOCK 4 — CLOSE — 15 min

(4 min) Error paper recap — 4 most common errors today

Write on the board (anonymous; NAMES only in your personal notebook):

ERROR PAPER — CL 42 CONV

1. ■ "We have run two regressions LAST WEEK." → ■ "We RAN two regressions LAST WEEK." / "We HAVE RUN two regressions THIS WEEK." (finished time → past simple; time touching now → present perfect)
2. ■ "I have worked here SINCE three weeks." → ■ "I have worked here FOR three weeks." / "I have worked here SINCE September." (FOR + period; SINCE + point)
3. ■ "I had the deck PEER REVIEW it." → ■ "I had MY PEER review the deck." (active) / "I had the DECK REVIEWED by my peer." (passive) — don't mix shapes
4. ■ "My manager MADE us TO document the script." → ■ "My manager MADE us DOCUMENT the script." (MAKE / LET / HAVE active = NO TO; only GET active takes TO)

Cohort echoes the 4 corrections in chorus 1x. Note the named version in your notebook for the audit report — do NOT say names aloud.

(3 min) Phrase of the Day close

1. *"Phrase from memory — one student."* Pick one at random.
2. *"Now paraphrase what PRUDENCE DAY 2 means for one real service history update you'll deliver before next class — what you did + what was done for you."* Pick another at random.

(4 min) Homework — explained out loud

HOMEWORK CL 42 CONV — DUE: BEFORE NEXT CLASS CL 43, 7:00 AM
TIME: 30-45 min — NOT fragmented.

(1) WRITING — 12 min — 10 sentences split:
- 6 M9 perfect tenses:
2 present perfect with FOR / SINCE
2 past perfect (sequenced with past simple)
2 present perfect continuous (ongoing work)
- 4 M10 causative:
1 active HAVE (no TO)
1 active MAKE or LET (no TO)
1 active GET (with TO)
1 passive HAVE or GET (+ past participle)
RULE: NEVER "since three weeks" / NEVER MAKE
or LET with TO / NEVER mix active subject
with passive shape. Hand in on paper next
class.

(2) AUDIO — 10 min — Record 2-3 min:
"Service history update — 4 things you've
been doing this Q3 (perfect tenses) + 3
things you had done for you (passive
causative). Prudence day 2: precision."
Label: B1-CONV-42.

(3) LISTENING — 10 min — Short TED talk /
workplace podcast on PRODUCT HISTORY,
POST-LAUNCH REVIEW, or DELEGATION. Note 3
perfect tense uses + 2 causative uses
(active or passive).

RULE: Not fragmented. No "I didn't have time."

(4 min) PASE A GRAMMAR — CL 42 — fill + deliver

Fill the sheet titled **"PASE A GRAMMAR — CL 42"** in front of the cohort so they see the handoff is real:

PASE Conv → Grammar – Cl 42

3 form gaps observed in Conv today (literal):

1. [literal error] – student: [name]
2. [literal error] – student: [name]
3. [literal error] – student: [name]

Most common patterns today (M9 + M10):

M9 – Perfect Tenses:

- Present perfect with finished time ("have run last week")
- Past simple where present perfect needed ("ran this week")
- FOR + point / SINCE + period (swap)
- Past perfect missing on sequenced past events
- Present perfect continuous misused for completed counts

M10 – Causative:

- MAKE / LET / HAVE active with TO (wrong)
- GET active without TO (wrong)
- Passive causative missing past participle ("had the deck REVIEW" instead of "REVIEWED")
- Mixed active subject in passive shape ("had the deck peer review it")

Prudence day 2 fail: smeared all service history into past simple, no precision.

Note: Cohort arrives at your block having spoken both M9 + M10 orally in the service history update simulation. Formalize the form from the book.

B1 Book M9 p.97-116: Guide 1 "Present Perfect vs Past Simple" – markers: ever/never/since/for/yet/already/just/so far/this week/recently vs yesterday/last week/in 2024. Guide 2 "Past Perfect" – action before another past action. Guide 3 "Present Perfect Continuous" – duration of ongoing action, FOR + period / SINCE + point. Examples and exercises across the module.

B1 Book M10 p.117-126: Guide 1 "Active Causative" – HAVE / MAKE / LET + object + BASE verb (no TO); GET + object + TO + base verb. Guide 2 "Passive Causative" – HAVE / GET + object + PAST PARTICIPLE. Examples and exercises across the module.

Schedule: Cl 43 = M11 Advanced Adjectives + M12 Advanced Pronouns. **PRUDENCE day 3 + CYCLE CLOSE** – last class with the regular teachers. Cl 44 = Final (last 2h), run by a separate evaluator from coordination – not by me, not by the Grammar Teacher.

Signed: Conversational Teacher

Hand it physically to the Grammar Teacher before the second block of this session begins.

Close (verbatim)

> *"See you next class Cl 43 — the LAST class with me and the Grammar Teacher. Today was PRUDENCE day 2 — block stays open. The wise move today: precision. Next class is day 3 — and the cycle closes from our side. Cl 44 = your Final, run by a separate evaluator from coordination — not me, not the Grammar Teacher. Homework due before next class, 7 AM. Any question about the Final, the evaluator, or results goes to coordination — not to me."*
