

HEIU — B1 MASTERY — CLASE 23 — BLOQUE 2: GRAMMAR & WRITING

Sesión: 23 de 44 | **Bloque:** 2 (Grammar — HOY VA SEGUNDO) | **Duración:** 1h50min

Profesor: Juan Diego | **Fecha:** 29/05/2026 (viernes) | **Presentes:** ____/____

■■■■ POST-MIDTERM (CL 22 JUEVES 28/05 FUE AYER)

El midterm fue ayer. **El profesor NUNCA comunica resultados, notas, criterios ni quién lo hizo mejor.** Si alguien pregunta el resultado: *"Coordination handles results — not me. Focus on what comes next."* Punto. No se elabora. Hoy se enseña el SIGUIENTE módulo del libro (M32) — limpio, sin referencia a notas.

■■■■ CAMBIO RECIENTE — GOLDLIST ELIMINADO + FRASE DEL DÍA

GoldList se cerró el 14/05/2026. Hoy continúa el ritual **"FRASE DEL DÍA"** (una frase en tablero, sin copia, sin depuración).

Frase del Día sugerida para hoy:

> *"HOW MANY honest steps to the Final? Count them — prudence is the number you can prove, not the number that sounds good."*

(Frase clave: TODA la estructura de M32 — "HOW MANY" + sustantivo contable plural ("steps") + respuesta numérica ("count them"). Virtud PRUDENCIA día 3 v2 — "the number you can prove, not the number that sounds good". Post-midterm: mirando hacia el Final CI 44. Si alguien pregunta por la Lista: *"The method evolved. We use Phrase of the Day now — simpler, more direct. Your old notebooks stay yours."*)

■■ MENSAJE IMPORTANTE PARA EL PROFESOR — LEER ANTES

Mantienes los **4 ajustes pedagógicos** validados:

1. **HABLA 100% EN INGLÉS.** Cero español.
2. **EXPLICA EL OBJETIVO de cada actividad** ANTES de empezarla — 1 línea en inglés.
3. **MÁS NO SIEMPRE ES MEJOR.** Consolidación antes de complejidad.
4. **PROYECTA SEGURIDAD.** Preparación previa, ritmo, sin titubeo.

ESTE BLOQUE ES ~85% DE PIE / MOVIMIENTO. Está diseñado así a propósito: board race, walking transformation, physical sorting (countable plural vs uncountable), human-sentence line-up con tarjeta "HOW MANY", station rotation, speed drill, podium ceremony de "How Many ____?". Sigue la columna "Físico" de la tabla. NO lo conviertas en clase sentada — pierde fuerza. (CI 19 fue ~85%; CI 18 fue ~86%; mantenlo así.)

TU BLOQUE VA SEGUNDO HOY (Danna fue primero):

- Recibes **PASE ESCRITO de Danna** ANTES de empezar — errores frescos de Conv esta mañana
 - Tu Peer Teacher Slot usa esos errores del PASE
 - Al cierre TÚ envías PASE a Danna para CI 24 lunes (próxima semana)
-

■■■■ REGLA INVIOABLE — SEGUIR EL LIBRO

Hoy enseñas **ÚNICAMENTE** este módulo del A2 Book:

• **A2 Book M32 — "How Many People Are There?" / Specifying Countable Quantities** (módulo arranca pág 273; Vocabulario 1 pág 274; Guía 1 "How many?" pág 275; Práctica Verbal 1 pág 277; Respuestas pág 278; Práctica Verbal 2 pág 279; Respuestas pág 280; Práctica Verbal 3 pág 281; Respuestas pág 282; Módulo 33 "How Much Money Do You Have?" arranca pág 283+)

NO se enseña hoy:

- ■ M28 The Superlative (CI 19 — solo se recicla brevemente como contraste integrado, no se re-enseña)
- ■ M29 Required Levels — preguntas de medidas (CI 20 — cerrado)
- ■ M30 Required Levels — cantidades "too much / just enough" (CI 21 — cerrado)
- ■ **M31 — NO EXISTE en el A2 Book.** El libro salta de M30 (pág 261-272) directamente a M32 (pág 273). Verificado verbatim contra el libro. No se inventa ni se infiere. Patrón consistente con M19, M25 ya saltados.
- ■ M33 "How Much Money Do You Have?" / Uncountable Quantities (es la pareja de M32 y va lunes CI 24 — NO se adelanta hoy)
- ■ Third Conditional / Could-Should have (B2 — fuera de programa)

> Continuidad: CI 21 (miércoles) cerró M30 (cantidades "too much / just enough" — required levels). CI 22 (jueves) fue MIDTERM. Hoy CI 23 retoma libro: el libro salta M31 y va directo a M32 — "How Many People Are There?" — pregunta + cantidad CONTABLE. La estructura es: HOW MANY + sustantivo contable plural; respuesta con número o "a few / many / a lot of / lots of"; también con "there are" ("How many people are there?" → "There are 5 people."). Es la pareja con M33 (uncountable, "how much"), que va lunes CI 24. El cohorte ya produjo "how many" oralmente con Danna esta mañana (ver PASE).

■■ HOY NO HAY TEXTO HEIU

NO hay texto Heiu para CI 23. Mismo criterio que CI 14-22: el contenido de hoy (M32 "How Many" + cantidades contables) es gramática estructural/transformacional, no narrativa — se enseña DESDE EL LIBRO con drills de movimiento (board race, walking transformation, sorting físico countable vs uncountable, human-sentence line-up con tarjeta "HOW MANY", station rotation, speed drill, podium ceremony "Confirmed — how many!"), no con un texto de lectura. El cohorte ya produjo "how many" oralmente con Danna esta mañana en Hot Topic + Simulación (ver PASE). NO se inventa un texto sin que el patrón lo exija.

■■ NOTA INTERNA VISIBLE — M31 NO EXISTE

M31 NO existe en el A2 Book. El libro salta de M30 (Required Levels — cantidades, pág 261-272) directamente a M32 (Specifying Countable Quantities, pág 273). Verificado verbatim: en todo el A2 Book NO aparece "Module 31" en ningún encabezado. Patrón consistente con saltos anteriores (M19 NO existe — saltó de M18 a M20; M25 NO existe — saltó de M24 a M26). Confirmado por feedback Diana 19/05 (caso M29) + 25/05 (M25): se sigue el libro tal cual; número inexistente se salta limpio al siguiente; nunca se inventa.

CONTEXTO DE HOY

Esta semana hasta hoy (Grammar bloque):

- Cl 19 lunes 25/05: A2 M28 The Superlative (1 sílaba "the -est" / "-y" "the -iest" / 2+ sílabas "the most ..." / irregulares "the best/worst")
- Cl 20 martes 26/05: A2 M29 "How Tall Are You?" — Required Levels, preguntas de medidas
- Cl 21 miércoles 27/05: A2 M30 "Too Much or Just Enough?" — Required Levels, cantidades (too much / just enough)
- Cl 22 jueves 28/05: **MIDTERM PRESENTATION** (5 min cada estudiante, integrando Pages 16-20 + grammar M28-M30)

Hoy CL 23 GRAMMAR (POST-MIDTERM) cubre:

- **A2 M32 — "How Many People Are There?" / Specifying Countable Quantities** (módulo pág 273; Vocabulario 1 pág 274; Guía 1 pág 275; Práctica Verbal 1 pág 277; Respuestas pág 278; Práctica Verbal 2 pág 279; Respuestas pág 280; Práctica Verbal 3 pág 281; Respuestas pág 282)
 - Estructura interrogativa: **"How many + (sustantivo contable plural) + (ayudante) + (sujeto) + (verbo)?"** — ¿Cuántos...?
 - También con "there are": **"How many + plural + are there?"** → "There are ____ (plural)."
 - Respuesta con NÚMERO ("There are 7 nurses." / "He has 4 erasers.")
 - Respuesta con CANTIDAD CUALITATIVA: **a few (~3-5), many / a lot of / lots of** (muchos)
 - Sólo aplica a sustantivos CONTABLES en plural (no a uncountable — eso va lunes Cl 24 con M33)
- Drills de movimiento: board race, walking transformation, sorting físico (countable PLURAL vs uncountable), human-sentence line-up con tarjeta "HOW MANY", station rotation, speed drill, PODIUM CEREMONY de "How Many ____?"

VIRTUD HOY: PRUDENCIA día 3 v2 — tercer día del bloque PRUDENCIA v2 (Cl 21–25) — verificar calendario absoluto. Hilada al post-midterm: medir honestamente *cuántos* pasos al Final, sin inflar ni esconder.

CRONOGRAMA: Cl 44 = FINAL PRESENTATION (últimas 2h del nivel B1). El Final integra Pages 16-21 + grammar acumulada. Cl 23 hoy abre la fase POST-MIDTERM. Anuncia el Final SOLO como hecho de cronograma en el cierre — sin nota, sin resultado, sin criterios (eso es coordinación).

1. MYSTERY HOMEWORK CHECK (00:00–00:04, 4 min) — DE PIE

OBJETIVO PARA EL ESTUDIANTE:

> **Quick verification of midterm-week preparation — superlatives, measures, quantities. No grades. Only preparation.* **

Sobre cerrado:

HOMEWORK MYSTERY CHECK – B1 CL 23 GRAMMAR – POST-MIDTERM

In 45 seconds, give me 3 sentences about YESTERDAY's preparation (NOT your result):

- 1 with a SUPERLATIVE (M28 from Mon: "The strongest part of my prep was ____ .")
- 1 with a MEASURE (M29 from Tue: "I rehearsed for about 10 minutes." / "My presentation was around 5 min long.")
- 1 with a QUANTITY (M30 from Wed: "I had just enough time to rehearse." / "I had too much filler – next time, just enough.")

Example: "The strongest part of my preparation was the opening; I rehearsed it for about 8 minutes; that was just enough."

GO!

En clase (4 min):

1. (30 seg) "STAND UP. Mystery envelope."
 2. (30 seg) Abre + lee.
 3. (1 min) Silencio.
 4. (2 min) 3 estudiantes AL AZAR. Anota quién NO trajo preparación (libreta personal + NOMBRE para coordinación). Si pregunta resultado: "Coordination handles results — not me. Focus on what comes next."
-

2. EL POR QUÉ DE HOY (00:04–00:06, 2 min) — SENTADOS

Lee EN INGLÉS, sin prisa:

WHY TODAY'S ACTIVITIES MATTER:

→ MYSTERY: visible preparation from the midterm week – preparation only, no grades.

→ PHRASE OF THE DAY: today's phrase carries "HOW MANY + honest STEPS" – that's exactly M32: "how many" + a countable plural noun. And "the number you can prove, not the number that sounds good" – PRUDENCIA day 3.

→ PEER TEACHER: errors from this morning's Conv – fresh, from Danna's pase, post-midterm context.

→ M32 HOW MANY + COUNTABLE: when we ask about a number of COUNTABLE things (people, meetings, emails, steps), English uses "How many ___ ?" + plural noun. Answers use numbers or "a few / many / a lot of / lots of". Also with "there are": "How many people are there?" -> "There are 5 people." We do this STANDING – board race, walking transformation, podium ceremony.

→ SORTING + LINE-UP + STATION ROTATION: countable plural ("how many emails") sorted away from uncountable ("how much money" – that's Monday's M33, preview only). The card "HOW MANY" is held in line-up – if no one holds it, the sentence is not the M32 question.

→ INTERACTIVE STORY (absurd professional): I narrate an absurd cotidian scene, pause, and OUT LOUD you all add the next "How many ___ ?" question. No fill-in-blanks – voice in the room.

→ PODIUM + SPEED DRILL: "How many ___ ?" until reflex.

→ Limit: any question about midterm results goes to coordination – not to me.

Now we begin – and most of today, we are on our feet.

3. FRASE DEL DÍA — PRESENTACIÓN (00:06–00:10, 4 min) — DE PIE

Tablero — escribe ANTES de clase:

PHRASE OF THE DAY — CL 23

"HOW MANY honest steps to the Final? Count them – prudence is the number you can prove, not the number that sounds good."

(M32 structure visible:

"HOW MANY" + "steps" (countable plural) + question

"Count them" -> response: a number

PRUDENCIA day 3 v2:

"the number you can prove" – not inflated, not hidden)

Procedimiento

1. (30 seg) "STAND UP. Today's phrase — the first after the midterm."
2. (1 min) Lee 2x lento. "HOW MANY honest steps to the Final? Count them — prudence is the number you can prove, not the number that sounds good."
3. (1 min) Coro 3x.
4. (1 min) Explica: "Look at the front: 'HOW MANY steps'. That's the question shape of today's module — 'how many' + countable plural noun. The answer is a NUMBER, or a quantity word like 'a few' or 'many'. And the end — 'the number you can prove, not the number that sounds good' — that's PRUDENCIA day three after a public test: you measure honestly. You don't inflate the count to impress; you don't hide it to be safe. Today the cohort, with Danna, already asked 'how many rehearsals? how many weak parts?' — now I name the structure technically from the book."
5. (30 seg) "Stay standing. Notice every time I use this phrase or part of it today."

4. VATS PRUDENCIA DÍA 3 v2 (00:10–00:15, 5 min) — DE PIE

> Hoy es el **tercer día del bloque PRUDENCIA v2** (Cl 21–25). Día 1 miércoles: recursos vs realidad. Día 2 jueves: midterm — medirse en vivo. Hoy día 3: medir honestamente DESPUÉS — sin inflar (para impresionar) ni esconder (para evitar trabajo).

Pregunta del día integrando M32:

> **"Day three of PRUDENCIA. Use 'how many' honestly: 'How many rehearsals out loud will I really do before the Final on CI 44?' / 'How many weak parts of my draft will I actually fix this week?' / 'How many new words do I really need — not want?' Give a real, countable number. Don't inflate. Don't shrink."**

DE PIE en parejas (2 min). 2 estudiantes comparten al frente (3 min).

> *Inserción #1 Frase del Día: *"For example — 'HOW MANY honest steps to the Final? Count them — the number you can prove, not the number that sounds good.' That's PRUDENCIA on day three after a public test — and every honest count is a 'how many' question."**

5. PEER TEACHER SLOT — PASE DE DANNA (00:15–00:22, 7 min) — DE PIE

OBJETIVO PARA EL ESTUDIANTE:

> **"A classmate teaches today. Errors from THIS MORNING's Conv — observed live by Danna, post-midterm context."**

Pre-clase: Leer los 2-3 errores del PASE de Danna. Asignar UN estudiante peer teacher.

En clase (7 min):

- (30 seg) *"Today's peer teacher is [name]. Errors from this morning's Conv — from Danna's pase. Probable patterns: 'how much' used with countable plural; 'how many' followed by singular; 'there is' with plural."*
- (5 min) Estudiante: explica → corrige → cohorte repite 2x (de pie).
- (1 min) Aplauso + *"Monday it's [next name]."*
- (30 seg) Anota.

6. LIBRO M32 — HOW MANY? + BOARD RACE (00:22–00:34, 12 min) — DE PIE

OBJETIVO PARA EL ESTUDIANTE:

> **"Open Module 32, page 273 — 'How Many People Are There?'. When we ask about a COUNTABLE number of things, English uses 'How many + plural noun + ____ ?'. Then we race it on the board."**

Concepto DESDE EL LIBRO (5 min) — profesor de pie en el tablero

Cita textual del A2 Book M32 (módulo pág 273; Guía 1 pág 275; Vocabulario pág 274) — escribe el esquema en tablero ANTES de clase:

M32 — HOW MANY? (A2 Book — modulo pag 273)
"How Many People Are There?" / Countable Quantities

From the book (Guia 1 — "How many?", pag 275):
"1. Las palabras interrogativas 'how many ...?' significan '¿Cuántos...?'"
"2. Se usan para elementos contables (ej. 1 perro, 2 perros, etc.)."
"3. Se coloca esta expresion antes del elemento de interes."

PREGUNTA CON PALABRA INTERROGATIVA (pag 275):
Palabra Interr. | Elemento -> Ayudante | Sujeto | Verbo
How many | dogs do | you | have?
-> "How many dogs do you have?"
-> "Cuántos perros tienes tu?"

"4. Tambien, podemos usarla con 'there are / are there'.
"How many dogs are there?" -> "Cuántos perros hay?"

"5. Las expresiones 'many' o 'a lot of' o 'lots of' significan 'muchos' para objetos contables."
"I have many friends." / "I have a lot of friends."
-> "Tengo muchos amigos."

"6. La frase 'a few' significa 'unos / algunos', e implica una cantidad de aproximadamente 3 - 5."
"I have a few friends." -> "Tengo unos amigos."

VOCABULARIO (pag 274):
a person (sing.) / people (plural irregular)
many = muchos / a lot of = lots of = muchos
a few = unos (aprox. 3-5)

KEY: HOW MANY + COUNTABLE PLURAL + (do/does + subject + verb)? / HOW MANY + COUNTABLE PLURAL + are there?
Answers: a NUMBER ("There are 7 nurses.") OR
a few / many / a lot of / lots of.
"People" is PLURAL irregular -> "there ARE", never
"there is".

> *Di: *"To ask about a NUMBER of COUNTABLE things — emails, meetings, people, steps — put 'how many' in front of the plural noun. Then either 'do/does + subject + verb' ('How many emails do you have?') or 'are there' ('How many people are there?'). Answer with a NUMBER, or with 'a few' (~3-5), 'many', 'a lot of', 'lots of'. Today only COUNTABLE plural — Monday's M33 will do uncountable with 'how much'. Note: 'M31 does NOT exist in this book — it jumps M30 -> M32 — same way it jumped M24 -> M26 and M18 -> M20. We follow the book."**

BOARD RACE — how many (7 min) — DE PIE, 2 equipos

Dos columnas en el tablero. Dictas una frase mal formada (con "how much" + contable, con "how many" + singular, sin ayudante, con "there is" + plural); el primer estudiante de cada fila corre al tablero y escribe la frase correcta. Cohorte verifica. Rota.

Round (dicta MAL; ellos escriben bien):

1. "How much emails do you have?" -> "How MANY emails do you have?"
2. "How many email you have?" -> "How many emails do you have?"
3. "How many people there is?" -> "How many people are THERE?" (and "there ARE people")
4. "How many meeting today?" -> "How many meetings are there today?"
5. "How much nurses are there?" -> "How MANY nurses are there?"
6. "I have few of friends." -> "I have A FEW friends." (no "of")

> **Inserción #2 Frase del Día:** *"Compare with our phrase — 'HOW MANY honest steps to the Final?'. 'How many' + countable plural — 'steps'. That is M32 in one line. Phrase first, then the rule."*

7. WALKING TRANSFORMATION — M32 (00:34–00:50, 16 min) — DE PIE

OBJETIVO PARA EL ESTUDIANTE:

> *"You become the 'how many' question. Wrong shape on one side of the room, correct M32 on the other. You walk the transformation."*

Setup (2 min)

Dos zonas del salón rotuladas: **WRONG** ("how much" + countable / singular noun after "how many" / "there is" + plural / "few of" + noun) (izquierda) y **RIGHT** (correct "How many + plural + ____ ?" + correct answer) (derecha). Reparte tiras con frases profesionales donde la pregunta está mal formada (1 por estudiante).

Round 1 — Walk it (8 min)

Cada estudiante:

1. Se para en zona WRONG y lee su frase mal formada en voz alta ("How much emails you have today?").
2. Camina a zona RIGHT diciendo la forma correcta en voz alta ("How many emails do you have today? — I have many emails.").
3. El cohorte (de pie) confirma con pulgar arriba/abajo.

Tiras sugeridas (contexto profesional):

"How much emails you have today?" -> "How many emails do you have today? — I have many."
"How many meeting are there this week?" -> "How many meetings are there this week? — There are 6."
"How many client he has?" -> "How many clients does he have? — He has a few."
"How many people there is in the room?" -> "How many people are there in the room? — There are 9 people."
"How much rehearsals will you do?" -> "How many rehearsals will you do? — I will do three."
"I have few of meetings tomorrow." -> "I have a few meetings tomorrow."
"Coordination handles results — not me." -> (limit reminder — leave correct as is)

> *Nota: la última tira refuerza el límite — evaluaciones SOLO las maneja coordinación; el profesor NUNCA comunica nada de resultados del midterm.*

Round 2 — Reverse (4 min)

Ahora al revés: parten de la forma CORRECTA, caminan a WRONG diciendo en voz alta por qué está mal ("'how much' is wrong with 'emails' because 'emails' is COUNTABLE plural — 'how much' is for UNCOUNTABLE (money, time, water); 'how many' is for plural countable. And 'there is' with 'people' is wrong — 'people' is plural irregular, so 'there ARE people'."). Intercambia tiras.

Cierre (2 min)

2 voluntarios caminan su transformación al frente. Cohorte cuenta preguntas "How many ____ ?" correctas.

> *Anota errores con NOMBRE en libreta personal.*

8. LIBRO M32 (CONT.) — RESPUESTAS + SORTING COUNTABLE/UNCOUNTABLE + HISTORIA INTERACTIVA (00:50–01:02, 12 min) — DE PIE

OBJETIVO PARA EL ESTUDIANTE:

> *"Same module — the answers (number / a few / many / a lot of) and the line between COUNTABLE (today, 'how many') and UNCOUNTABLE (Monday's preview, 'how much'). Then we build a story OUT LOUD."*

Concepto DESDE EL LIBRO (4 min) — profesor de pie

Cita textual del A2 Book M32 — Práctica Verbal 1 Respuestas pág 278 (esquema en tablero ANTES de clase):

M32 – RESPUESTAS A "How Many ____ ?" (A2 Book pag 278-280)

From the book (Practica Verbal 1 - Respuestas, pag 278):

"How many nurses are there?"

-> "There are 7 nurses."

"How many secretaries are there?"

-> "There is 1 secretary." (1 -> singular!)

"How many people are there?"

-> "There are 5 people." / "There are many people."

OR "There are a lot of people." / "lots of people."

"How many hot dogs are there?"

-> "There are many hot dogs." / "a lot of" / "lots of"

"How many sandwiches are there?"

-> "There are a few sandwiches." (a few ~ 3-5)

From Practica Verbal 2 - Respuestas (pag 280):

"How many markers does Paula have?"

-> "She has 2 markers."

"How many chairs does John have?"

-> "He has a few chairs." (a few ~ 3-5)

"How many papers do Alice and Bruno have?"

-> "They have many papers." / "a lot of" / "lots of"

KEY: response = NUMBER ("There are 7.")

OR "a few" (~3-5)

OR "many / a lot of / lots of" (mucho)

If number = 1 -> singular ("there IS 1 secretary").

"People" PLURAL irregular -> "there ARE".

PREVIEW (Monday Cl 24 = M33):

For UNCOUNTABLE (money, water, time, sugar) we will use "HOW MUCH ____ ?" – NOT today. Today only countable plural ("how many").

SORTING FÍSICO (4 min) — DE PIE, en grupo

Reparte tarjetas: cada una con una palabra/sustantivo profesional. El cohorte, de pie, agrupa cada tarjeta en la zona correcta (**COUNTABLE PLURAL** → **how many** / **UNCOUNTABLE** → **how much (Mon preview)**) y dice en voz alta la pregunta:

COUNTABLE PLURAL ("how many ____ ?"):

emails, meetings, clients, people, hours-as-units, reports, calls, deliverables, rehearsals, steps, weeks, sandwiches, hamburgers, papers (as sheets)

UNCOUNTABLE – preview only ("how much ____ ?" Monday):

money, time (as flow), water, coffee, sugar, work (as effort), advice, information

Cada grupo forma la pregunta de su columna en voz alta:

- "How many emails do you have?" / "How many clients does he have?" / "How many rehearsals will you do?"
- Para uncountable solo nombran: "Money is uncountable — 'how much money', Monday's M33."

Historia Interactiva ABSURDA cotidiana profesional (4 min) — DE PIE

> **"Now an absurd professional scene — I narrate, I pause, you ALL add a 'How many ____ ?' question OUT LOUD. No fill-in-blanks — your voice in the room."*

Narras de pie (con pausa marcada — el cohorte agrega EN VOZ ALTA):

"Imagine: it is Monday morning, and the office printer has – somehow – produced 412 identical copies of the same memo overnight. Now the floor is covered in paper. The manager walks in calmly and asks the team..."
 [PAUSA – cohorte EN VOZ ALTA: "How many copies are there?!"]

"412. Then the IT person arrives with one box of pens that contains, apparently, 38 pens. The manager turns and asks..."
 [PAUSA – cohorte: "How many pens does she have?"]

"38. Then 14 people arrive for the meeting – but the room has only 9 chairs. The manager asks..."
 [PAUSA – cohorte: "How many people are there?" / "How many chairs do we have?"]

"14 people, 9 chairs. Then someone asks how much MONEY we have for new chairs – but that's Monday's question, not today's. Today only COUNTABLE plural. Back to our scene: the manager asks ONE more question..."
 [PAUSA – cohorte agrega libre: "How many ____ ?"]

Cohorte responde EN VOZ ALTA en cada pausa. NO huecos para llenar — voz en el cuarto.

> ***Inserción #3 Frase del Día:** **"HOW MANY honest steps to the Final?" — that's our phrase, and that's our module: 'how many' + countable plural ('steps'). And the answer is a NUMBER you can prove — not one that sounds good."***

9. HUMAN-SENTENCE LINE-UP (TARJETA "HOW MANY") + STATION ROTATION (01:02–01:14, 12 min) — DE PIE

OBJETIVO PARA EL ESTUDIANTE:

> *"First you become words and line up as a correct M32 question — someone MUST hold the 'HOW MANY' card. Then three stations — you move; the grammar stays."*

Human-Sentence Line-up (4 min) — DE PIE

Reparte tarjetas grandes (1 palabra por estudiante: una tarjeta especial **"HOW MANY"** que alguien sostiene siempre, un sustantivo plural contable, "do/does", el sujeto, el verbo, signo "?", y separadamente para respuestas: un número o "a few / many / a lot of"). Por grupos, los estudiantes se PARAN en fila físicamente para formar la pregunta correcta y luego la respuesta. La tarjeta **"HOW MANY"** SIEMPRE tiene que estar en la fila — si nadie la sostiene, no es M32. El grupo lee la oración en voz alta. 2-3 rondas, alternando "there are" / "do you have" / "does she want".

Station Rotation (8 min) — DE PIE

3 estaciones rotuladas. Grupos rotan cada ~2.5 min (campana). Todos de pie.

STATION A – "How many ____ ARE THERE?"
 Build 4 questions + answers about your workplace using "there are":
 "How many people are there in the meeting? – There are 9 people." / "How many printers are there in the office? – There is 1 printer." / "How many free chairs are there? – There are a few free chairs." / "How many emails are there in your inbox? – There are too many." (mix with M30 quantity adjective)

STATION B – "How many ____ DO/DOES (subj) HAVE?"
 Build 4 questions + answers about people at work:
 "How many clients does she have? – She has 5 clients." / "How many reports do you have today? – I have a few reports." / "How many deliverables do they have this week? – They have many deliverables." / "How many rehearsals does he need before the Final? – He needs 3."

STATION C – "How many ____ DO YOU WANT / NEED?"
 Build 3 questions + answers (Practica Verbal 3, pag 281 del libro):
 "How many notebooks do you want? – I want 2 notebooks." / "How many folders do you need? – I need many folders." / "How many cookies do we need for the meeting? – We need a few cookies."

Tú circulas entre estaciones, corriges en voz baja, anotas errores con NOMBRE.

10. PODIUM CEREMONY "HOW MANY ____ ?" + SPEED DRILL DE PIE (01:14–01:24, 10 min) — DE PIE

OBJETIVO PARA EL ESTUDIANTE:

> *"On the podium: the top countable count in your work. Then drill: 'How many ____ ?' answered in your mouth until reflex."*

Podium Ceremony (4 min) — DE PIE en círculo

Dibuja en el tablero un podio (1º, 2º, 3º). Cada estudiante (en cadena) nombra un "how many" honesto de su trabajo y responde con número o "a few / many". Cohorte responde en coro con la frase: *"Confirmed — how many indeed!"*. Cubrir las 3 formas (mínimo 1 estudiante por forma).

Cadena Podium (cada uno una pregunta + respuesta distinta):
A: "How many emails do I have today? — I have 14 emails."
-> coro: "Confirmed — how many indeed!"
B: "How many real meetings are there this week? — There are a few — three." (a few ~3-5)
C: "How many honest rehearsals to the Final? — I need 5."
-> coro: "Confirmed — how many indeed!"
D: "How many clients does she have? — She has many — about 20." (many)

Drill 1 — Form-on-command cadena (4 min) — DE PIE en círculo

Dices un sustantivo (plural contable, profesional); el estudiante responde con una pregunta M32 correcta + respuesta, luego pasa al siguiente:

"emails" -> "How many emails do you have? — I have 12."
"clients" -> "How many clients does the team have?
— They have a lot of clients."
"meetings" -> "How many meetings are there today?
— There are 3."
"rehearsals" -> "How many rehearsals do you need?
— I need a few — three."
"people" -> "How many people are there in the room?
— There are 9 people."
"reports" -> "How many reports does she have to write?
— She has many reports."
"steps" -> "How many honest steps to the Final?
— I count 5 steps."
"chairs" -> "How many chairs are there? — There are 9."

Drill 2 — Tipo + frase coro rápido (2 min) — DE PIE

Dices el sustantivo en español-clave o pides el tipo; el cohorte responde en coro:

"¿cuantos correos?" -> "How many emails do you have?"
"¿cuanta gente?" -> "How many people are there?"
"¿cuantas reuniones?" -> "How many meetings are there?"
"¿cuantos ensayos?" -> "How many rehearsals do you need?"
"¿cuantos pasos al Final?" -> "How many steps to the Final?"
"unos/algunos (~3-5)" -> "a few"
"muchos" -> "many / a lot of / lots of"
"PERO si fuera DINERO (uncountable)" -> "how much — Monday"

11. ERROR PAPER LIVE + FRASE DEL DÍA CIERRE (01:24–01:36, 12 min) — DE PIE

Error Paper Live (5 min)

4 errores en tablero (sin nombres; nombres SOLO en tu libreta personal):

Ejemplos típicos M32 (ajusta a lo realmente escuchado):
1. ■ "How much emails do you have?" -> ■ "How MANY emails do you have?" (emails = contable plural -> "how many", NO "how much")
2. ■ "How many email do you have?" -> ■ "How many emails do you have?" ("how many" exige PLURAL)
3. ■ "How many people there is?" -> ■ "How many people ARE THERE?" ("people" plural irregular -> "are there", NUNCA "there is")
4. ■ "I have a few of meetings." -> ■ "I have a few meetings." ("a few" va directo al plural, SIN "of")

Lee. Estudiantes corrigen 2x (de pie).

Frase del Día CIERRE (4 min)

- (30 seg) *"Today's phrase: 'HOW MANY honest steps to the Final? Count them — prudence is the number you can prove, not the number that sounds good.' From memory."* — llama 1 AL AZAR.
- (1.5 min) *"Now use it in a NEW professional context — different topic — keep at least three 'How many ____ ?' questions about your work, with countable plural nouns and a real, honest answer."* — llama otro AL AZAR.
- (2 min) *"Notice: 'how many STEPS' — countable plural. Number answer or 'a few / many'. 'There ARE' if you use 'there'. 'People' is plural irregular — never 'there is'."*

Cierre breve del bloque (3 min)

> *"Today: Mystery, Por Qué, Phrase of the Day, M32 'How Many People Are There?' — 'how many' + countable plural; answers with number or 'a few / many / a lot of / lots of'; with 'there are' for existence; 'do/does + subject + verb' for actions — board race, walking transformation, sorting countable vs uncountable, human line-up with the 'HOW MANY' card, interactive absurd story, stations, podium ceremony, speed drill. Real B1 sounds like: 'How many emails are there? — A lot of emails. How many real rehearsals do I need? — Five. How many honest steps to the Final? — Five.' This was day three of PRUDENCIA v2."*

12. PASE ESCRITO + TAREA FIN DE SEMANA + ANUNCIO CL 24 + ANUNCIO FINAL (01:36–01:50, 14 min) — SENTADOS

PASE ESCRITO a Danna (3 min)

Hoja titulada "PASE A DANNA — CL 24 CONV":

PASE Grammar -> Conv — Cl 23 -> Cl 24 — Viernes 29/05/2026 (POST-MIDTERM)

3 errores frescos observados en Grammar:

1. [error literal] — estudiante: [nombre]

3. [error literal] — estudiante: [nombre]

Nota para Danna: hoy formalice M32 "How Many People Are There?" / Specifying Countable Quantities (A2 Book — modulo pag 273; Vocabulario 1 pag 274; Guía 1 "How many?" pag 275; Practica Verbal 1 pag 277; Respuestas pag 278; Practica Verbal 2 pag 279; Respuestas pag 280; Practica Verbal 3 pag 281; Respuestas pag 282): "How many + sustantivo countable plural + (do/does + subject + verb)?" o "How many + plural + are there?"; respuestas con numero o "a few" / "many" / "a lot of" / "lots of"; "people" plural irregular -> "there ARE people"; "a few" SIN "of". El cohorte hizo board race, walking transformation, sorting fisico countable/uncountable (preview M33), historia interactiva absurda profesional, human-sentence line-up con tarjeta "HOW MANY", station rotation, podium ceremony y speed drill.

NOTA INTERNA confirmada: M31 NO existe en el A2 Book — el libro salta de M30 (pag 261-272) directamente a M32 (pag 273). Verificado verbatim. Patron consistente con M19/M25 ya saltados.

Lunes Cl 24 Grammar sigo con el SIGUIENTE modulo existente del A2 Book = M33 "How Much Money Do You Have?" / Specifying Uncountable Quantities (modulo arranca pag 283; mismo patron de pregunta pero con "how much" + sustantivo INCONTABLE — money, time, water, sugar) — confirmar verbatim antes de clase.

Tu Cl 24 Conv (lunes) puede pedir al cohorte que use "how many ___ ?" en contexto profesional cotidiano, cuidando la concordancia contable plural y la respuesta (numero o "a few / many"). Cronograma: Cl 44 = Final, anunciado al cohorte solo como hecho de calendario (sin nota, sin criterios — eso es coordinacion). Limite: cualquier pregunta del resultado del midterm de ayer va a coordinacion, no a nosotros.

Anuncio Cl 24 + Anuncio Final + Cierre

> *"See you Monday Cl 24. Monday I continue with the next existing module in the A2 Book — M33 'How Much Money Do You Have?' (Specifying Uncountable Quantities, page 283) — the partner of today's 'how many': UNCOUNTABLE nouns use 'how much' (money, time, water, sugar). I confirm verbatim before class. Note: in the book, M31 does NOT exist — it jumps from M30 to M32 — that's the book, not us. Same pattern as M19 and M25 already skipped. Today the work was done standing — by all of us. This was day three of PRUDENCIA v2: how many honest steps to the Final? Count them — the number you can prove, not the number that sounds good. Cronograma reminder: Final presentation is on Cl 44 — your Pages 16-20 from before the midterm + Page 21 from this morning are the road into it. Any question about how the midterm or the Final is evaluated goes only to coordination — not to me, not to Danna. Tarea due Monday before 7 AM — 45-60 minutes, no fragmenting, no excuses; you have the whole weekend."*

Hoy retomamos el libro POST-MIDTERM con M32: cuando se pregunta por una cantidad de cosas CONTABLES, "how many" + plural + (do/does/are there). La respuesta es número (incluido "1 -> singular: there IS 1 secretary"), o "a few" (~3-5), o "many / a lot of / lots of". "People" es plural irregular ("there ARE people"). Lunes M33 cierra la pareja con "how much" + incontable. Anota quién usa "how much" con plural contable ("how much emails"). Anota quién deja el sustantivo en singular después de "how many" ("how many email"). Anota quién dice "there is" + plural ("there is many people"). Anota quién mete "of" después de "a few" ("a few of meetings"). Anota quién pregunta el resultado del midterm — eso NO se responde, va a coordinación.

> El bloque está construido ~85% de pie a propósito (board race, walking transformation, sorting countable/uncountable, historia interactiva absurda profesional, human-sentence line-up con tarjeta "HOW MANY", stations, podium ceremony, speed drill). Si por alguna razón redujiste el movimiento, regístralo aquí para coordinación — es un indicador de seguimiento, no una falla a ocultar.

> (SUPUESTO DE PLANEACIÓN — verificado): el mapa interno apunta a CI 23 como "M32 'How Many People Are There?' (M31 NO existe)". Verificado verbatim contra el A2 Book: tras M30 (Required Levels — cantidades, pág 261-272) el libro continúa con **M32 "How Many People Are There?" / Specifying Countable Quantities** — el módulo arranca pág 273, Vocabulario 1 pág 274, Guía 1 "How many?" pág 275, Práctica Verbal 1 pág 277, Respuestas pág 278, Práctica Verbal 2 pág 279, Respuestas pág 280, Práctica Verbal 3 pág 281, Respuestas pág 282, y Módulo 33 "How Much Money Do You Have?" / Specifying Uncountable Quantities arranca pág 283. **M31 NO existe — confirmado: no aparece "Module 31" en ninguna parte del A2 Book; los encabezados son Module 30 → Module 32 → Module 33.** Patrón consistente con M19 y M25 ya saltados. Para CI 24: usar M33 (siguiente módulo existente, "How Much Money Do You Have?", pág 283+) — confirmar título/reglas/páginas verbatim contra el libro antes de planear (no inferir).

> (CRONOGRAMA — verificar): CI 44 = FINAL PRESENTATION (definido desde CI 1, últimas 2h del nivel B1, 175h totales). El profesor en CI 23 solo lo menciona como hecho de calendario en el cierre — sin nota, sin criterios, sin resultado del midterm. Cualquier comunicación sobre evaluación es exclusiva de coordinación (Diana).

> **REGLA DE ORO:** Hoy es CI 23 — el cohorte ya produjo "how many" oralmente con Danna esta mañana en contexto post-midterm; tú le pones el nombre técnico (M32 "How Many People Are There?") y lo formalizas desde el libro, de pie. Quien salga preguntando "How many emails do you have? / How many people are there in the meeting? / How many honest rehearsals do I need before the Final?" y respondiendo con número o "a few / many" sin pensar — con "are there" y NO "there is" para plural — ganamos. Es el día tres de PRUDENCIA v2: how many honest steps to the Final — the number you can prove, not the number that sounds good. Y el resultado del midterm — quién lo hizo bien, quién no — NO se menciona jamás: eso es coordinación.
