1. MYSTERY HOMEWORK + PUBLIC READING — 5 min — STAND UP

Sealed envelope:

HOMEWORK MYSTERY — CL 21 (LIGHT WEEKEND)

In 60 seconds, OUT LOUD, tell the group:

- 1 thing you noticed listening passively to your OWN audio (1st or 2nd rehearsal) — WITHOUT taking notes
- 2 B2 words from Sets #1-#13 that still cross-wire on you (you'll get them back today in chorus)
- 1 sentence from your weekend diary about WHICH of the 6 elements (HOOK / P1 / P2 / P3 / CTA / Q&A;) feels weakest entering Phase 4 chunks today

GO! (warm-up before Phase 4 day 1 — HOOK chunk by heart, no paper)

Envelope → 1 min silence → 2-3 at random (+15 EP if integrated). Then **1 min public nominal reading** of who did NOT submit the 4 weekend components. Note strike. Accountability — not evaluation.

2. WHY TODAY — 4 min — SIT

> *Mystery + public reading: accountability — ~30h / 21 days to Final.*

> *Phrase of the Day says it cleanly: 'Plan the chunk — then own it without the paper.' [Insertion #1]*

> *Vocalization — 4 new tongue twisters.*

> *Friday closed Phase 3. Your script went to coordination as C3. That arc is OVER. The script is in the file. You do NOT learn your C3 result today — that is coordination's clock.*

> *TODAY, day 1 of Phase 4, ONE move: your HOOK — the first minute of your monologue, already polished, already said twice in voice — TODAY we memorize it and we say it WITHOUT paper. Three rounds: alone silent / pairs / mini-audience. The paper does NOT enter the room. If you brought a copy, it stays in your bag. If you forget, you breathe and rebuild from memory — that IS the practice.*

> *Academic B2 Set #14: 6 more words — verbs of PRACTICE and REFINEMENT (rehearsal, refrain, intonation, cadence, emphasis, pivot). 84 B2 words total. These talk ABOUT how you rehearse the HOOK — NOT change the HOOK content (closed).*

> *Virtue changes today: Friday closed FORTITUDE day 5. Today opens PRUDENCE day 1 — new five-day block. Fortitude was the courage to put the manuscript on the record. Prudence is the wisdom to TRUST what you already know — without the paper.*

> *Tomorrow CI 22: Phase 4 day 2 = chunk PILLAR 1.*

> *Now we begin."*

3. PHRASE OF THE DAY — 4 min — STAND UP

Write on the board (before class):

PHRASE OF THE DAY — CL 21
"Plan the chunk — then own it without the paper;
what once needed reading now needs only breath,
presence, and the prudence to trust what you
already know."

1. Read 2x with marked intonation (firm imperative on "Plan", long dash pause, direct emphasis on "own it without the paper", warm confident drop on "trust what you already know"). Chorus 3x imitating intonation.
 2. "'Plan the chunk' is the imperative — Layer 6, opening marker turned into ACTION. 'Own it without the paper' is the bridge: formal→casual, direct, today's exact move. 'Breath, presence, and the prudence to trust' — PRUDENCE — today's new virtue, day 1 of a new five-day block. What you wrote and read Cl 13-20 today gets carried WITHOUT the paper, because you already know it — and Phase 4 begins by trusting that. We don't read. We breathe. We trust."
 3. "Sit. I will use this phrase three more times today."
-

4. VOCALIZATION DRILL — 6 min — STAND UP

4 new tongue twisters (not Cl 6-20):

1. /pr/+p/: "Peter Piper picked a peck of properly prepared pickled peppers; a peck of properly prepared pickled peppers Peter Piper picked."
2. /θ/+r/: "Three thrice-thrashed threshers thrashed thirty thousand thistles through thick thatch."
3. /w/+wh/: "Which wristwatches are Swiss wristwatches? Swiss wristwatches are which wristwatches."
4. /m/+n/: "Many memorized minutes mean modest mastery; modest mastery means memorized minutes multiplied."

Per twister (~90 sec): slow 2x → chorus slow 3x → fast 2x → chorus fast 3x. The 4th is a phonetic echo of the day — "memorized minutes mean modest mastery" (1 min memorizable = mastery of HOOK).

5. VATS — PRUDENCE v2 DAY 1 (TRANSITION VISIBLE) — 5 min — SIT

Cl 21 = PRUDENCE v2 day 1 (NEW BLOCK Cl 21-25; standard B2 cohort rotation, Diana 22/05). Cl 16-20 closed FORTITUDE v1. Cycle 2 of the 4 cardinals reopens with prudence.

Board — visible transition:

VIRTUE — VISIBLE TRANSITION TODAY

FORTITUDE v1 [Cl 16-20] CLOSED Friday

>> PRUDENCE v2 [Cl 21-25] OPENS TODAY
TEMPERANCE v2 [Cl 26-30] (next)
JUSTICE v2 [Cl 31-35] (next)
FORTITUDE v2 [Cl 36] (Final)

Prudence = practical wisdom, judgment before action, **trusting what you already know** without re-checking 100 times, distinguishing between "I don't know" and "I know but I'm afraid to say it without a net."

Insertion #2: "That is the phrase — 'the prudence to trust what you already know.'"

> *"Friday's virtue was FORTITUDE — the courage to put the manuscript on the record. Today PRUDENCE opens — and prudence here is NOT caution, NOT hesitation. Prudence is the wisdom to TRUST what you already know. Your HOOK is in your bones — you wrote it, you polished it, you said it twice in voice. Today the paper leaves the room. Prudence is what tells you: I do not need to check; I already know. Say one thing fortitude gave you Friday you want to carry into prudence today — and then, name ONE moment in the next 45 minutes where you predict your hand will reach for paper that isn't there, and the prudent move you'll make instead (breath, eye contact, pause, rebuild from memory)."

Pairs 2 min. 2 share + paraphrase their own prudence sentence 3 min.

6. RECAP EXPRESS — 5 min — SIT + CHORUS

Board — 6 layers visible: Anchors (Cl 6) / Connectors (Cl 7) / Q&A 5 patterns (Cl 8) / Topic chunks (Cl 9) / Discourse Markers + Intonation (Cl 10) / Repetition + Paraphrasing (Cl 11).

Board — full architecture (HOOK marked as CHUNK 1 TODAY):

MONOLOGUE ARCHITECTURE – full and final (Phase 4 begins)

>> HOOK (1 min) – CHUNK 1 << TODAY
PILLAR 1 (1-1.7 min) – chunk 2 (Cl 22)
PILLAR 2 (1-1.7 min) – chunk 3 (Cl 23)
PILLAR 3 (1-1.7 min) – chunk 4 (Cl 24)
CTA (30-60 sec) – chunk 5 (Cl 25)
Cl 26-28: chain 2 -> 3 -> 5 chunks together

THE 6 LAYERS RIDE THE CHUNK - sustained WITHOUT paper:
HOOK chunk uses anchor + opening discourse marker
Intonation lives in the breath, not the page
Repetition: 1 deliberate repeat to bookmark memory
Q&A; patterns are reflexes if memory blanks - paraphrase
forward, don't freeze

> **These six layers were your ORAL reflex in Phase 2. They became your TRANSCRIBED text Cl 13-15, ARCHITECTURE Cl 16-18, POLISH Cl 19, voice Cl 19-20. From today they go back to being ORAL REFLEX — but carrying YOUR specific HOOK. The layers ride the chunk WITHOUT paper. Today: HOOK chunk, no paper, by heart.**

Drill (3 min): teacher names an architecture piece (HOOK / any pillar / CTA), 1 student AT RANDOM names which layer(s) sustain that piece in HER monologue **FROM MEMORY, NOT LOOKING** (anchor + opening marker in HOOK / chunks + connector in PILLAR 2 / casual bridge + repetition in CTA, etc.). If she hesitates, another completes.

7. ACADEMIC B2 VOCAB SET #14 — 7 min — SIT

Board — write BEFORE class (6 NEW words — practice/refinement verbs for HOOK):

ACADEMIC B2 SET #14 (CL 21) – practice + refinement
of the HOOK (NOT new HOOK content - closed). USE
these talking ABOUT how you rehearse.

1. REHEARSAL /rɪˈhɜːrsəl/ – ensayo (acto de repetir)
"Each rehearsal of the HOOK strips away one more
moment of reading and adds one more of presence."

2. REFRAIN /rɪˈfreɪn/ – contenerse (de un impulso)
"I refrain from reaching for the paper, even when
my hand wants to."

3. INTONATION /ɪnˈtɒn.eɪʃən/ – entonación
"Without the paper, intonation lives in the breath
and the eye contact - not in the printed line."

4. CADENCE /ˈkeɪ.dəns/ – cadencia / ritmo del habla
"The cadence of the HOOK has to feel inevitable,
not memorized."

5. EMPHASIS /ɪmˈfæ.sɪs/ – énfasis (acento expresivo)
"Place emphasis on the one word that makes the
audience lean in."

6. PIVOT /ˈpɪ.vɒt/ – pivote / verbo: girar sobre eje
"If memory blanks at second 40, pivot on the
nearest concrete word and rebuild forward - do
not freeze."

Per word (~50 sec): pronounce 2x → cohort 2x → definition → example → 1 student AT RANDOM uses the word in 1 sentence about **how she will use it TODAY while rehearsing HER HOOK** (not in HOOK content).

Close (1 min): "84 B2 words total. Set #14 is the PRACTICE vocabulary. You use these to TALK ABOUT how you rehearse the HOOK — NOT to add to the HOOK content. The content is closed. The delivery is what we sharpen now."

8. PLAN TODAY: HOOK NO PAPER + PHASE 4 RULES + OPTIONAL REFRESH — 5 min — SIT

> **Day 1 of Phase 4. One thing matters in the next 45 minutes: each of you internalizes the FIRST minute of your monologue — your HOOK — and says it OUT LOUD, WITHOUT the paper, three times today: once alone, once with a partner coaching, once in front of the mini-audience. The paper does NOT enter the room. The HOOK content is already closed — you wrote it, you polished it, you said it twice last week. Today is the LIFT: separating your voice from the page.**

Board — RULES:

HOOK CHUNK NO-PAPER PRACTICE – CL 21 (PHASE 4, DAY 1)

THE FORMAT (45 min total):

STAGE 1 – ALONE (12 min): each one alone, silent.

Paper allowed for ONE silent reading at the start (~1 min) – then CLOSED + put aside. In-head rehearsal → whisper → spoken voice.

STAGE 2 – PAIRS (15 min): pair up. One speaks the HOOK aloud (no paper); the other listens with NO paper either and gives ONE coaching note (accent / rhythm / pause / transition / filler – NOT content). Then switch. ~3-4 cycles per pair.

STAGE 3 – MINI-AUDIENCE (15 min): 5 students, one at a time, STAND UP and say the HOOK to the group with ZERO paper in ANY hand. Amina coaches in real-time only on FORM. ~3 min per student.

OPTIONAL REFRESH AT START (1 min only):

Before Stage 1, if you genuinely cannot recall the shape of your HOOK from Friday, you may take ONE minute to silently read your personal copy. After that minute, paper goes back in bag and STAYS there.

WHAT AMINA CORRECTS:

- pronunciation of B2 vocab placed in the HOOK
- intonation: opening rise, internal pauses, landing
- cadence: not rushed, not dragged
- emphasis: the ONE word that pulls the listener in
- filler words (um/like/you know/eh) returning when paper anchor is removed
- transitions IF HOOK leaks into PILLAR 1 (today we stop at HOOK only – tomorrow Cl 22 = PILLAR 1)

WHAT AMINA DOES NOT TOUCH:

- HOOK content (closed Cl 19, archived in C3)
- opinions about the topic
- architecture (closed Phase 3)
- your C3 result (coordination's call)

IF YOU FORGET MID-HOOK:

- breathe (do NOT freeze)
- pivot on the nearest concrete word
- rebuild forward from memory
- that IS Phase 4 practice – not a failure

Insertion #3: *"Plan the chunk — and the prudence today is to own it without the paper, trusting what you already know."*

9. PEER TEACHER SLOT — 3 min — STAND UP

Pre-class: 1 error from Cl 20 — typically from the 2nd oral rehearsal (filler that returned under checkpoint pressure / cold HOOK→PILLAR 1 transition / Set #12 word pronunciation that fell after 5-7 min speaking). Assign peer teacher.

1. (15 sec) *"Today's peer teacher is [name]."*
2. (2.5 min) Explain + correct + chorus 2x. (Show how the error sounded BAD in the 2nd rehearsal and how it is avoided TODAY when the paper is no longer the anchor — useful for the next 45 min.)
3. (15 sec) Applause.

10. HOOK CHUNK NO PAPER — 45 min — STAND UP

> *"This is the first time you say your HOOK without the paper in your hand. Three stages — alone, in pairs, in front of the group. The HOOK content is closed; today is the LIFT — the moment your voice carries the architecture instead of the page carrying it for you. I coach form, not content. If you forget mid-HOOK: breathe, pivot, rebuild. That IS the practice."*

Setup (1 min)

- 5 STANDING. Bags to one side — scripts INSIDE the bags.
- Your INTERNAL copy of the 5 HOOKs in your folder (NOT shown — silent reference for pronunciation, rhythm, pause).
- Stopwatch VISIBLE for you, NOT for students.
- 4 corners + center defined for Stage 1 (each finds her space to rehearse alone).

STAGE 1 — INDIVIDUAL SILENT + WHISPER + SPOKEN (12 min) — STAND UP

STAGE 1 – INDIVIDUAL (12 min):

Minute 1: SILENT READ (optional refresh) – each one takes HER personal HOOK copy, reads 1x silently, CLOSES and stores in bag.

Minutes 2-4: IN-HEAD REHEARSAL – repeat HOOK mentally several times, sentence by sentence. No lip movement.

Minutes 5-7: WHISPER – whisper the HOOK 2-3 times, listening to yourself. Adjust where memory drops.

Minutes 8-12: SPOKEN VOICE – say the HOOK in spoken voice (not projected yet) 3-4 times. If you trip, repeat ONLY the tripped piece, then from the top.

Your role: walk SILENTLY. NO interrupting. Note in personal notebook WHO trips WHERE, WHO already flows, WHO is glued to the memory of the text ("reading in the air" gestures = signal of non-internalization). DO NOT correct yet — Stage 2+3 are for correcting.

STAGE 2 — PAIRS (15 min) — STAND UP

STAGE 2 – PAIRS (15 min, ~3 cycles per pair):

Pair up: 2+2+1 (the fifth rotates – pairs with you Amina or with another rotating).

PER CYCLE (~5 min):

~2 min: PARTNER A says HOOK aloud, NO paper.

PARTNER B listens with NO paper either.

~1 min: PARTNER B gives ONE coaching note on FORM (accent / rhythm / pause / transition / filler). NOT content. NOT opinion. Then SWITCH.

ROTATE PAIRS every 2 cycles so each student hears at least 2 different HOOKs (NOT to copy – to TRAIN THE EAR to hear another's architecture).

Your role: rotate between pairs. Listen to 1-2 HOOKs per pair. Give 1 micro-correction per student (no more — this is practice, not clinic). If a pair drifts to content ("I would change this in your HOOK"), interrupt: *"Content is closed — only form. What did you HEAR in her cadence?"*

STAGE 3 — MINI-AUDIENCE (15 min) — STAND UP

STAGE 3 – MINI-AUDIENCE (15 min, 5 students x ~3 min):

5 STUDENTS, one at a time, STANDING IN FRONT OF GROUP. ZERO paper in ANY hand – all of them.

PER STUDENT (~3 min):

~15 sec: breathe, eye contact, begin when ready

~1 min : HOOK COMPLETE from memory, projected voice

~1 min : Amina coaches live: 2-3 micro-notes on FORM (accent, rhythm, pause, transition, filler)

~15 sec: student REPEATS only the corrected piece (not whole HOOK) – brief applause – next

Your PHASE 4 DAY 1 OBSERVATION SHEET (internal, NOT communicated):

STUDENT: _____

HOOK TIME: ____ sec (target ~60 sec)

VOICE WITHOUT PAPER: fluid / light tremor / heavy tremor / collapse

HOOK MEMORY: 100% / 80% / 60% or less

ARCHITECTURE (anchor + opening marker): held / diluted

INTONATION: alive / flat

CADENCE: natural / rushed / dragged

EMPHASIS: there / no magnet word

FILLERS returning when paper removed: none / 1-2 / many

B2 PRONUNCIATION (vocab placed in HOOK): clean / 1-2 drops / many drops

HANDS BEHAVIOR: calm / searching for paper

IF MEMORY BLANK: how reacted – breathed + pivoted / froze / asked paper

CORRECTED PIECE TODAY (form, not content): _____

READY FOR PILLAR 1 CHUNK (Cl 22 tomorrow): yes / almost / needs repetition

(NO numeric grade. NO "passes / fails." NO judgment on content. ONLY raw form observation. Feeds your work CI 22-28; NOT communicated; NOT today's checkpoint.)

Close (after 5th) — 1 min

> *Five HOOKS, no paper. Phase 4 day 1 — done. The lift happened. Tomorrow CI 22 we do this same way with PILLAR 1 chunk. Next: phrase, errors, close. **

11. PHRASE CLOSE + PARAPHRASE + MEMORY SELF-OBSERVATION — 5 min — STAND UP

- (1 min) "Today's phrase from memory — WITH intonation." — 1 at random.
- (1 min) "Now PARAPHRASE — same idea, said a second way, casual or formal, your choice." — another at random. **Insertion #4.**
- (3 min) Each student in 1 sentence: what felt DIFFERENT saying the HOOK without paper vs with paper (e.g. "se me cayó el segundo 35" / "salió más mío" / "respiré donde antes corría" / "encontré una palabra mejor sin querer"). Teacher confirms — process, NOT grade.

12. ERROR PAPER LIVE — ORAL WITHOUT PAPER — 5 min — STAND UP

Typical HOOK-without-paper errors (adjust to real):

- "Um, so, the thing about ___ is, like, ___"
→ ■ "Here is the one thing about ___ nobody tells you."
(HOOK without fillers returning when paper anchor removed)
- "And, uh, basically..." (pause filled with sound)
→ ■ [REAL 1-SECOND PAUSE] + "Here is why ___."
(silence is B2, "uh" is A2)
- "I want to talk about, you know, ___" (vague)
→ ■ "Today I'm going to argue exactly one thing: ___."
(direct B2 commitment)
- Rushed speech to avoid forgetting
→ ■ Natural cadence + breath between phrases
(rush betrays memory; pause sustains it)

Read paper (anonymous). Cohort corrects 2x — this time **naming what they felt in the body when the paper was no longer there** (the hand that lifted searching, the breath that quickened, the moment memory returned the phrase).

13. SILENT VERIFICATION GLANCE + CLOSE + STRICT HOMEWORK + ANNOUNCE CI 22 — 10 min — SIT

Silent verification glance (2 min) — SIT

> *Now — and ONLY now — you may open your personal copy of your HOOK. Read in silence. Check what you forgot, what you reshaped naturally, what you'd like to nail tomorrow. NO discussion. Just notice. **

(By design: practice was 100% without paper; now memory meets text. The student DISCOVERS her own gap — without you pointing it out.)

Close + bridge to CI 22 (3 min)

PHASE 4 DAY 1 — DONE. DAY 2 OPENS TOMORROW.

→ Today: HOOK chunk — 1 min — by heart — no paper.
Stage 1 (alone), Stage 2 (pairs), Stage 3
(mini-audience). The lift happened.

→ Set #14 (rehearsal/refrain/intonation/cadence/
emphasis/pivot) is now in your tool kit — 84 B2
words total.

→ Virtue: today opened PRUDENCE day 1. Prudence is
trusting what you already know — the move you made
every time you didn't reach for paper that wasn't
there.

→ TOMORROW CI 22 = Phase 4 day 2 = PILLAR 1 chunk,
same format — 1 min, by heart, no paper. Then CI 23
PILLAR 2, CI 24 PILLAR 3, CI 25 CTA. CI 26-28 we
CHAIN them: 2 → 3 → 5 chunks. By CI 28 = C4 = full
monologue from memory, 3 min video to coordination.

→ Final in ~21 days.

STRICT HOMEWORK — 4 components

HOMEWORK – DUE: BEFORE NEXT CLASS Cl 22, 6:00 PM
TOTAL TIME: 45-60 min – NOT fragmented.

(1) MEMORIZE HOOK 100% (15-20 min): rehearse HOOK until you can say it continuously WITHOUT paper. NOT word by word like a poem – sense by sense. The structure (anchor + opening marker + central idea + transition to P1) must live IN THE VOICE without glancing at the text. If a piece falls, repeat ONLY that piece until it sets, then from the top.

(2) RECORD 3 AUDIOS OF HOOK (10 min): 3 successive recordings of the FULL HOOK (~1 min each) WITHOUT READING. Label exactly:
B2-AMINA-CL21-HOOK-V1
B2-AMINA-CL21-HOOK-V2
B2-AMINA-CL21-HOOK-V3
V1 = first intention. V2 = conscious adjustment.
V3 = most fluid you achieved today.

(3) LISTEN to your BEST + 2 HANDWRITTEN IMPROVEMENTS (10-15 min): listen V1, V2, V3 once each. On 1 handwritten sheet, write 2 CONCRETE form improvements to bring to Cl 22 (e.g. "I'll place emphasis on 'X' where it sounded flat" / "I'll pause 1 sec after 'Y' where I rushed"). NOT content improvements (closed). Only form. Bring the sheet to Cl 22.

(4) REVIEW 84 WORDS (5-10 min): Sets #1-#14. Mark the 12 that cross-wire most. Tomorrow chorus at Cl 22 opening.

EXPLICIT: Voice rested over the weekend. Today reactivated. Homework = CONSOLIDATION of HOOK by memory – tomorrow PILLAR 1. NO rewriting script. NO changing content. Only MEMORY + FORM.

Public reminder (2 min): "4 components by 6 PM tomorrow. Name read if missing. 2 strikes = coordination. Tomorrow Phase 4 day 2 opens with PILLAR 1 chunk by heart."

14. INTERNAL SELF-EVAL + COLLECT + TRANSITION TO Cl 22 — 11 min — SIT

Internal self-eval Amina (~6 min — for your notebook, NOT communicated)

Write while students finish collecting:

PHASE 4 DAY 1 – INTERNAL SELF-EVAL (Amina)

How many students achieved HOOK 100% memory without glance? (___/5)

How many needed the refresh-minute at start? (___/5)

How many had memory blank mid-HOOK? (___/5)

- Of those, how many pivoted and rebuilt? (___)

- How many froze? (___)

- How many asked for paper? (___)

Which fillers returned when paper removed?

- "um": ___ "like": ___ "you know": ___

- "eh": ___ others: _____

Most COMMON form-error pattern?

(rushed cadence / flat intonation / no emphasis /

abrupt transitions / B2 pronunciation drops)

PATTERN: _____

For Cl 22 (PILLAR 1 chunk), what risk do I see?

Anyone NOT ready for PILLAR 1 chunk tomorrow (HOOK still unsettled)? If yes, plan?

Collect + transition (5 min)

- Collect physical error paper (anonymous).
- Confirm with each student INDIVIDUALLY AND BRIEFLY: *"Tomorrow PILLAR 1 chunk — same format. See you 6:45."* (NO communicating today's evaluation. NO communicating C3.)
- If a student asks *"how did I do today?"* → *"Phase 4 day 1 is the lift. You stood, no paper, you spoke. Tomorrow we add PILLAR 1. Today was the move."*
- If a student asks *"did I pass C3?"* → *"Coordination's clock, not mine. Today we opened Phase 4. Same answer tomorrow if asked."*
