EVENTS INTEGRATED (Diana 31/05/2026)

Phase 5 day 2 continues INTEGRATED in this regular guide — no _MARKER / _COORD_KIT / _RUBRICA separately. Today's presentations are NOT evaluation; pedagogical exercise. Teacher does NOT communicate result — coordination processes any report. TEMPERANCE block also closes INTEGRATED in blocks 5 + 12 + 14 (no separate close ritual).

1. MYSTERY HOMEWORK + PUBLIC READING — 5 min — STAND UP

Sealed envelope:

HOMEWORK MYSTERY — CL 30

In 75 seconds, recite TWO of your 5 anticipated mini-answers (30-45 sec each) — BACK TO BACK, no paper, from memory. Then PAUSE one beat, then I will ask ONE spontaneous question that DOES NOT match either of your prepared 5 — you bridge with Set #22 and answer 20 sec.

- Clean start (no "um, so")
- Two mini-answers fluid, no rushing, no run-on between them
- ONE spontaneous answer 20 sec, NO "I don't know" plain — use Set #22 bridge (clarify / address / acknowledge / qualify / elaborate / reframe)
- The bridge is the test, not the content

GO!

Envelope → 1 min silence → 2-3 at random (+15 EP if 2 mini-answers clean from memory + spontaneous bridge used legitimately + 20 sec sustained; +10 EP if any Set #22 word from previous class is used explicitly). Then **1 min public nominal reading** of who did NOT submit 4 components from previous class (5 drills FULL-V6 + 5 anticipated Q&A mini-answers + 3 improvements + 132-word review). The 5 anticipated mini-answers were DIRECT preparation for today's Q&A — note special strike if missing (same protocol as previous class with Q&A spontaneous audio).

2. WHY TODAY — 4 min — SIT

> *"Mystery — accountability — ~6 classes to Final."*

> *"Phrase of the Day names today's dimension: 'Hold your ground without raising your voice — temperance closes its block where it began: in the calm that refuses to be moved by the loudest question.' [Insertion #1]"*

> *"Vocalization: 4 new tongue twisters drilling SUSTAINED diction — not collapse under pressure (previous class), but holding clean articulation across LONGER stretches. That's what Q&A; round 2 will demand."*

> *"Previous class CI 29: Phase 5 OPENED. Two presentations + live Q&A.; Five Q&A; techniques harvested, three failures named. The repertoire seeded."*

> *"TODAY: Phase 5 day 2. TWO more of you present + live Q&A.; Same format. Same protocol. Difference: today the group already has 5 techniques + 3 failures NAMED — that repertoire ENTERS the room. The two presenting today INHERIT it. The two who already presented OBSERVE through that lens."*

> *"Set #23: 6 NEW words for DEFENDING POSITION under challenge. Different work than Set #22. Set #22 was bridges when answer doesn't come; Set #23 is HOLDING when answer DOES come but is challenged. 138 B2 words total. ONE word chosen, ONE word owned, used live."*

> *"TEMPERANCE v2 day 5 — LAST DAY of the block. Day 1 was 'live between two ideas.' Day 2 'slow down to land.' Day 3 'brake four times against momentum.' Day 4 'stay yourself when question lands on unprepared territory.' Today day 5 closes the block: 'sustain calm under SECOND exposure' — second presentation of the cohort, second Q&A; round of the day, second wave. Calm that survives REPETITION is the deepest temperance."*

> *"Next class CI 31 — Monday — Phase 5 day 3: the 5th and last presenter + Q&A.; AND a new virtue block opens: JUSTICE v2 day 1. Justice in oral exam is responding so the evaluator gets what they're owed — not less, not more, not deflected. The bridge from TEMPERANCE to JUSTICE is exactly that: calm enabled honesty; honesty becomes giving each question its due."*

> *"Tonight: 5 drills monologue FULL-V7 + 5 mini-answers refined OR generated + 3 handwritten improvements + 138-word review."*

> *"Now we begin."*

3. PHRASE OF THE DAY — 4 min — STAND UP

Write on the board (before class):

PHRASE OF THE DAY — CL 30
 "Hold your ground without raising your voice —
 temperance closes its block where it began:
 in the calm that refuses to be moved
 by the loudest question."

1. Read 2x with marked intonation (firm grounding on *"hold your ground"* — voice anchored low, body still —, slow descending on *"without raising your voice"* — voice drops, NOT rises, embodying the instruction —, narrative reverence on *"temperance closes its block where it began"* — circular cadence, the phrase loops on itself —, decisive quiet close on *"in the calm that refuses to be moved by the loudest question"* — refuses spoken with calm authority, NOT defiance). Chorus 3x.
2. *"This phrase has a structure. Two halves. Half one: hold your ground without raising your voice — that's the WORKING instruction for today's Q&A.; When someone challenges your point, when you have an answer and they push back, you hold WHAT you said WITHOUT escalating HOW you say it. Volume is not authority. Half two: temperance closes its block where it began. Day 1 was 'live between two ideas in calm.' Day 5 is 'live between your position and a loud challenger in calm.' Same calm. Different test. The loudest question — that's the metaphor for the question that arrives with weight, with energy, with pressure, with someone implying you're wrong. Calm refuses to be moved. That's day 5. That's why TODAY closes the block — not because we're done with temperance, but because we've proved it holds under FIVE different conditions across FIVE sessions."*
3. *"Sit. I will use this phrase five more times today."*

4. VOCALIZATION DRILL — 6 min — STAND UP

4 new tongue twisters (not CI 6-29) — phonetic focus on SUSTAINED diction across longer stretches:

1. /s/+z/ alternation: "Six silver sailors sized seven sturdy sailing ships; seven sturdy sailing ships sized six silver sailors swiftly."
2. /l/+r/ liquid alternation: "Rural lawyers rarely litigate liberal lyrical libel; liberal lyrical libel litigates rural lawyers really."
3. /w/+v/ approximant control: "Vivid weavers wove wavering velvet vests; wavering velvet vests veiled vivid weavers wisely."
4. /n/+/ nasal sustaining: "Nine knowing kings sang ringing anthems; ringing anthems sang nine knowing kings nonchalantly."

Per twister (~90 sec): slow 2x → chorus slow 3x → fast 2x → chorus fast 3x. *Sturdy / litigate / wavering / nonchalantly* are B2 precision lexicon naturally appearing in Q&A round 2. */s/-z/ alternation, /l/-r/ liquid alternation, /w/-v/ control, and /n/-/ nasal sustaining* are exactly what COLLAPSES across long answers — single sounds you can articulate fine when fresh but slur after 30 seconds of sustained speech. Training them cold avoids voice fatiguing into B1 by minute 4 of the response. Sustained articulation is the day 5 / "second exposure" version of vocalization — yesterday was diction under shock, today is diction under endurance.

5. VATS — TEMPERANCE v2 DAY 5 (LAST DAY) + JUSTICE BRIDGE — 5 min — SIT

CI 30 = TEMPERANCE v2 day 5 — LAST day of block CI 26-30. Today is the **CLOSE**. Day 1 opened "live between two ideas." Day 2 was "brake to land." Day 3 was "brake against compounded momentum." Day 4 was "stay yourself when question lands on unprepared territory." Today day 5 = **CALM UNDER SECOND EXPOSURE** — calm that survives REPETITION + CHALLENGE.

Temperance day 5 = the capacity to hold the same calm posture WHEN you've already gone through it once today AND when the challenge gets louder. Second presentation of the day learns from the first; second Q&A round of the day inherits the harvest. Calm in a new situation is one thing — calm in a situation you ALREADY ran is the test of whether the calm was REAL or performed.

Insertion #2: "That is exactly today's phrase: 'temperance closes its block where it began: in the calm that refuses to be moved by the loudest question.' Day 5 IS the calm that survived four days and now meets the FIFTH test — the loud question, the second exposure, the moment where you could relax into automaticity OR hold the same composed posture as day 1. Closing the block where we began means: proving the calm of day 1 was not novelty but practice."

> *"Day 5. The block closes. Last test: imagine the moment AFTER you've answered a Q&A; question and someone in the group — peer or teacher — pushes back. They say 'but what about X?' or 'I don't agree with that' or 'why not Y instead?' Your body has THREE options. Option A: escalate volume / defensive. Option B: collapse — withdraw the answer, apologize, change position to appease. Option C: hold ground calmly — 'I'd hold my position because... let me address your X / let me qualify what I said.' Option C is temperance day 5. Name ONE phrase you will say internally — silently — when the pushback lands. (Examples: 'hold ground / position is mine / volume not authority / calm refuses / address the challenge'). Pick ONE phrase. Lock it. Use it today if challenged."*

Pairs (2 min). 2 share + paraphrase their own sentence (2 min). **Bridge to JUSTICE close (1 min):** "Next class Monday opens JUSTICE v2 day 1. The block closes here. We do not abandon temperance — it stays as floor. But the NEW frame for CI 31-35 is justice: giving each question what it's owed, not less, not more, not deflected. Calm was the prerequisite. Justice is the next layer."

6. ACADEMIC B2 VOCAB SET #23 — 7 min — SIT

Board — write BEFORE class (6 NEW words — DEFEND POSITION under challenge, NOT bridge when answer is missing):

ACADEMIC B2 SET #23 (CL 30) — DEFEND POSITION UNDER CHALLENGE
USE these LIVE when you HAVE the answer and someone pushes back.
Different work than Set #22. These HOLD ground, calmly.

1. CONTEND /kənˈtend/ — sostener / argumentar (firm but not defensive)
"I'd contend that the cause is structural, not individual — and the data points there."
2. MAINTAIN /meɪnˈteɪn/ — mantener (steady continued position)
"I maintain my point: the strongest driver is X. Let me explain why even given Y."
3. POSIT /ˈpɒz.ɪt/ — postular / plantear (intellectual ground claim)
"What I'd posit is that the conversation usually misses a third option — neither A nor B, but C."
4. ASSERT /əˈsɜːt/ — afirmar / sostener (clear authoritative claim)
"I'd assert that without confusion: the priority must be X, and here is the reason."
5. REAFFIRM /riˈæfɪrm/ — reafirmar (restate after challenge)
"Let me reaffirm my position — the challenge is fair, but it doesn't change the core argument because..."
6. HOLD /həʊld/ — sostener (functional, simple, powerful)
"I'd hold that view because... the counter-evidence is real, but it does not outweigh..."

Per word (~50 sec): pronounce 2x → cohort 2x → definition → example → 1 student AT RANDOM uses the word in 1 sentence as a HOLD-GROUND response to a challenge you improvise about her topic (challenge = "but isn't X actually weak because Y?").

Close (1 min): "138 B2 words total. Set #23 is the HOLD-GROUND set. Contrast with Set #22 (bridges when answer is missing). Today both sets travel: bridge when you don't have the answer (Set #22), hold ground when you do and they challenge (Set #23). 'I don't know' plain is forbidden. So is 'yes but' defensive. Pick ONE Set #23 word as YOUR challenge-response today. Drill it once mentally. Use it the first time someone pushes back. Same discipline as Sets #21-#22: one chosen, one drilled, one owned."

7. RECAP — 5 Q&A; TECHNIQUES THAT WORKED + 3 THAT FAILED (PREVIOUS CLASS) — 4 min — SIT / CHORUS

Bring board photo from previous class harvest. Read aloud the 5 functional + 3 failing techniques NAMED previous class. Cohort repeats each in chorus.

> *"This is the REPERTOIRE entering CI 30. The two presenting today INHERIT these 5 working techniques. They have a head start the previous two didn't have. The two who already presented WATCH today through this lens — which technique does today's presenter USE that you didn't? Which failure does today's presenter AVOID that you fell into? Tonight, that observation is part of your 3 improvements."*

Quick chorus check (~1 min): teacher says technique #N, group completes with phrase. (e.g. teacher: "Technique 1 — bridge with..." / group: "...let me clarify' before answering."). Five working repeated. Three failing repeated. Repertoire LIVE in the room before presentations begin.

8. PEER TEACHER SLOT — 3 min — STAND UP

Pre-class: select 1 Q&A error observed previous class that recurred or seems likely to recur today (typical: defensive "yes but" escalation that signals NO temperance day 5; or reciting closest monologue chunk that signals NO bridge fluency; or excessive hedging that signals NO Set #23

ground-holding). Pivot to today: "Today you have TWO sets active. Set #22 (bridges when answer missing) AND Set #23 (hold ground when challenged). 'Yes but' is what you say when you have NEITHER set on hand. Pick from the bank: clarify / acknowledge / address (Set #22) OR contend / maintain / hold / reaffirm (Set #23). Pre-loaded. One-syllable mental access."

1. (15 sec) "Today's peer teacher is [name]."

2. (2.5 min) Explain + correct + chorus 2x. (Show contrast: trap-response "Yes but I think you're wrong because..." vs correct-response "Let me address that — I'd maintain my position because of X; I acknowledge Y exists, but here's why X holds." Same disagreement, different posture. Temperance day 5 + Set #23 in action.)

3. (15 sec) Applause.

9. ■ PRESENTATION #3 + LIVE Q&A; + GROUP FEEDBACK — 25 min — PRESENTER STAND / AUDIENCE SIT

> *"You go third. Two presented before you. Five techniques + three failures are NAMED — you carry them in. 5-7 min monologue from memory, no paper, four seams alive, three PILLARS, HOOK, CTA. Then 5 min live Q&A; — group then me. Respond without script. Use Set #22 bridges when answer doesn't come. Use Set #23 holds when challenged. 5 sec silence yours. Then 5 min feedback in our format, then reset."*

Insertion #3 (just BEFORE "go" to presenter #3, ~5 sec): "Before you start — 'hold your ground without raising your voice.' That holds for the monologue AND for the Q&A. Volume is not authority. Calm holding is."

STAGE A — PRESENTATION MONOLOGUE (~6 min, target 5-7 min)

Setup (~30 sec): presenter to front. Visible countdown (counts up). Audience: other 4 in semicircle, eyes on speaker, no papers. Teacher silent with private notebook.

During: DO NOT interrupt. DO NOT correct. DO NOT audibly nod. Note internal structure (4 seams + 3 PILLARS + HOOK + CTA + physical brake + intonation + returning fillers + B2 anchors used from Sets #1-#22).

If she trips >10 sec during monologue: ONE short prompt to NEXT SEAM ("and from there..."), never content. If still stuck >10 sec more, "take a breath, where were you?" and let her continue.

STAGE B — LIVE Q&A; (~5 min)

Open (10 sec): "The floor is open for questions. Group, you go first."

Group questions (2-3, ~2-3 min): other 4 ask REAL questions about her topic. Regulate: one per person max. If trap-question, redirect: "That's a personal question, not about her topic — ask something about what she just told us."

Teacher questions (1-2, ~2 min): 1-2 B2-tier questions. NOT trick, NOT malice. Type:

- If topic is Colombian food: "You argued arepa is central. If someone said arepa is just regional comfort food, not cultural identity — where would you push back, and where would you concede?" (B2 asks defend + concede + Set #23 hold).
- If topic is Colombian music & dance: "You named cumbia as the gateway genre. If someone said vallenato is actually more accessible to a foreigner — would you maintain your choice or update it, and why?" (B2 asks maintain or revise).
- If topic is Colombian regions: "You said your region is misunderstood. If someone said every region claims to be misunderstood — what makes yours different, and what would you contend?" (B2 asks specific contention).
- If topic is Why study English/Spanish in Colombia: "You posit one reason as primary. If the data showed another reason matters more — would you reaffirm or adjust your position?" (B2 asks reaffirm vs adjust).
- If topic is Colombian people: stereotypes vs reality: "You addressed three stereotypes. Pick the one you find HARDEST to defend Colombia on — and hold ground anyway." (B2 asks hold under difficulty).
- If topic is Colombian innovation & business: "You asserted the case for the sector. Where is the legitimate counter-argument, and how would you maintain your position given it?" (B2 asks asserted + counter + hold).
- If topic is Why come to Colombia: "You posit three reasons. If a skeptic said all three are tourism marketing — would you reaffirm them, or qualify them honestly?" (B2 asks reaffirm vs qualify).

If stuck in Q&A >5 sec: ONE short prompt pointing to Set #22 or Set #23, "you can address that from..." or "you can hold that with...". NOT exact answer. If still stuck after prompt, "that one's on hold — let's move to the next."

If she recites monologue chunk instead of responding: let her finish, then "that was your PILLAR — but the question was about X. Try again — 30 seconds, address X directly." One re-try only.

If pushback / challenge happens (group or teacher): observe whether she goes defensive, collapses, or holds calmly. That's temperance day 5 visible.

STAGE C — GROUP FEEDBACK (~5 min)

Open (15 sec): "Feedback in the format. ONE technique that worked / ONE moment that landed / ONE opportunity to grow in Q&A. PROCESS, not score."

During (~4 min): 4 audience comment. If breaks format ("she was better than #1 and #2" / "I would have said..."), redirect: "Stay with the format — which of the three: technique, moment, or opportunity?". If no one names a specific Q&A technique used today, name one yourself at close — especially if she used a Set #23 hold-ground word legitimately: "I noticed [specific Set #23 technique] — that's one to add to our repertoire."

Close presenter #3 (~30 sec): "Thank you. Your monologue lives. Your first Q&A is on the table. Round 2 in CI 33 — bring your notes. Sit." — no grade.

STAGE D — RESET (~3 min)

Presenter #3 takes water, breathes. Presenter #4 moves to front.

Teacher during reset: note in personal notebook 3 errors with NAME of #3 (reciting chunk / silence without reframe / defensiveness / off-topic / monologue collapsed / fillers / evasive eye contact / NO use of Set #22 / NO use of Set #23 / "I don't know" plain / excessive hedging / "yes but" escalation).

10. ■ PRESENTATION #4 + LIVE Q&A; + GROUP FEEDBACK — 25 min — PRESENTER STAND / AUDIENCE SIT

SAME FORMAT AS BLOCK 9 — Stages A (presentation 5-7 min) + B (Q&A 5 min) + C (feedback 5 min) + D (reset 3 min).

Internal difference (NOT communicated): presenter #4 has seen THREE presenters before her (2 previous class + #3 today). She has the deepest repertoire entering. Your internal observation: does she copy techniques, develop her own, or hybridize? Use Set #22 only? Set #23 only? Both fluidly? Is her Q&A more relaxed by inheritance, or more tense by being last to set the day's tone before CI 31 (5th)? Private notebook only.

Teacher questions for #4: use OTHERS from your reserve (not those used with #3) or B2 variants. DO NOT repeat the exact same question — #4 already heard it. Prefer at least ONE question that INVITES a Set #23 hold (challenge-style) — Phase 5 day 2 is the natural moment to test it.

Group feedback for #4: SAME FORMAT (technique / moment / opportunity). If someone says "you could tell she learned from the first three" — redirect: "That's a comparison — not the format. Pick one of the three about HER presentation."

Close presenter #4 (~30 sec): "Thank you. Your monologue lives. Your first Q&A is on the table. Round 2 in CI 33 — bring your notes. Sit." — no grade.

11. HARVEST 4 PRESENTATIONS — TECHNIQUES USED / TECHNIQUES FAILED — 10 min — STAND UP / CHORUS

> **Four of you have now presented. One remaining in CI 31. We harvest the FOUR-presentation arc — what techniques traveled from the first day's harvest, which NEW techniques emerged today, which failures repeated, which new failures appeared. The five we named previous class might GROW today. The three failing might shrink, or new ones surface.*

Teacher opens (~30 sec): "Stand up. Look at the board with previous class harvest. We ADD new techniques observed today and ADD any new failures. We name as TECHNIQUES — not 'she did X' — but 'Technique: hold position with maintain when pushed back' or 'Failure: reciting closest chunk under challenge.' Five from previous class on the board. We add up to FIVE MORE today if they emerged. We add up to TWO MORE failures if they appeared."

Harvest (~5 min): non-presenters + presenters #3 #4 contribute. Add on board (alongside previous class list):

Q&A; TECHNIQUES — UPDATED REGISTRY (CL 29 + CL 30)

PREVIOUS CLASS (5 worked):

1. _____ (e.g. "Bridge with 'let me clarify'")
2. _____ (e.g. "Five seconds of silence held")
3. _____ (e.g. "Acknowledged honestly what I hadn't researched")
4. _____ (e.g. "Reframed question to a more useful one")
5. _____ (e.g. "Addressed question directly without reciting")

NEW TODAY (up to 5 added):

6. _____ (e.g. "Held ground with 'I'd maintain' under pushback")
7. _____ (e.g. "Reaffirmed position after legitimate concession")
8. _____ (e.g. "Conceded the point partially, held the core")
9. _____ (e.g. "Posit alternative frame instead of accepting binary")
10. _____ (e.g. "Volume stayed flat when challenged — temperance day 5")

PREVIOUS CLASS (3 failed):

1. _____ (e.g. "Recited PILLAR chunk instead of answering")
2. _____ (e.g. "Said I-don't-know plain without Set #22")
3. _____ (e.g. "Defensive 'yes but' that escalated")

NEW TODAY FAILURES (up to 2 added):

4. _____ (e.g. "Volume rose with pushback — broke temperance day 5")
5. _____ (e.g. "Collapsed position entirely under challenge — no Set #23")

Insertion #4 — when naming a functional Set #23 hold or a refusal-to-be-moved moment: "That right there — that was the phrase in action. 'Calm that refuses to be moved by the loudest question.' Whoever did that today modeled day 5 for the rest of us."

Chorus reading (~2 min): read aloud the FULL updated list, group repeats in chorus. The repertoire grows.

Close (~2 min): "Up to ten techniques to use. Up to five to avoid. These ride into CI 31 when the 5th presents under JUSTICE v2 day 1. Round 2 starts CI 32 with the repertoire compounding. By CI 35 — general rehearsal — full bank named. By CI 36 — the Final — yours."

12. PHRASE CLOSE + PARAPHRASE + CLOSE TEMPERANCE + OPEN JUSTICE BRIDGE — 6 min — STAND UP

1. (1 min) "Today's phrase from memory — WITH intonation." — 1 at random.

2. (1 min) "Now PARAPHRASE." — another. **Insertion #5.**

3. (2 min) Each student in 1 sentence how the Q&A; felt or what they observed (presenters #3 #4: "the pushback felt strong but I held / I went defensive on the second question and felt it / the maintain word actually worked when she challenged me / the reframe felt natural this time".

Audience: "the technique of holding position calmly stayed with me / I saw how volume change signals lost ground / Set #23 word I want to drill tonight

is contend / I'd push back too gently myself"). Teacher confirms — process, NOT grade.

4. (2 min) **CLOSE TEMPERANCE + OPEN JUSTICE bridge. Insertion #6:** "This phrase closes the temperance block. Five days. Day 1 calm between two ideas. Day 2 calm to land. Day 3 calm against momentum. Day 4 calm under unprepared question. Day 5 — today — calm refusing to be moved by the loudest question. The block closes here. Calm is NOT abandoned — it stays as floor for everything you do until Final. What CHANGES Monday: JUSTICE v2 day 1 opens. Justice is giving each question what it's owed. The exact answer when you have it, an honest bridge when you don't, a held ground when challenged — but NOTHING deflected, NOTHING inflated, NOTHING shortchanged. Temperance was the prerequisite. Justice is the next altitude. Bring the calm in, raise the precision."

13. ERROR PAPER LIVE — 4 min — STAND UP

Typical errors from live Q&A; today (4 presentations):

1. ■ Pushback: "But your central argument has a weak side, no?"
A: "Yes but that's not really the main point because..." (defensive, volume up)
→ ■ "I'd maintain my position — let me address your concern. The weak side you name is real; I'd concede X but contend Y because..."
(Set #23 maintain + address + contend, temperance day 5 — calm holds)
2. ■ Challenge: "Why is your reason more important than the opposite?"
A: (10 sec silence panic) "I don't know, that's a good question." (collapsed)
→ ■ "Let me reaffirm my position with a sharper answer — the priority I named holds because of three things. Let me address the most important."
(Set #23 reaffirm + Set #22 address, calm refuses to be moved)
3. ■ Mid-monologue: presenter SPED UP from minute 3, anticipating Q&A;
(temperance day 4 broke under expectation of day 5)
→ ■ Monologue executes calm seams. Q&A; is ANOTHER exercise.
Don't accelerate the monologue out of fear of what follows.
Temperance day 5 is also FOR the monologue itself.
4. ■ Group feedback: someone said "much stronger than the first two" (broke format)
→ ■ Format: technique / moment / opportunity. No comparison.
5. ■ B2 challenge Q: "If someone with authority disagreed with you — would you change?"
A: "Well, maybe I would have to think about it..." (collapsed under hypothetical authority)
→ ■ "I'd hold my position even given authority — authority is not evidence.
I'd acknowledge their view and qualify mine, but I would contend the core."
(Set #23 hold + acknowledge + qualify + contend — temperance + Set #23 fully alive)
6. ■ Volume rose with the challenger's volume (mirroring, day 5 broken)
→ ■ Volume stays flat. "Hold your ground without raising your voice." The phrase IS the instruction. Calm is the technique.
7. ■ At end of Q&A;, presenter asked "did I do better than #1 or #2?"
→ ■ "Coordination handles results. Focus on round 2 in Cl 33."
No comparisons. Process, not score.
8. ■ Set #23 word USED but pronounced wrong (e.g. POSIT sounded like "post-it")
→ ■ Pronunciation /pɒz.ɪt/. Drill tonight. The word that holds ground must sound like the position itself — clean.

Read paper. Cohort corrects 2x — naming which TECHNIQUE failed (from registry block 11) + which Set #22 or #23 word would have saved the response. Today emphasize Set #23 corrections where the failure was hold-ground (not bridge-missing).

14. BLOCK CLOSE + NEXT CLASS CI 31 + STRICT HOMEWORK — 11 min — SIT

PHASE 5 DAY 2 OF 7 – DONE TODAY
TEMPERANCE V2 BLOCK (Cl 26-30) – CLOSED TODAY

→ Two more whole monologues presented from memory. Four total.
→ Two more live Q&As; executed – real questions, real responses, real challenges.
→ Two more feedback rounds in format.
→ Up to ten Q&A; techniques registered / up to five failures registered.
→ Set #23 (contend / maintain / posit / assert / reaffirm / hold) on the bank.
138 B2 words total.

→ TEMPERANCE V2 BLOCK CLOSED. Day 1 calm between two ideas. Day 2 calm to land.
Day 3 calm against momentum. Day 4 calm under unprepared question. Day 5 calm
refusing to be moved by the loudest question. Calm stays as floor – block done.

→ NEXT CLASS Cl 31 = PHASE 5 DAY 3 + JUSTICE V2 DAY 1.
The 5th and final cohort presenter + Q&A.; The first day of the new virtue:
JUSTICE – giving each question what it's owed, not less, not more, not deflected.

→ Cl 32 = bisagra. Cl 33-34 = round 2 (the four who presented today and previous
class enter round 2 with feedback notes). Cl 35 = general rehearsal. Cl 36 = FINAL.

→ The four who presented (previous class + today): round 2 starts Cl 33.
Bring three handwritten improvements tonight.

→ The 5th student (presenting Cl 31): tonight is full preparation – drill +
anticipated mini-answers + improvements observation.

→ ~6 classes / ~12h to Final.

> *"This is what B2 day 5 requires. Calm held under second exposure. 45-60 min between classes. Final in ~6 classes. We do not lower the bar. Strict protocol:
Mystery verifies 4 components → public nominal reading → no exceptions → 2 strikes = coordination."*

TAREA STRICT — 4 components

HOMEWORK — DUE: BEFORE NEXT CLASS Cl 31, 6:00 PM
TOTAL TIME: 45-60 min — NOT fragmented.

(1) DRILL WHOLE MONOLOGUE FULL-V7 RECORDED 5 TIMES:
your voice, HOOK + 4 SEAMS + 3 PILLARS + CTA from memory,
no paper, 5-7 min each. ONE take each. 4 seams maintained.
Monologue does NOT accelerate by Q&A; anticipation.
- Label: B2-AMINA-CL30-FULL-V7-DRILL1 ... DRILL5
(25-35 min total).

(2) ■ PHASE 5 INTENSIVE COMPONENT — 5 NEW Q&A; MINI-ANSWERS
(30-45 SEC EACH, WRITTEN AND MEMORIZED):
- If you PRESENTED TODAY OR PREVIOUS CLASS (4 of you):
REFINE 3 points from YOUR live Q&A; today/previous class
(the 3 questions you found hardest) into 5 NEW mini-answers,
stronger this time. Use Set #22 + Set #23 explicitly.
- Question 1 (from your live Q&A;): ____ / Refined answer 30-45 sec: ____
- Question 2 (from your live Q&A;): ____ / Refined answer 30-45 sec: ____
- Question 3 (from your live Q&A;): ____ / Refined answer 30-45 sec: ____
- Question 4 (anticipated NEW): ____ / Answer 30-45 sec: ____
- Question 5 (anticipated NEW): ____ / Answer 30-45 sec: ____
- If you DID NOT PRESENT YET (1 student — Cl 31):
5 anticipated mini-answers about YOUR topic — same protocol as
previous class assignment. Use Set #22 + Set #23 deliberately.
- Q1-Q5 / Answer 30-45 sec each
(10-15 min total).

(3) 3 HANDWRITTEN IMPROVEMENTS:
- If you PRESENTED TODAY: 3 concrete things from YOUR Q&A;
to fix (e.g. "no 'yes but' / hold ground with maintain /
volume flat under pushback / use Set #23 not just Set #22 /
no apologizing for position").
- If you PRESENTED PREVIOUS CLASS: 3 things from the TWO
presenters today you'll apply in round 2 Cl 33
(e.g. "the contend phrasing I'll borrow / the held silence
under challenge I'll practice / the reaffirm closure I'll add").
- If you HAVEN'T PRESENTED YET (Cl 31): 3 things from the
FOUR presenters across previous class + today you'll apply
Monday (e.g. "I'll hold position like X did / I'll bridge with
acknowledge like Y did / I'll not let volume rise like Z's
challenger did").
Bring sheet next class. (5-8 min).

(4) REVIEW 138 WORDS (Sets #1-#23): mark the 15 still crossing.
Focus tonight on Set #23 pronunciation (CONTEND, POSIT, ASSERT,
REAFFIRM /ri■.■f■m/). Chorus next class. (8-10 min).

EXPLICIT: Today's unit was Phase 5 day 2 + TEMPERANCE block close.
Monday's unit is Phase 5 day 3 + JUSTICE v2 day 1 opening (last cohort
presenter + first day new virtue). The 5 refined mini-answers are
the PRACTICE FORM of what you experienced live today. Without them,
round 2 Cl 33 enters without traction. MONOLOGUE DRILL DOES NOT GET
SKIPPED. NO FRAGMENTATION.

Public reminder (close, ~3 min): "4 components by 6 PM next class. Name read if missing. 2 strikes = coordination. Tonight: the whole monologue drilled five times audio, FIVE mini-answers (refined or new), three handwritten improvements, 138-word review with Set #23 pronunciation. The phrase still holds — hold your ground without raising your voice; temperance closes its block where it began: in the calm that refuses to be moved by the loudest question. Next class Cl 31 — Monday — Phase 5 day 3: the fifth and last cohort presenter + Q&A. AND JUSTICE v2 day 1 opens. Phase 5 day 2 is closed. Temperance block is closed. ~6 classes to Final."

NOTAS INTERNAS (no leer en clase)

- **Fase del Roadmap:** CI 30 = Fase 5 día 2/7 — 2 presentaciones más + Q&A; en vivo + cosecha actualizada de técnicas Q&A.; Roadmap líneas 131-139 verbatim: *"CI 29–32: cada sesión, UNA estudiante presenta su monólogo COMPLETO. Resto del grupo + tú hacen preguntas en vivo. Ella responde sin script. ~25 min por estudiante."* Adaptación operativa 2+2+1 (CI 29: 2, CI 30: 2, CI 31: 1 + CI 32 bisagra) sale del cálculo 5 estudiantes / 3 sesiones, confirmado al cierre CI 28.
- **Virtud:** CI 30 = TEMPLANZA v2 día 5 — ÚLTIMO día del bloque CI 26-30 (regla B2 confirmada Diana 22/05). CI 31 abre JUSTICIA v2 día 1 (días 1-5, hasta CI 35). CI 36 = FORTALEZA v2. Cierre + puente explícito en bloques 5 / 12 / 14.
- **Próximas:** CI 31 lunes = Fase 5 día 3/7 (5ª presentadora + Q&A;., JUSTICIA v2 día 1). CI 32 = bisagra opcional. CI 33-34 = ronda 2 con feedback. CI 35 = ensayo general. CI 36 = FINAL.
- **Eventos INTEGRADOS** (Diana 31/05): cierre TEMPLANZA + apertura JUSTICIA NO _MARKER separado; integrados en blocks 5 / 12 / 14. Presentaciones de hoy NO evaluación.
- **Q&A; NO ES EVALUACIÓN EN AULA:** las presentaciones + Q&A; de hoy NO se comunican como nota / aprobado / suspenso. Profesora dice ÚNICAMENTE *"Thank you. Your monologue lives. Your first Q&A; is on the table. Round 2 in CI 33 — bring your notes. Sit."* después de cada presentadora.
- **GoldList ELIMINADO** desde 14/05. Solo Frase del Día.
- **Supuesto (verificar):** orden de presentadoras #3 #4 #5 (CI 30 + CI 31) definido con coordinación al cierre CI 29 según observación de Q&A; de las dos primeras (criterio: alternancia composed/mixed para mantener tracción del grupo).
- **Supuesto (verificar):** Set #23 con 6 hold-ground / defend-position words (contend / maintain / posit / assert / reaffirm / hold). Si alguna ya está en Sets previos, sustituir por: uphold / affirm / stand-by / argue / claim / sustain.
- **Supuesto (verificar):** preguntas B2-tier por tema (7 ejemplos en bloque 9) refinadas para INVITAR uso de Set #23 (pushback + challenge style) en lugar de Set #22 (bridge style del CI 29). Usar 1-2 distintas por presentadora.
- **Supuesto (verificar):** formato feedback grupal "1 técnica / 1 momento / 1 oportunidad" sigue siendo estándar Heiiu Fase 5 (mismo que CI 29).
- **Supuesto (verificar):** componente tarea "REFINAR 3 puntos del Q&A; vivido + 2 nuevos anticipados" para los 4 que ya presentaron es desarrollo natural de Phase 5 — escala el componente CI 29 (5 anticipados frescos) a 5 EVOLUTIVOS (3 vividos + 2 nuevos). Para 5ª presentadora se mantiene formato CI 29 (5 anticipados frescos).
