

A1 4h · CI 20 — HOJA DE RUTA

Virtud: FORTALEZA (v1, día 5 de 5) · **Modulos:** M31 Is There Any Bread? — The Existence of Things (p.343-358) + M32 Diego Was Sick Yesterday — "Be" in the Simple Past (p.359-374)

Frase del Dia: "There are hard days, but I was strong."

BLOQUE 1 (35') — Apertura

• **Recuperacion (12'), oral y DE PIE, en cadena, sin cuaderno:**

- De CI 17 (N-3: respuesta corta + emociones): cada estudiante responde en corto a una pregunta tuya ("Are you busy? — Yes, I am.") + 1 emocion con *really/a little*. 4-5 estudiantes.

- De CI 13 (N-7: have + some/any): cadena — "I have some coffee. Do you have any water?" 3-4 estudiantes.

- Errores oídos → tablero anónimos → 1 min de re-producción en coro.

• **Chequeo público de portafolio (5'):** "Who did their daily audio/video?" — pregunta y ANOTA.

• **Frase del Dia en tablero** (escrita ANTES). 2 lecturas + coro 2x. Insertala natural 3+ veces. Al cierre: 1 estudiante la dice, otro la usa en oración nueva.

• **Revision de tarea CI 19 (8'):** recoge papeles (posesivo 's + when); 2 estudiantes leen 1 frase. Anota quien NO entrego.

BLOQUE 2 (90') — M31 there is/are + some/any + M32 be en pasado (was/were)

• **Puente (3'):** ya usamos *some/any* con *have* (CI 13). Hoy: decir que HAY o NO hay (*there is/are*) y que algo FUE/estuvo en el pasado (*was/were*).

• **Tablero verbatim — M31 (Guía 1, p.345):** el inglés separa "hay" singular/incontable (*there is*) de plural (*there are*); *some/any* igual que ya sabes:

Afirmativo: There is a car. There is some salt. There are some cars.
Negativo: There isn't a car. There isn't any salt. There aren't any cars.
Pregunta: Is there a car? Is there any salt? Are there any cars?
Resp. corta: Yes, there is. / No, there isn't. · Yes, there are. / No, there aren't.

Vocab (p.344): salt · sugar · butter · a movie · a player · a cookie.

• **Tablero verbatim — M32 (Guía 1, p.361):** *be* en pasado, una sola forma (no hay "fue/era/estaba" distintos); sin abreviación afirmativa; una negativa *wasn't* ("wazunt") / *weren't* ("wurent"):

I was / I wasn't / Was I ...? We were / We weren't / Were we ...?
You were / You weren't / Were you ...? They were / They weren't / Were they ...?
He was / He wasn't / Was he ...? She was / She wasn't / Was she ...?
It was / It wasn't / Was it ...?

Vocab de tiempo (p.360): yesterday · last night · last week · last weekend · last month · last year · last class.

• **Historia interactiva (25'):** "la cocina de ayer." Narras 2-3 frases mezclando *there is/are* + *was/were* ("Today there is some bread, but yesterday there wasn't any bread! Were there any cookies last night? No, there weren't. The players were tired, and Diego was sick!") → PAUSA → coro repite → un estudiante AGREGA que hay/había o quien estuvo enfermo/cansado ayer y TU lo tejes. NUNCA huecos. Cierre: 2-3 recuentan.

• **Meta en 1 línea:** "By the end of this block, each of you will say what THERE IS / THERE ARE in a place (with some/any) and where you WERE last week (was/were)." Preparación en parejas (6', oral) → ejecución → feedback: logro primero, forma después.

BLOQUE 3 (85') — Drill de pie + Simulación

• **Drill de movimiento (35'), TODOS DE PIE:**

- Ronda 1 — *there is/are* + *some/any*: tú dices un lugar + cosa ("*the kitchen / bread*") y la cadena forma la frase ("*There is some bread.*" / "*Is there any bread?*").

- Ronda 2 — *was/were*: tú das un sujeto + tiempo ("*I / yesterday*"; "*they / last week*") y la cadena forma pasado positivo → negativo → pregunta ("*I was here. I wasn't sick. Was I here?*"); si está bien, cambia de lugar.

- Ronda 3 — mezcla presente/pasado: "*Where are you today? — I'm here. Where were you yesterday? — I was at home.*" Cierre: 2 min de producción libre.

• **Simulación (50'): THE STORE INVENTORY — TODAY vs LAST WEEK.** Escenario profesional/cotidiano solo con tablero y sala: un empleado hace inventario de una tienda/cocina y compara con la semana pasada. Tablero: productos (*bread, salt, sugar, butter, milk, cookies*) + tiempos (*today, yesterday, last week*).

- Al frente: **1 estudiante es el JEFE que pregunta (guest)** + 1 el EMPLEADO. El jefe pregunta ("*Is there any milk today? Were there any cookies last week?*"); el empleado responde ("*Yes, there is some milk. No, there weren't any cookies — they were in the other store.*").

- El RESTO son OBSERVERS ACTIVOS: 2 errores (sobre todo *is/are there* o *was/were*), 1 acierto, 1 pregunta.

- TU eres COACH desde afuera: NUNCA juegas jefe ni empleado. Congelados 15+ seg → UN prompt y te retiras.

- Mínimos por ronda: 3 con *there is/are* (+ *some/any*) + 2 con *was/were* + 1 respuesta corta (Yes, there is / No, there weren't).

- Rotación cada 4-5 min. Debrief (5'): observers reportan (anónimo); corrección clave — "*There is cookies*" → "*There are some cookies,*" coro 2x.

• **MY WORLD — avance de proyecto hoy: pieza 18 "MY HOME AND MY LAST WEEK".** Cada estudiante dice al grupo: que hay en su casa ("*In my house there is a table and there are two windows.*") + donde estuvo la semana pasada ("*Last weekend I was at my family's house. My brother was with me.*"). Esa pieza es el audio de hoy.

BLOQUE 4 (30') — Cierre

• **Ticket de salida (5'):** cada estudiante escribe 3-5 frases: mínimo 2 con *there is/are* (+ *some/any*) + 2 con *was/were*. Se recogen TODOS.

ANEXO — M31 + M32 verbatim + Plan B (no leer en clase)

Module 31 — "Is There Any Bread? / The Existence of Things" (p.343-358). Objetivos: vocab del modulo; usar *there is / there are*; usar *some / any*. **Vocab (p.344):** salt · sugar · butter · a movie · a player · a cookie. **Guia 1 (p.345):** (1) el ingles diferencia "hay" entre singular/incontable (*there is*) y plural (*there are*); *some/any* igual que ya sabes — Afirmativo *there is a car / there is some salt / there are some cars* · Negativo *there isn't a car / there isn't any salt / there aren't any cars* · Interrogativo *is there a car? / is there any salt? / are there any cars?*; (2) respuesta corta *Yes, there is / No, there isn't* · *Yes, there are / No, there aren't*. **Ejemplos (p.346):** "Are there any cookies? — Yes, there are some cookies. / No, there aren't any cookies." · "Is there any salt? — Yes, there is some salt. / No, there isn't any salt." · "Are there any questions? — Yes, there are some questions."

Module 32 — "Diego Was Sick Yesterday / 'Be' in the Simple Past" (p.359-374). Objetivos: vocab del modulo; usar *be* afirmativo/negativo/interrogativo en pasado. **Vocab (p.360):** yesterday · last night · last week · last weekend · last month · last year · last class. **Guia 1 (p.361), reglas tal cual:**

1. El verbo *be* en pasado se trata como en presente, con esta conjugacion.
2. El ingles solo tiene UNA sola forma del pasado. No hay equivalente a "fue" / "era" / "estaba".
3. No hay version abreviada afirmativa, y una sola version negativa: *wasn't* ("wazunt") / *weren't* ("wurent").
4. Respuesta corta con *was / were / wasn't / weren't*, como normal.

Tabla: *I was (not) → I wasn't → Was I? · You/We/They were (not) → weren't → Were...? · He/She/It was (not) → wasn't → Was...?*

Ejemplos M32 (p.369): "Pepita is in the restaurant today. She was in the office yesterday." · "Was Pepita sick last month? — No, she wasn't." · "Were Pepita and Pepito in Rome last class? — No, they weren't."

Plan B:

- Si sale "*there is cookies*": regla — plural → *there are*; incontable/singular → *there is*; coro "*there are some cookies / there is some salt*" 2x.
- Si mezclan *was/were*: *I/he/she/it → was · you/we/they → were*; golpe en la mesa por cada persona; coro 2x.
- Si la simulacion no arranca: cadena de pie — tu nombras un producto y preguntas "*Is there any...?*"; el siguiente responde y pregunta a otro por otro producto o por "*Where were you yesterday?*".
- Si sobra tiempo: ronda "yesterday vs today" — un estudiante dice donde esta hoy y otro pregunta "*Where were you yesterday?*".

NOTA INTERNA:

- M31 + M32 van en PAR (ambos medio-densos: M31 existencia con *some/any* — extiende CI 13; M32 primer pasado del verbo *be* — extiende CI 15-16 al pasado). Cierran el ciclo de *be* (presente afirm./neg./interrog./corto → pasado).
- Continuidad/recuperacion: N-3 = CI 17 (respuesta corta + emociones), N-7 = CI 13 (*have* + *some/any*). Revision de tarea recoge las 8 frases de CI 19.
- Virtud: FORTALEZA v1, hoy dia 5 (CIERRE del bloque de virtud; CI 21 = PRUDENCIA v2, siguiente en la rotacion estandar). La Frase del Dia une *there are* (M31) + *was* (M32) con el coraje (*hard days / strong*).
- MY WORLD: piezas 1-18 completas tras hoy (pieza 18 = "My home and my last week"). Resta pieza 19 en CI 21; el proyecto completo se presenta en CI 22.
- **Frontera de salida:** CI 21 = M33 "What Are You Doing?" (p.375, presente continuo) + M34 "Usually, but not Today" (p.395, presente simple vs continuo) + M35 "Going to" and "Gonna" (p.403, otra forma de futuro) — ULTIMOS 3 modulos del libro; M35 CIERRA el nivel de contenido en CI 21.
- NO comunicar nada de evaluaciones. El Final (CI 22-23) lo aplica evaluador externo — NO generar guia ese dia.
